## SECTION 1. INTRODUCTION & INSTRUCTIONS

### SEC. 1.01 PURPOSE OF THE RFP

The Department of Environmental Conservation, Division of Water, is soliciting proposals to develop and administer educational materials and training(s) specifically tailored toward Alaska's small urban water and wastewater systems.

**Deadline for receipt of proposals:** No later than 1:00 p.m. prevailing Alaska Daylight Time (AKDT) on September 27, 2024, as indicated by email time stamp. Late proposals will not be considered.

**The length of the contract:** From the date of award, approximately the week of October 7, 2024, for eight (8) months until completion on June 30, 2025, with two (2) one-year renewal options to be executed at the State's discretion.

### SEC. 1.02 BUDGET

The Division of Water estimates a budget of between \$50,000.00 and \$60,000.00 for completion of this project. Proposals priced at more than \$60,000.00 will be considered non-responsive.

Payment for the contract is subject to funds already appropriated and identified.

### SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than 1:00 p.m. prevailing Alaska Daylight Time (AKDT) on September 27, 2024, as indicated by email time stamp. Late proposals will not be considered.

### SEC. 1.04 PRIOR EXPERIENCE

In order for offers to be considered responsive, offerors must meet these minimum prior experience requirements:

- **MINIMUM REQUIREMENT 1:** For the purposes of this RFP, the offeror shall have a minimum of three (3) years of experience developing training materials for use by the Public Water System or wastewater utility and administrative staff in an area similar to Alaska. The offeror shall provide two (2) examples of their experience developing training materials.
- **MINIMUM REQUIREMENT 2:** For the purposes of this RFP, the offeror shall have a minimum of five (5) years of experience training Public Water System or wastewater utility and administrative staff with a minimum of ten (10) participants and with a minimum of eight (8) hours of training per session, including expertise in incorporating hands-on workshops into traditional classroom instruction. The offeror shall provide two (2) examples of their experience training wastewater utility and administrative staff.

An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.

## SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of the offeror's proposals upon which an award could not be made.

## SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

## SEC. 1.07 RETURN INSTRUCTIONS

Do not hand deliver or use U.S. mail or any delivery service to return your technical and cost proposals.

Oral proposals or faxed proposals are not acceptable. Please send proposal package(s) via email. The technical proposal and cost proposal must be saved as separate PDF documents and emailed to **DECDA\$PROCUREMENT@ALASKA.GOV** as separate, clearly labeled attachments, such as “Vendor A – Technical Proposal.pdf” and “Vendor A – Cost Proposal.pdf.” The email must contain the RFP number in the subject line.

The maximum size of a single email, including all text and attachments, the state can receive is 20 megabytes. If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes, and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror’s responsibility to contact the issuing agency via email at **DECDA\$PROCUREMENT@ALASKA.GOV** to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

### **SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY**

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten (10) days prior to the deadline for receipt of proposals.

### **SEC. 1.09 AMENDMENTS TO PROPOSALS**

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the state's request in accordance with 2 AAC 12.290.

### **SEC. 1.10 AMENDMENTS TO THE RFP**

If an amendment is issued before the deadline for receipt of proposals, the amendment will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the amendment will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the OPN.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time will be established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

### **SEC. 1.11 RFP SCHEDULE**

The RFP schedule set out herein represents the state’s best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of proposals, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Daylight Time (AKDT).

The state will not be responsible for any work done by the contractor, even work done in good faith if it occurs prior to the contract start date set by the state.

### **SEC. 1.13 NEWS RELEASES**

News releases related to this RFP will not be made without prior approval of the project director.

## **SECTION 2. BACKGROUND INFORMATION**

### **SEC. 2.01 BACKGROUND INFORMATION**

The Capacity Development Program’s mission is to support, promote, and improve the sustainability of Alaska’s Public Drinking Water and Wastewater Systems. This is achieved by strengthening these systems’ technical, managerial, and financial capabilities to consistently provide safe drinking water and proper sanitation.

Public water system operators and administrators of small urban systems managed by homeowners’ associations, trailer parks, and other small entities face unique challenges in receiving technical, managerial, and financial training. Large portions of training(s) offered often do not apply to these systems, and availability for courses is extremely limited for this classification of operators and administrators because of their small size. Offering specifically tailored training to these utilities will directly increase their ability to safely and effectively operate their water systems in compliance with the Safe Drinking Water Act.

## SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

### SEC. 3.01 SCOPE OF WORK

The selected contractor shall provide three (3) training classes for Public Water System staff and administration covering the following topics, specifically tailored to small urban water systems in Alaska.

1. What is a Water System?
  - a. The course is intended to build a foundation of knowledge of a public water system's basic technical, managerial, and financial operations. Sections will cover the basics of pertinent state and federal drinking water regulations, certification requirements, consumer confidence reports, monthly operating requirements, monitoring summaries, treatment, sampling, and the potential widespread impacts of mismanaging a Public Water System.
2. Financials for Small Systems
  - a. The course is intended to teach the skills and knowledge necessary for the proper financial management of a small water utility in urban Alaska. Topics include budget development and tracking, rate setting, and collection strategies. A rate-setting exercise should be incorporated into this course.
3. Asset Management for Small Systems
  - a. The course is intended to cover the tactics and resources available to effectively manage water and wastewater infrastructure, minimize ownership and operating costs, and increase the system's efficiency. It will include real-world applications and suggestions that apply to most small urban utilities.

Each course shall include a planned instructional curriculum, slideshows, and classroom materials that attendees can keep for future reference. Hands-on training exercises should be incorporated wherever possible. Each course should account for five (5) to six (6) hours of instruction.

The contractor shall be responsible for scheduling course offerings, advertising, recruiting attendees for the training from small urban Alaskan water systems, and furnishing a student roster to the Capacity Development Program for final approval. Each class will have a minimum of ten (10) and a maximum of fifteen (15) attendees. The contractor shall be responsible for all logistics involved with course offerings, including classroom reservations, preparation, instruction, and assuring all students have access to any necessary technology.

In addition to the scheduled offerings of these courses, the Division of Water will own all course materials for further distribution and future presentations.

Courses will be held in Anchorage and/or Juneau, depending on where the majority of attendees will be attending. Up to four (4) class, but no less than two (2) offerings shall be held over the course

of the first year of this contract. The contractor shall be responsible for instructor travel to the training location. Student travel will be the individual’s responsibility.

### **SEC. 3.02 CONTRACT TERM & WORK SCHEDULE**

The length of the contract will be from the date of award, approximately the week of October 7, 2024, for eight (8) months until completion on June 30, 2025, with two (2) one-year renewal options to be executed at the State’s discretion.

Unless otherwise provided in this RFP, the State and the successful offeror/contractor agree that

1. any extension of the contract, excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect; and
2. the procurement officer will provide notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

### **SEC. 3.03 DELIVERABLES**

The contractor will be required to provide the following deliverables:

- a. Develop and provide all materials for courses outlined in **SEC. 3.01 SCOPE OF WORK**;
- b. Provide a course roster of ten (10) to fifteen (15) attendees for each course offering compiled through advertisement and outreach to small urban Public Water Systems in Alaska; and
- c. Provide in-person instruction of developed courses at up to four (4) course offerings during the term of the contract, located either in Anchorage or Juneau, depending on the location of the majority of attendees.

### **SEC. 3.04 CONTRACT TYPE**

The contract resulting from this solicitation will be a Cost-Plus-Fixed-Fee (CPFF) contract.

### **SEC. 3.05 PROPOSED PAYMENT PROCEDURES**

The state will make payments based on a negotiated payment schedule. Each billing must consist of an invoice and progress report. No payment will be made until the progress report, and the invoice has been approved by the project director.

### **SEC. 3.06 PROMPT PAYMENT FOR STATE PURCHASES**

The state is eligible to receive a 5% discount for all invoices paid within 15 business days from the date of receipt of the commodities or services and/or a correct invoice, whichever is later. The discount shall be taken on the full invoice amount. The state shall consider payment being made as either the date a printed warrant is issued or the date an electronic funds transfer (EFT) is initiated.

### **SEC. 3.07 CONTRACT PAYMENT**

No payment will be made until the contract is approved by the Commissioner of the Department of Environmental Conservation or the Commissioner's designee. Under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Any single contract payment of \$1,000,000 or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

### **SEC. 3.08 LOCATION OF WORK**

The location(s) where the work is to be performed, completed, and managed is at the contractor's primary place of business.

The state will not provide workspace for the contractor. The contractor must provide its own workspace.

Travel to other locations outside of Anchorage and/or Juneau will not be required.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the procurement officer in writing to request a waiver at least ten (10) days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the proposal as non-responsive or cancel the contract.

### **SEC. 3.09 SUBCONTRACTORS**

This section is not applicable because subcontractors will not be allowed.

### **SEC. 3.10 JOINT VENTURES**

This section is not applicable because joint ventures will not be allowed.

### **SEC. 3.11 RIGHT TO INSPECT PLACE OF BUSINESS**

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

### **SEC. 3.12 F.O.B. POINT**

All goods purchased through this contract will be F.O.B. final destination. Unless specifically stated otherwise, all prices offered must include the delivery costs to any location within the State of Alaska.

### **SEC. 3.13 CONTRACT PERSONNEL**

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director and the procurement officer. Changes that are not approved by the state may be grounds for the state to terminate the contract.

### **SEC. 3.14 INSPECTION & MODIFICATION – REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES**

The contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the project director. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The project director or procurement officer may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

### **SEC. 3.15 CONTRACT CHANGES – UNANTICIPATED AMENDMENTS**

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor with a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required state approvals necessary for the amendment and issued a written contract amendment approved by the Commissioner of the Department of Environmental Conservation or the Commissioner's designee.

### **SEC. 3.16 NONDISCLOSURE & CONFIDENTIALITY**

The contractor agrees that all confidential information shall be used only for the purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow the dissemination of confidential information except as provided in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to, and/or use by third parties of confidential information. “Reasonable care” means compliance by the contractor with all applicable federal and state laws, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to, or use of confidential information.

Confidential information, as used herein, means any data, files, software, information, or materials (whether prepared by the state or its agents or advisors) in oral, electronic, tangible, or intangible form and however stored, compiled, or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the state to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to, technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc.).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the state with written notice of the requested disclosure ( to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor’s receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information is previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to a subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

### SEC. 3.17 INDEMNIFICATION

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of or liability for error, omission, or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. “Contractor” and “contracting agency,” as used within this and the following article, include the employees, agents, and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor’s work.

### SEC. 3.18 INSURANCE REQUIREMENTS

Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

- **Workers' Compensation Insurance:** The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045 and, where applicable, any other statutory obligations, including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.
- **Commercial General Liability Insurance:** covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.
- **Commercial Automobile Liability Insurance:** covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.

### **SEC. 3.19 TERMINATION FOR DEFAULT**

- a. If the Project Director or Procurement Officer determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the state may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all the remaining work.
- b. The Procurement Officer may also, by written notice, terminate this contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

This clause does not restrict the state's termination rights under the contract provisions of Appendix A, attached in **SECTION 7. ATTACHMENTS**.

## SECTION 4. PROPOSAL FORMAT & CONTENT

### SEC. 4.01 RFP SUBMITTAL FORMS

This RFP contains Submittal Forms, which the offeror must complete and submit as part of their proposal. Offerors must provide Submittal Forms B, C, D, and E on their own documents, in .pdf format, with company letterhead.

Unless otherwise specified in this RFP, the Submittal Forms shall be the offeror’s entire proposal. Do not include any marketing information in the proposal. The offeror shall not disclose their costs in Submittal Forms A, B, C, D, or E. Submission forms shall not exceed the page limit.

Any proposal that does not follow these requirements may be deemed non-responsive.

### SEC. 4.02 SPECIAL FORMATTING REQUIREMENTS

The offeror must ensure their proposal meets all special formatting requirements in this section.

**Documents and Text:** All attachment documents must be written in English, single-sided, and single-spaced with a minimum font size of ten (10). Pictures or graphics may be used if the offeror feels they are necessary to communicate their information; however, be aware of the page limits below.

**Page Limits:** Some Submittal Forms listed below have maximum page limit requirements. Offerors may present Submittal Forms B, C, D, and E on their own documents, in PDF format, with a company letterhead. Offerors must not exceed the maximum page limits. Note that the page limit applies to the front side of a page only (for example, ‘1 Page’ implies that the offeror can only provide a response on one side of a piece of paper). Any pages exceeding the maximum page limit will be discarded and will not be included in the evaluations. For example, if the maximum page limit is three (3) pages, but the Offeror submits five (5) pages for that submittal form, only pages one (1) through three (3) will be evaluated. The Procurement Officer would discard pages four (4) and five (5) before sending them to the proposal evaluation committee for evaluation. Resumes will not be included in the page count under Experience and Qualifications.

The costs identified in the cost proposal are the total costs to be paid by the state. No additional charges shall be allowed.

## SECTION 5. EVALUATION CRITERIA & CONTRACTOR SELECTION

### SEC. 5.01 SUMMARY OF THE EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

1. Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
2. A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate the Technical portion of all responsive proposals.
3. The Submittal Forms from each responsive proposal will be sent to the PEC. No cost information will be shared or provided to the PEC.
4. The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
5. After independent scoring, the PEC will have a meeting chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
6. The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
7. The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points, along with factoring in any Alaska preferences.
8. The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
9. The state will then conduct any necessary negotiations with the highest-scoring offeror and award a contract if the negotiations are successful.

### SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to the state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

Overall Criteria	Weight
Responsiveness	Pass/Fail

Qualifications Criteria		Weight
Experience and Qualifications	(Submittal Form B)	125
Understanding of the Project	(Submittal Form C)	125
Methodology Used for the Project	(Submittal Form D)	125
Management Plan for the Project	(Submittal Form E)	125
	Total	500

Cost Criteria		Weight
Cost Proposal	(Submittal Form F)	400
	Total	400

Preference Criteria		Weight
Alaska Offeror Preference (if applicable)		100
	Total	1000

**TOTAL EVALUATION POINTS AVAILABLE: 1000****SEC. 5.03 SCORING METHOD & CALCULATION**

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria set out in Sections 5.04 through 5.07 and assign a single score of one (1) through ten (10), with ten (10) representing the highest score and 1 representing the lowest score. Using only whole numbers, PEC members should start with a score of five (5) on each section. The score may either increase or decrease depending on the offeror's response to each question for that section. For example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror's response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

After the PEC has scored, the scores for each section will be totaled, and the following formula will be used to calculate the total amount of points awarded for each section:

$$\frac{\text{Offeror Total Score}}{\text{Highest Total Score Possible}} \times \text{Max Points} = \text{Points Awarded}$$

Example (RFP may have multiple sections, Max Points for one Section = 1000):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	750
Offeror 2	5	5	5	5	20	500
Offeror 3	10	10	10	10	40	1000

Offeror 1 was awarded 75 points:

$$\frac{\text{Offeror Total Score (30)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (1000)} = \text{Points Awarded (750)}$$

Offeror 2 was awarded 50 points:

$$\frac{\text{Offeror Total Score (20)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (1000)} = \text{Points Awarded (500)}$$

Offeror 3 was awarded 100 points:

$$\text{Offeror Total Score (40)}$$

\_\_\_\_\_ x Max Points (1000) = Points Awarded (1000)  
Highest Total Score Possible (40)

#### **SEC. 5.04 EXPERIENCE & QUALIFICATIONS**

This portion of the offeror's proposal will be evaluated against the following questions:

*1. Questions regarding the personnel:*

- a. Do the individuals assigned to the project have experience on similar projects?
- b. Are resumes complete, and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
- c. How extensive is the applicable education and experience of the personnel designated to work on the project?

*2. Questions regarding the firm:*

- a. How well has the firm demonstrated experience in completing similar projects on time and within budget?
- b. How successful is the general history of the firm regarding timely and successful completion of projects?

#### **SEC. 5.05 UNDERSTANDING OF THE PROJECT**

This portion of the offeror's proposal will be evaluated against the following questions:

1. How well has the offeror demonstrated a thorough understanding of the purpose and scope of the project?
2. How well has the offeror identified pertinent issues and potential problems related to the project?
3. To what degree has the offeror demonstrated an understanding of the deliverables the state expects it to provide?
4. Has the offeror demonstrated an understanding of the state's time schedule and can meet it?

#### **SEC. 5.06 METHODOLOGY USED FOR THE PROJECT**

This portion of the offeror's proposal will be evaluated against the following questions:

1. How comprehensive is the methodology, and does it depict a logical approach to fulfilling the requirements of the RFP?
2. How well does the methodology match and achieve the objectives set out in the RFP?
3. Does the methodology interface with the time schedule in the RFP?

#### **SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT**

This portion of the offeror's proposal will be evaluated against the following questions:

1. How well does the management plan support all of the project requirements and logically lead to the deliverables required in the RFP?
2. How well is accountability completely and clearly defined?
3. Is the organization of the project team clear?
4. How well does the management plan illustrate the lines of authority and communication?
5. To what extent does the offeror already have the hardware, software, equipment, and licenses necessary to perform the contract?
6. Does it appear that the offeror can meet the schedule set out in the RFP?
7. Has the offeror gone beyond the minimum tasks necessary to meet the objectives of the RFP?
8. To what degree is the proposal practical and feasible?
9. To what extent has the offeror identified potential problems?

### **SEC. 5.08 CONTRACT COST (COST PROPOSAL)**

A minimum of 40% of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

*$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$*

**Example (Max Points for Contract Cost = 400):**

#### Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

#### Step 2

In this example, the RFP allotted 40% of the available 1000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is that the lowest cost proposal, in this case, \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374 points.

*$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.2$*

Offeror #3 receives 336.8 points.

$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$

## SEC. 5.09 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

### Example:

#### Step 1

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

#### Step 2

Determine which offerors qualify as Alaska bidders and, thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

#### Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points	
Offeror #2	840 points	(740 points + 100 points)
Offeror #3	900 points	(800 points + 100 points)

Offeror #3 is the highest-scoring offeror and would receive the award, provided their proposal is responsive and responsible.

## **SECTION 6. GENERAL PROCESS & LEGAL INFORMATION**

### **SEC. 6.01 INFORMAL DEBRIEFING**

When the contract is completed, an informal debriefing may be performed at the discretion of the project director or procurement officer. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

### **SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES**

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by the Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by the Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by the Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by the Alaska Department of Revenue.

Prior to the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by the Alaska Statute.

### **SEC. 6.03 SITE INSPECTION**

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to

provide the state reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state’s expense will make site inspections.

#### **SEC. 6.04 CLARIFICATION OF OFFERS**

In order to determine if a proposal is reasonably susceptible to award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

#### **SEC. 6.05 DISCUSSIONS WITH OFFERORS**

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure a full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after the initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror’s immediate previous proposal is considered the offeror’s best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

#### **SEC. 6.06 EVALUATION OF PROPOSALS**

The procurement officer or an evaluation committee made up of at least three state employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in **SECTION 5. EVALUATION CRITERIA & CONTRACTOR SELECTION**.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time will be established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

#### **SEC. 6.07 CONTRACT NEGOTIATION**

After the final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items that would not affect the ranking of proposals. If the highest-ranked offeror

fails to provide necessary information for negotiations promptly or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. Contract negotiations may be held via teleconference using Microsoft Teams if contract negotiations are commenced.

### **SEC. 6.08 FAILURE TO NEGOTIATE**

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest-ranked offeror.

### **SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION**

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submit proposals. The notice will list the names of all offerors and identify the offeror selected for the award.

### **SEC. 6.10 PROTEST**

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;

- a detailed statement of the legal and factual grounds of the protest, including copies of relevant documents; and
- the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax, or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8, "Legal and Contractual Remedies."

## **SEC. 6.11 APPLICATION OF PREFERENCES**

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply, and provide examples of how to calculate the preferences are available at the following website: [Application of Preferences](#).

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050

- Alaska Military Skills Program Preference – AS 36.30.321(l)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business's or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the state to disallow the preference.**

## **SEC. 6.12 ALASKA BIDDER PREFERENCE**

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

1. holds a current Alaska business license prior to the deadline for receipt of proposals;
2. submits a proposal for goods or services under the name appearing on the offeror's current Alaska business license;

5. if a joint venture is composed entirely of ventures that qualify under (1)-(4) of this subsection.

### **ALASKA BIDDER PREFERENCE CERTIFICATION FORM**

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

### **SEC. 6.13 ALASKA VETERAN PREFERENCE**

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

- a. sole proprietorship owned by an Alaska veteran;
- b. partnership under AS 32.06 or AS 32.11 if a majority of the partners are Alaska veterans;
- c. limited liability company organized under AS 10.50 if a majority of the members are Alaska veterans; or
- d. corporation that is wholly owned by individuals, and a majority of the individuals are Alaska veterans.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided or for supplies; the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

### **ALASKA VETERAN PREFERENCE CERTIFICATION**

In order to receive the Alaska Veteran Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

### **SEC. 6.14 ALASKA MILITARY SKILLS PROGRAM PREFERENCE**

An Alaska Military Skills Program Preference of 2%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and:

- a. Employs at least one person who is currently enrolled in, or within the previous two years graduated from, a United States Department of Defense SkillBridge or United States Army career skills program for service members or spouses of service members that offers civilian work experience through specific industry training, pre-apprenticeships, registered apprenticeships, or internships during the last 180 days before a service member separates or retires from the service; or
- b. has an active partnership with an entity that employs an apprentice through a program described above.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided or for supplies; the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

### **ALASKA MILITARY SKILLS PROGRAM PREFERENCE CERTIFICATION**

In order to receive the Alaska Military Skills Program Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

### **SEC. 6.15 STANDARD CONTRACT PROVISIONS**

The contractor will be required to sign the state's Standard Agreement Form for Professional Services Contracts (form SAF.DOC/Appendix A). This form is attached with the RFP for your review. The contractor must comply with the contract provisions set out in this attachment. No alteration of these provisions will be permitted without prior written approval from the Department of Law, and the state reserves the right to reject a proposal that is non-compliant or takes exception with the contract terms and conditions stated in the Agreement. Any requests to change language in this document (adjust, modify, add, delete, etc.) must be set out in the offeror's proposal in a separate document. Please include the following information with any change that you are proposing:

1. Identify the provision that the offeror takes exception with.
2. Identify why the provision is unjust, unreasonable, etc.
3. Identify exactly what suggested changes should be made.

### **SEC. 6.16 QUALIFIED OFFERORS**

Per 2 AAC 12.875, unless provided for otherwise in the RFP, to qualify as an offeror for an award of a contract issued under AS 36.30, the offeror must:

1. Add value to the contract by actually performing, controlling, managing, or supervising the services to be provided; or
2. Be in the business of selling and have actually sold on a regular basis the supplies that are the subject of the RFP.

If the offeror leases services or supplies or acts as a broker or agency in providing the services or supplies in order to meet these requirements, the procurement officer may not accept the offeror as a qualified offeror under AS 36.30.

## **SEC. 6.17 PROPOSAL AS PART OF THE CONTRACT**

Part of or all of this RFP and the successful proposal may be incorporated into the contract.

## **SEC. 6.18 ADDITIONAL TERMS & CONDITIONS**

The state reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the evaluation of proposals.

## **SEC. 6.19 HUMAN TRAFFICKING**

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State’s Trafficking in Persons Report.

The most recent United States Department of State’s Trafficking in Persons Report can be found at the following website: <https://www.state.gov/trafficking-in-persons-report/>

Failure to comply with this requirement will cause the state to reject the proposal as non-responsive or cancel the contract.

## **SEC. 6.20 RIGHT OF REJECTION**

Offerors must comply with all of the terms of the RFP, the State Procurement Code (AS 36.30), and all applicable local, state, and federal laws, codes, and regulations. The procurement officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the state. If an offeror does so, the procurement officer may determine the proposal to be a non-responsive counteroffer and the proposal may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the RFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision;

may be waived by the procurement officer.

The State reserves the right to refrain from making an award if it determines that it is not in the best interest of the State.

**A proposal from a debarred or suspended offeror shall be rejected.**

## **SEC. 6.21 STATE NOT RESPONSIBLE FOR PREPARATION COSTS**

The state will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

## **SEC. 6.22 DISCLOSURE OF PROPOSAL CONTENTS**

All proposals and other material submitted become the property of the State of Alaska and may be returned only at the state's option. AS 40.25.110 requires public records to be open to reasonable inspection. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, proposals will become public information.

The Office of Procurement and Property Management (OPPM), or their designee recognizes that some information an offeror submits might be confidential under the United States or the State of Alaska Constitution, a federal statute or regulation, or a State of Alaska statute, i.e., might be confidential business information (CBI). See, e.g., article 1, section 1 of the Alaska Constitution; AS 45.50.910 – 45.50.945 (the Alaska Uniform Trade Secrets Act); *DNR v. Arctic Slope Regional Corp.*, 834 P.2d 134, 137-39 (Alaska 1991). For OPPM or their designee to treat information an offeror submits with its proposal as CBI, the offeror must do the following when submitting their proposal: (1) mark the specific information it asserts is CBI; and (2) for each discrete set of such information, identify, in writing, each authority the offeror asserts make the information CBI. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

After the award of the contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and
