## SECTION 1. INTRODUCTION & INSTRUCTIONS

### SEC. 1.01 PURPOSE OF THE RFP

The Department of Natural Resources, Division of Agriculture, is soliciting proposals for a qualified vendor to design, build, and ship to Palmer, Alaska, assemble/install on site and provide technical training of a new modernized seed cleaning line for native grass and small grain production. A more detailed description including scope of work is to be provided in Section 3.

### SEC. 1.02 BUDGET

The Department of Natural Resources, Division of Agriculture, estimates a budget of **\$1,900,000.00** dollars for the completion of this project. Proposals priced at more than **\$1,900,000.00** will be considered non-responsive.

Payment for the contract is subject to funds already appropriated and identified.

### SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than **2:00 PM** Alaska Time on **October 25, 2024**, as indicated by postmark or email timestamp and late proposals will not be considered.

### SEC. 1.04 PRIOR EXPERIENCE

In order for offers to be considered responsive, the Offeror's seed cleaning line must meet these minimum requirements:

- Debearder Machine,
- Vibratory Scalper,
- Air Screen Cleaner,
- Disc Cleaner,
- Indent length grader,
- Gravity Table,
- Sack off weigh scale,
- Whole air filtration system,
- All necessary conveyance,
  - Unloading Hopper                      Fabricated Mezzanine/Stairs/Platforms
  - Vibratory Conveyor                      Surge Hoppers and Bins
- Bucket Elevators                      or                      Screw Conveyors (based on offeror's design).

Offerors must detail in their proposal how they meet the minimum prior experience requirements above. Offerors that fail to identify in their proposals how they meet the prior experience requirements will be deemed non-responsive.

### **SEC. 1.05 REQUIRED REVIEW**

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the Procurement Officer at least 10 days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

### **SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS**

All questions must be in writing and directed to the Procurement Officer. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written addendum to the RFP. The Procurement Officer will make that decision.

Deadline to receive questions is **October 09, 2024, by 2:00 PM** Alaska Time.

PROCUREMENT OFFICER: [SHAWN M. OLSEN](#); PHONE 1 (907) 269-8687; TDD 711 (Alaska Relay); EMAIL: [shawn.olsen@alaska.gov](mailto:shawn.olsen@alaska.gov).

### **SEC. 1.07 RETURN INSTRUCTIONS**

If submitting a proposal via email, the technical proposal and cost proposal must be saved as separate PDF documents and emailed to [shawn.olsen@alaska.gov](mailto:shawn.olsen@alaska.gov) as separate, clearly labeled attachments, such as "Vendor A – Technical Proposal.pdf" and "Vendor A – Cost Proposal.pdf" (Vendor A is the name of the offeror). The email must contain the RFP number in the subject line.

The **maximum** size of a single email (including all text and attachments) that can be received by the State is **20mb (megabytes)**. If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the State recommends sending it ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

If submitting proposals using U.S. mail, or delivery service, offerors must submit one hard copy of their proposal, in writing, to the procurement officer in a sealed package. The cost proposal included in the package must be sealed separately from the rest of the proposal and must be clearly identified. The sealed proposal package(s) must be addressed as follows:

Department of Natural Resources  
Support Services Division

Request for Proposal (RFP) Number: 2025-1000-0033  
RFP Title: Plant Material Center Seed Cleaning Line Renovation

It is the offeror's responsibility to contact the issuing agency at **1 (907) 269-8687** to confirm that the proposal has been received. The State is not responsible for unreadable, corrupt, or missing attachments.

#### **SEC. 1.08 ENROLLMENT IN IRIS**

Offerors will be required to be enrolled in the State of Alaska's Integrated Resource Information System (IRIS) database prior to the award of a contract resulting from this RFP. Enrollment can be done online at the following link: <https://iris-vss.alaska.gov>. Offerors who are not enrolled prior to the award of a contract will be notified by DNR Procurement. Failure of an offeror to enroll in the IRIS database will delay award of the contract and may delay issuance of contract work.

#### **SEC. 1.09 ASSISTANCE TO OFFERORS WITH A DISABILITY**

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the Procurement Officer no later than 10 days prior to the deadline for receipt of proposals.

#### **SEC. 1.10 AMENDMENTS TO PROPOSALS**

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the State's request in accordance with 2 AAC 12.290.

#### **SEC. 1.11 ADDENDUMS TO THE RFP**

If an addendum is issued before the deadline for receipt of proposals, the addendum will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the addendum will be provided to all who were notified of the RFP and to those who have registered with the Procurement Officer after receiving the RFP from the OPN.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an addendum will be issued. The addendum will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

## SECTION 2. BACKGROUND INFORMATION

### SEC. 2.01 BACKGROUND INFORMATION

The Northern Latitude Alaska Plant Materials Center (AKPMC) is requesting new seed cleaning equipment to increase cleaning efficiency and capacity. The AKPMC is the seed certifying agency for Alaska's grass and grain seed growers. Currently, the AKPMC has reached its maximum capacity when cleaning native grass seed and small grains. A new cleaning line that can handle higher capacity and increase cleaning efficiency is essential to the future of Alaska's agriculture. Currently, the seed cleaning equipment at the AKPMC is very dated and has limited cleaning capacity. We would like the new seed cleaning line to double or triple our current output. We believe the new technologies available to the seed cleaning industry should make this goal very attainable. Increasing cleaning efficiency and capacity will allow for more statewide seed production and thus growing more farms. The AKPMC cleans roughly a dozen native grass seed varieties. It is the goal of the AKPMC to not only increase more farms but promote the growth of more native grass seed varieties as well. The new seed cleaning line should have the capability to clean large quantities of over 17 native grass seed varieties and 20 varieties of small grains. As the seed certifying agency of Alaska, we are excited for the opportunity to provide modernized technology and service to Alaska's farmers, as well as a higher quality end product.

The State is not responsible for identifying conflicting warranty conditions before issuing a contract award. After award of the contract:

1. if a conflict arises between the supplemental warranty and the warranty in this RFP, the warranty in the RFP will prevail; and
2. if the State's rights are diminished as a result of application of the supplemental warranty, the supplemental warranty will be considered null and void and the RFP warranty will prevail.

### **SEC. 3.12 WORKMANSHIP AND MATERIALS**

All work must be performed in a thorough and workmanlike manner and in accordance with current industry practices. The Contractor will be held responsible for the quality of the service, maintenance and inspections. The State will make payments based on a negotiated payment schedule. Each billing must consist of an invoice and progress report. No payment will be made until the progress report, and the invoice has been approved by the Project Manager.

**SEC. 3.17 PROMPT PAYMENT FOR STATE PURCHASES**

Not applicable for this RFP.

**SEC. 3.18 CONTRACT PAYMENT**

No payment will be made until the contract is approved by the Commissioner of the Department of Natural Resources or the Commissioner's designee. Under no conditions will the State be liable for the payment of any interest charges associated with the cost of the contract. The State is not responsible for and will not pay federal, state, or local taxes. All costs associated with the contract must be stated in U.S. currency.

Payment for agreements under \$500,000.00 for the undisputed purchase of goods or services provided to a State agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

**SEC. 3.19 CONTRACT PRICE ADJUSTMENTS**

Not applicable for this RFP.

**SEC. 3.20 LOCATION OF WORK**

The location(s) the work is to be performed, completed, and managed will be at the Northern Latitude Plant Material Center located at **5310 S Bodenburg Spur, Palmer Alaska 99645**.

By signature on their proposal, the offeror certifies that all services provided under this contract by the Contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the Procurement Officer in writing to request a waiver at least 10 days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the State to reject the proposal as non-responsive or cancel the contract.

**SEC. 3.21 THIRD-PARTY SERVICE PROVIDERS**

Not applicable for this RFP.

**SEC. 3.22 SUBCONTRACTORS**

Subcontractors may be used to perform work under this contract. If an Offeror intends to use subcontractors, the Offeror must identify in the proposal the names of the subcontractors and the portions of the work the subcontractors will perform.

Subcontractor experience **SHALL** be considered in determining whether the Offeror meets the requirements set forth in SEC. 1.04 Minimum Requirements.

If a proposal with subcontractors is selected, the Offeror must provide the following information concerning each prospective subcontractor within five working days from the date of the State's request:

- complete name of the subcontractor;
- complete address of the subcontractor;
- type of work the subcontractor will be performing;
- percentage of work the subcontractor will be providing;

- evidence that the subcontractor holds a valid Alaska business license;

If a subcontractor on the list did not have a valid Alaska business license at the close of the RFP, the Offeror may not use the subcontractor in the performance of the contract and shall replace the subcontractor with a subcontractor who had a valid Alaska business license at the close of the RFP.

- a written statement, signed by each proposed subcontractor, that clearly verifies that the subcontractor is committed to rendering the services required by the contract.

An Offeror's failure to provide this information, within the time set, may cause the State to consider their proposal non-responsive and reject it. The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the Project Manager.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

### **SEC. 3.23 JOINT VENTURES**

Joint ventures will not be allowed.

### **SEC. 3.24 RIGHT TO INSPECT PLACE OF BUSINESS**

At reasonable times, the State may inspect those areas of the Contractor's place of business that are related to the performance of a contract. If the State makes such an inspection, the Contractor must provide reasonable assistance.

### **SEC. 3.25 F.O.B. POINT**

All goods purchased through this contract will be F.O.B. final destination. Unless specifically stated otherwise, all prices offered must include the delivery costs to any location within the State of Alaska.

### **SEC. 3.26 CONTRACT PERSONNEL**

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the Project Manager or Procurement Officer. Changes that are not approved by the State may be grounds for the State to terminate the contract.

### **SEC. 3.27 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES**

The Contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the Project Manager. The Project Manager or Procurement Officer may instruct the Contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The Contractor will not unreasonably withhold such changes.

The substantial failure of the Contractor to perform the contract may cause the State to terminate the contract. In this event, the State may require the Contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

### **SEC. 3.28 LIQUIDATED DAMAGES**

Not applicable for this RFP.

### **SEC. 3.29 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS**

During the course of this contract, the Contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the Project Manager will provide the Contractor a written description of the additional work and request the Contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The Contractor will not commence additional work until the Procurement Officer has secured any required State approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Natural Resources or the Commissioner's designee.

### **SEC. 3.30 NONDISCLOSURE AND CONFIDENTIALITY**

The Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. ### **SEC. 3.31 INDEMNIFICATION**

The Contractor shall indemnify, hold harmless, and defend the Contracting Agency from and against any claim of, or liability for error, omission, or negligent act of the Contractor under this agreement. The Contractor shall not be required to indemnify the Contracting Agency for a claim of, or liability for, the independent negligence of the Contracting Agency. "Contractor" and "Contracting Agency," as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Contracting Agency's selection, administration, monitoring, or controlling of the Contractor and in approving or accepting the Contractor's work.

### **SEC. 3.32 INSURANCE REQUIREMENTS**

Without limiting Contractor's indemnification, it is agreed that Contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the Contractor's policy contains higher limits, the State shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the Procurement Officer prior to beginning work and must provide a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the Contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

**Workers' Compensation Insurance:** The Contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. **The policy must waive subrogation against the State.**

- b. The Procurement Officer may also, by written notice, terminate this contract under Administrative Order 352 if the Contractor supports or participates in a boycott of the State of Israel.

This clause does not restrict the State's termination rights under the contract provisions of Appendix A, attached in SECTION 7. ATTACHMENTS.

Proposals must be signed by a company officer empowered to bind the company. An offeror's failure to include these items in the proposals may cause the proposal to be determined to be non-responsive and the proposal may be rejected.

The State discourages overly lengthy and costly proposals, however, in order for the State to evaluate proposals fairly and completely, offerors must follow the format set out in this RFP and provide all information requested.

### **SEC. 4.02 PROPOSAL CONTENTS**

If any offeror fails to comply with [A] through [G] of this paragraph, the State reserves the right to disregard the proposal, terminate the contract, or consider the Contractor in default.

**(c) VENDOR TAX ID**

A valid Vendor Tax ID must be submitted to the issuing office with the proposal or within five days of the State's request.

**(d) CONFLICT OF INTEREST**

Each proposal shall include a statement indicating whether or not the firm or any individuals working on the contract has a possible conflict of interest (e.g., currently employed by the State of Alaska or formerly employed by the State of Alaska within the past two years) and, if so, the nature of that conflict. The Procurement Officer reserves the right to **consider a proposal non-responsive and reject it** or cancel the award if any interest disclosed from any source could either give the appearance of a conflict or cause speculation as to the objectivity of the contract to be performed by the offeror.

**(e) FEDERAL REQUIREMENTS**

The offeror must identify all known federal requirements that apply to the proposal, the evaluation, or the contract.

**SEC. 4.03 EXPERIENCE AND QUALIFICATIONS**

Proposed costs must all direct and indirect costs associated with the performance of the contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit. The costs identified on the cost proposal are the total amount of costs to be paid by the State. No additional charges shall be allowed.

**SEC. 4.08 BID BOND – PERFORMANCE BOND – SURETY DEPOSIT**

Not applicable for this RFP.

**SEC. 4.09 EVALUATION CRITERIA**

All proposals will be reviewed to determine if they are responsive. Proposals determined to be responsive will be evaluated using the criterion that is set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION.**

## **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**

THE TOTAL NUMBER OF POINTS USED TO SCORE THIS PROPOSAL IS 100

### **SEC. 5.01 SUMMARY OF EVALUATION PROCESS**

The State will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A Proposal Evaluation Committee (PEC), made up of at least three State employees or public officials, will evaluate the Technical portion of all responsive proposals.
- 3) Each responsive Technical Proposal will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the proposals based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the Procurement Officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The PEC will submit their final individual scores to the Procurement Officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The Procurement Officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The Procurement Officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The State will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

### **SEC. 5.02 EVALUATION CRITERIA**

Proposals will be evaluated based on their overall value to State, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

**SEC. 5.03 SCORING METHOD AND CALCULATION**

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria and percentage values set out in Section 5. Each percentage value will equal one point, with the total maximum points awarded, per PEC member, for all evaluation sections not to exceed 100 points. Using only whole numbers, PEC members will start with a median score for each evaluation section. The score may either increase or decrease depending on the offeror's response to each question for that section. As an example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror's response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

**SEC. 5.04 EXPERIENCE AND QUALIFICATIONS (20%)**

Proposals will be evaluated against the questions set out below:

**1) Questions regarding the personnel:**

- a) Do the individuals assigned to the project have experience on similar projects?
- b) Are resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?

**2) Questions regarding the Offeror and subcontractor (if used):**

- a) How well has the Offeror demonstrated experience in completing similar projects on time and within budget?
- b) Has the Offeror provided letters of reference from previous clients?
- c) If a subcontractor will perform work on the contract, how well do they measure up to the evaluation used for the Offeror?

**SEC. 5.05 UNDERSTANDING OF THE PROJECT (10%)**

Proposals will be evaluated against the questions set out below:

- 1) How well has the Offeror demonstrated a thorough understanding of the purpose and scope of the project?
- 2) How well has the Offeror identified pertinent issues and potential problems related to the project?
- 3) Has the Offeror demonstrated an understanding of the State's time schedule and can meet it?

**SEC. 5.06 METHODOLOGY USED FOR THE PROJECT (10%)**

Proposals will be evaluated against the questions set out below:

- 1) How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?
- 2) How well does the methodology match and achieve the objectives set out in the RFP?
- 3) Does the methodology interface with the time schedule in the RFP?

**SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT (10%)**

Proposals will be evaluated against the questions set out below:

- 1) How well does the management plan support all of the project requirements and logically lead to the deliverables required in the RFP?
- 2) To what extent does the Offeror already have the hardware, software, equipment, and licenses necessary to perform the contract?
- 3) Does it appear that the Offeror can meet the schedule set out in the RFP?
- 4) Has the Offeror gone beyond the minimum tasks necessary to meet the objectives of the RFP?

**SEC. 5.08 CONTRACT COST (40%)**

Overall, a minimum of 40% of the total evaluation points will be assigned to cost. After the Procurement Officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

*(Price of Lowest Cost Proposal x Maximum Points for Cost) ÷ (Cost of Each Offeror's Proposal)*

**Example (Max Points for Contract Cost = 40):**

**Step 1**

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000.00
Offeror #2	\$42,750.00
Offeror #3	\$47,500.00

**Step 2**

In this example, the RFP allotted 40% of the available 100 points to cost. This means that the lowest cost will receive the maximum number of points.

**Offeror #1 receives 40 points.**

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000.00, receives the maximum number of points allocated to cost, 40 points.

**Offeror #2 receives 37.43 points.**

$\$40,000.00$  lowest cost  $\times$  40 maximum points for cost =  $1,600,000 \div \$42,750.00$  cost of Offeror #2's proposal = **37.43**

**Offeror #3 receives 33.68 points.**

$\$40,000.00$  lowest cost  $\times$  40 maximum points for cost =  $1,600,000 \div \$47,500.00$  cost of Offeror #3's proposal = **33.68**

**SEC. 5.09 ALASKA OFFEROR PREFERENCE (10%)**

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

**Example:****Step 1**

Determine the number of points available to qualifying offerors under this preference:

100 Total Points Available in RFP  $\times$  10% Alaska Offeror preference = 10 Points for the preference.

**Step 2**

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	83 points	No Preference	0 points
Offeror #2	74 points	Alaska Offeror Preference	10 points
Offeror #3	80 points	Alaska Offeror Preference	10 points

**Step 3**

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	83 points
Offeror #2	84 points (74 points + 10 points)
<b>Offeror #3</b>	<b>90 points (80 points + 10 points)</b>

**Offeror #3** is the highest scoring offeror and would get the award, provided their proposal is responsive and responsible.

## SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

### SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the Project Manager or Procurement Officer. If performed, the scope of the debriefing will be limited to the work performed by the Contractor.

### SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the State's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

**SEC. 6.03 SITE INSPECTION**

The State may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the State reasonable access to relevant portions of its work sites. Individuals designated by the Procurement Officer at the State's expense will make site inspection.

**SEC. 6.04 CLARIFICATION OF OFFERS**

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the Proposal Evaluation Committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the Procurement Officer or the PEC may be adjusted as a result of a clarification under this section.

**SEC. 6.05 DISCUSSIONS WITH OFFERORS**

The State may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the Procurement Officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the Procurement officer. Discussions, if held, will be after initial evaluation of proposals by the Procurement Officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the Procurement Officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the Procurement Officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

**SEC. 6.06 EVALUATION OF PROPOSALS**

The Procurement Officer, or an evaluation committee made up of at least three State employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in Section 5. Evaluation Criteria And Contractor Selection.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an addendum will be issued. The addendum will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

**SEC. 6.07 CONTRACT NEGOTIATION**

After final evaluation, the Procurement Officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the State may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations occur, they will be held via teleconference and the Procurement Officer will provide a teleconference number.

**SEC. 6.08 FAILURE TO NEGOTIATE**

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the State, after a good faith effort, simply cannot come to terms,

the State may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

**SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION**

After the completion of contract negotiation, the Procurement Officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will set out the names of all offerors and identify the offeror selected for award.

**SEC. 6.10 PROTEST**

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the Procurement Officer at least 10 days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the Procurement Officer within 10 days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The Procurement Officer will issue a written response to the protest. The response will set out the Procurement Officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the Procurement Officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

## **SEC. 6.11 APPLICATION OF PREFERENCES**

Certain preferences apply to all State contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. - 2) Be in the business of selling and have actually sold on a regular basis the supplies that are the subject of the RFP.

If the offeror leases services or supplies or acts as a broker or agency in providing the services or supplies in order to meet these requirements, the Procurement Officer may not accept the offeror as a qualified offeror under AS 36.30.

**SEC. 6.17 PROPOSAL AS PART OF THE CONTRACT**

Part of or all of this RFP and the successful proposal may be incorporated into the contract.

**SEC. 6.18 ADDITIONAL TERMS AND CONDITIONS**

The State reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the proposal evaluations.

**SEC. 6.19 HUMAN TRAFFICKING**

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State’s Trafficking in Persons Report.

The most recent United States Department of State’s Trafficking in Persons Report can be found at the following website: <https://www.state.gov/trafficking-in-persons-report/>

Failure to comply with this requirement will cause the State to reject the proposal as non-responsive or cancel the contract.

**SEC. 6.20 RIGHT OF REJECTION**

Offerors must comply with all of the terms of the RFP, the State Procurement Code (AS 36.30), and all applicable federal, state, and local laws, codes, and regulations. The Procurement Officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the State. If an offeror does so, the Procurement Officer may determine the proposal to be a non-responsive counter offer, and the proposal may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the RFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision;

may be waived by the Procurement Officer.

The State reserves the right to refrain from making an award if it determines that it is not in the best interest of the State.

**A proposal from a debarred or suspended offeror shall be rejected.**

**SEC. 6.21 STATE NOT RESPONSIBLE FOR PREPARATION COSTS**

The State will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

**SEC. 6.22 DISCLOSURE OF PROPOSAL CONTENTS**

All proposals and other material submitted become the property of the State of Alaska and may be returned only at the State's option. AS 40.25.110 requires public records to be open to reasonable inspection. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, proposals will become public information.

The Office of Procurement and Property Management (OPPM), or their designee recognizes that some information an offeror submits might be confidential under the United States or the State of Alaska Constitution, a federal statute or regulation, or a State of Alaska statute: i.e., might be Confidential Business Information (CBI). *See, e.g.*, article 1, section 1 of the Alaska Constitution; AS 45.50.910 – 45.50.945 (the Alaska Uniform Trade Secrets Act); *DNR v. Arctic Slope Regional Corp.*, 834 P.2d 134, 137-39 (Alaska 1991). For OPPM or their designee to treat information an offeror submits with its proposal as CBI, the offeror must do the following when submitting their proposal: (1) mark the specific information it asserts is CBI; and (2) for each discrete set of such information, identify, in writing, each authority the offeror asserts make the information CBI. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

**SEC. 6.23 ASSIGNMENT**

Per 2 AAC 12.480, the Contractor may not transfer or assign any portion of the contract without prior written approval from the Procurement Officer.

**SEC. 6.24 FORCE MAJEURE (IMPOSSIBILITY TO PERFORM)**

The parties to a contract resulting from this RFP are not liable for the consequences of any failure to perform, or default in performing, any of its obligations under the contract, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party.

For the purposes of this RFP, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

**SEC. 6.25 DISPUTES**

A contract resulting from this RFP is governed by the laws of the State of Alaska. If the Contractor has a claim arising in connection with the agreement that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632. To the extent not otherwise governed by the preceding, the claim shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

**SEC. 6.26 SEVERABILITY**

If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

**SEC. 6.27 SUPPLEMENTAL TERMS AND CONDITIONS**

Proposals must comply with Section 6.08 Right of Rejection. However, if the State fails to identify or detect supplemental terms or conditions that conflict with those contained in this RFP or that diminish the State's rights under any contract resulting from the RFP, the term(s) or condition(s) will be considered null and void. After award of contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and

If the State's rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

**SEC. 6.28 SOLICITATION ADVERTISING**

Public notice has been provided in accordance with 2 AAC 12.220.

**SEC. 6.29 FEDERALLY IMPOSED TARIFFS**

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The Contractor must promptly notify the Procurement Officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contact price and shall take appropriate action as directed by the Procurement Officer.
- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the Contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:

- a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract.
  - b) The Contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal excise tax or duty for goods or services under the contract, except social security or other employment taxes, that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Procurement Officer.
  - **State's Ability to Make Changes:** The State reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
  - **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.00.
