DPA - Printing and Mailing Services
Response to Question Received
AMD#2 - October 15, 2024

Q#	Document / Section	Page / Row	Question
1	General Question	N/A	We're interested in bidding on this RFP, but I see that the RFP states that "the contractor will guarantee processing and delivery to the Anchorage Business Mail Entry Unit". Would the state allow the drop at a BME in our State's location, with the understanding that it will reach the Anchorage BME within 3 business days?

Response: All requirements and timeframes as stated in ITB Section 2.01 Scope of Work for all deliverables must be met as described. Retrieval from the Division of Public Assistant's courier and associated costs must be proposed and included in the bid sheet for associated deliverables.
