Re: Amendment 1
ITB 25-VSW-AND-005
Vacuum Truck
ITB Due Date: November 1, 2024 @ 2:00 PM AST

The following changes are required:

1. The ITB due date and time is extended from October 29, 2024 to November 1, 2024 @ 2:00 PM AST.
2. In accordance with ITB section 1.01 Purpose of the ITB “The primary purpose of the vacuum truck is to clear infiltrating ground water from the community’s sewer system.” A vacuum truck will meet the State’s needs. Bidders may bid a combination vacuum and sewer jetter truck. All bids must meet the ITB terms and conditions such as but not limited to sections:
 - 2.03 Contract Funding,
 - 2.10 Scope of Work and Specifications,
 - 2.11 F.O.B. Point, and
 - 2.13 Delivery Time.
3. A cold weather recirculator is not an acceptable substitute for ITB section 2.10 Scope of Work and Specifications, #2 e. Jacketed valves and f. Insulated lines and compartment.

The following are vendor questions and the department’s response:

1. Vendor: Is January 2025 completion a firm requirement?

Department: Yes, the delivery time in ITB section 2.13 Delivery Time is a firm requirement.

2. Vendor: Sec. 2.11 F.O.B. Point. Please clarify. Will the State allow freight charges from the factory to Anderson, AK? Or from Seattle/Tacoma to Anderson?

Department: Section 2.11 F.O.B. Point does not disallow freight charges based on origin. Bidders must include all shipping costs in the Bid Schedule, item B Shipping to F.O.B. Point.
