Re: Amendment 2
ITB 25-VSW-AND-005
Vacuum Truck
ITB Due Date: November 1, 2024 @ 2:00 PM AST

The following are vendor questions and the department's response:

1. Vendor: Sec. 2.10. Will the State accept a Vactor 2100i if all other specifications are met?

Department: This unit does not appear to meet the ITB specifications listed in 2.10, #2 a. through f. such as but not limited to:

- insulated lines and compartments with jacketed valves,
- engine block heater, oil pan heater, and transmission pan heater.

Vendor: If we add those items, would you accept the vehicle?

Department: The Vactor 2100i is added to ITB section 2.10. All items in ITB section 2.10 Scope of Work and Specifications, #2 must be included for all brand and models.

If bidders would like the department to review any other State approved equivalent brand and models not listed in ITB section 2.10 Scope of Work and Specifications then bidders must send the request to the procurement officer no later than October 25, 2024.
