SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Natural Resources (DNR), Records Office Anchorage is soliciting bids for a high-speed digital image archive writer, capable of filming digital images onto high density infrared film, along with additional film cassette canisters and maintenance of the equipment.

SEC. 1.02 BUDGET

The Department of Natural Resources, Records Office Anchorage, estimates a budget of **\$250,000.00** dollars for completion of this project. Bids priced at more than **\$250,000.00** will be considered non-responsive.

The services are as needed, and the budget amount is an estimate only and does not represent a work commitment. The State does not guarantee a minimum or maximum number of goods and/or services to be provided or dollar amount to be spent under any contract resulting from this ITB.

Approval or continuation of a contract resulting from this ITB is contingent upon legislative appropriation.

SEC. 1.03 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than **2:00 PM** Alaska Time on **November 26, 2024**, at which time they will be publicly opened. Late bids or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04 MINIMUM REQUIREMENTS

In order for a bid to be considered responsive the bidder must meet these minimum requirements:

- **The bidder must not have had a contract terminated for cause by the State within the last three years.**
- **The bidder must be a certified vendor for the equipment and software presented in the bid.**
- **The bidder must be able to provide a certified technician to install, set up, and maintain the equipment and software.**

A bidder's failure to meet these minimum requirements will cause their bid to be considered non-responsive and rejected.

SEC. 1.05 REQUIRED REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the Procurement Officer at least 10 days before the deadline for receipt of bids. This will allow time for an addendum to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the Procurement Officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The Procurement Officer will make that decision.

Deadline to receive questions is November 14, 2024, by **2:00 PM** Alaska Time.

Procurement Officer: **BRANDON M. SWEAT** – PHONE 1 (907) 269-0998 –TDD/TTY: 711 (Alaska Relay);
EMAIL:brandon.sweat@alaska.gov

SEC. 1.07 SITE INSPECTION

Potential bidders are encouraged to visit the work site so that they can see the conditions under which the work described in this ITB will be performed. The bidder's failure to visit the work site will in no way relieve the bidder of the responsibility of performing the work in strict compliance with the true intent and meaning of the terms, conditions, and specifications of this ITB. The site may be inspected by contacting **Paula Bradley** at paula.bradley@alaska.gov.

This contact person is only empowered to allow potential bidders to view the work site. The contact person cannot and will not answer potential bidder questions regarding the work to be performed under this ITB or the terms, conditions, and specifications of this ITB. Any questions potential bidders have must be directed to the Procurement Officer as required in Section 1.05.

SEC. 1.08 RETURN INSTRUCTIONS

If submitting a bid via email, the bid may be emailed to brandon.sweat@alaska.gov and must contain the ITB number in the subject line of the email. The **maximum** size of a single email (including all text and attachments) that can be received by the State is **20mb (megabytes)**. If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy bid, if you are emailing your bid, the State recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bid.

If submitting bids using U.S. mail, or delivery service, bidders must submit one hard copy of their bid, in writing, to the Procurement Officer in a sealed package. The sealed bid package must be addressed as follows:

Department of Natural Resources
Support Services Division
Attention: **BRANDON M. SWEAT**
Invitation to Bid (ITB) Number: 2025-1000-0121
ITB Title: Image to Film Equipment, Software System and Maintenance
550 W 7th Avenue, Suite 1330

It is the bidder's responsibility to contact the issuing agency at **1 (907) 269-0998** to confirm that the bid has been received. The State is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.09 ENROLLMENT IN IRIS

Bidders will be required to be enrolled in the State of Alaska's Integrated Resource Information System (IRIS) database prior to award of a contract resulting from this ITB. Enrollment can be done online at the following link: <https://iris-vss.alaska.gov>. Bidders who are not enrolled prior to award of a contract will be notified by the Procurement Officer. Failure of a bidder to enroll in the IRIS database will delay award of the contract and may delay issuance of contract work.

SEC. 1.10 ASSISTANCE TO BIDDERS WITH A DISABILITY

Bidders with a disability may receive accommodation regarding the means of communicating this ITB or participating in the procurement process. For more information, contact the Procurement Officer no later than 10 days prior to the deadline for receipt of bids.

SEC. 1.11 AMENDMENTS TO BIDS

Amendments to or withdrawals of bids will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of bids, in accordance with 2 AAC 12.140. No amendments or withdrawals will be accepted after the deadline unless the delay is due to an error of the contracting agency, in accordance with 2 AAC 12.160.

SEC. 1.12 ADDENDUMS TO THE ITB

If an addendum is issued before the deadline for receipt of bids, the addendum will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the addendum will be provided to all who were notified of the ITB and to those who have registered with the Procurement Officer after receiving the ITB from the OPN.

SEC. 1.13 ITB SCHEDULE

The ITB schedule below represents the State of Alaska’s best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of bids, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

Not applicable for this ITB.

SEC. 1.15 ALTERNATE BIDS

SEC. 1.16 SUPPORTING INFORMATION

Provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the State reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products or services offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the State and may include the requirement that a bidder will provide a sample product(s) so that the State can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the State, may cause the State to consider the offer non-responsive and reject the bid.

SEC. 1.17 FIRM, UNQUALIFIED, AND UNCONDITIONAL OFFER

To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB, and which must be complied with at risk of bid rejection for non-responsiveness.

Unless otherwise provided in this ITB, the State and the successful bidder/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the Procurement Officer will provide notice to the Contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the Procurement Officer via a written contract amendment.

SEC. 2.03 CONTRACT TYPE

The resulting contract will be a Master Agreement (MA) and will be a Term Contract. The dollar amount shown on the MA will be the maximum dollar amount to be spent for all goods and or services provided under the agreement. The State does not guarantee a minimum or maximum number of services to be provided, or dollar amount to be spent under any contract resulting from this ITB. Projects will be awarded as Delivery Orders using the process set by Sec. 2.04 Delivery Order Process.

SEC. 2.04 DELIVERY ORDER PROCESS

Once the MA is established this process will be used to issue DOs against the MA. When the State requires as needed goods and or services under an MA the DNR Procurement Officer or Project Manager will issue a Task Order Solicitation to the Contractor. The solicitation will be a written

document sent by email; will outline the required goods and or services to be provided; will set a deadline for receipt of a Bid. The response will be evaluated solely on cost.

The Contractor shall provide a written negotiable cost estimate within the designated timeframe for the services. Cost will be evaluated in accordance with all preferences found in Sections 4.02 through 4.11. Task Order Solicitations may require the contractor to return a Task Order Solicitation Response Form.

The State may negotiate the goods and or services or costs in the offered Bid within the parameters of the State Procurement Code. Once an agreement is reached the State will issue a written DO to the Contractor authorizing the work.

If the Contractor has a potential conflict of interest with providing required goods and or services or is otherwise unable or unavailable to do the required work within the required timeline the State reserves the right to acquire goods and or services off contract at its sole discretion under the provisions of the State Procurement Code.

The Contractor shall obtain State approval of each person assigned to work under a specific Delivery Order prior to beginning work. Should the Contractor provide services by a person not approved before work begins on the DO, those services may not be subsequently approved for payment. The State reserves the right to withdraw approval of any person or subcontractor by written notice to the Contractor.

The total cost for a project will not exceed the amount authorized on the DO without prior written approval from the DNR Project Manager or Procurement Officer. If at any time during the performance of the DO the Contractor has reason to believe the amount authorized on the DO will be exceeded the Contractor will notify the DNR Project Manager and provide a justification and an estimate of the additional cost for completion of the work. Similarly, if at any time during the performance of the DO the State has reason to believe that the work required will exceed the total cost due to a change in conditions, or if additional work will be required, the DNR Project Manager will so advise the Contractor and will require revised cost estimates from the Contractor.

The State will not be obligated to pay any amount in excess of the total cost set forth in any DO. If condition changes increase the DO amount, the Contractor will not be obligated to continue performance resulting in charges exceeding the price unless and until the DNR Procurement Officer has authorized the increase in writing and a revised DO has been issued.

Revision of DOs will be issued when an extension of time is needed to complete the project, or when the scope of work has been modified by the State, which may cause a change in the project costs. The revised DO must be signed by both the DNR Project Manager and the firm's authorized signatory prior to performing any additional work incurring additional cost or working past the

original time limit. Inability of a firm to follow these procedures may be grounds for dismissal from a project or termination of their contract(s) with the State.

No work will commence by the Contractor without a signed DO issued by a DNR Procurement Officer.

SEC. 2.05 PAYMENT FOR STATE PURCHASES

No payment will be made until the contract is approved by the Commissioner of the Department of Natural Resources or the Commissioner's designee. Under no conditions will the State be liable for the payment of any interest charges associated with the cost of the contract. The State is not responsible for and will not pay federal, State or taxes. All costs associated with the contract must be stated in U.S. currency.

Payment for agreements under \$500,000.00 for the undisputed purchase of goods or services provided to a State agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Any single contract payments of \$1 million or higher must be accepted by the Contractor via Electronic Funds Transfer (EFT).

SEC. 2.06 PROMPT PAYMENT FOR STATE PURCHASES

Not applicable for this ITB.

SEC. 2.07 CONTRACT ADMINISTRATION

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the State to reject the bid as non-responsive or cancel the contract.

Because of the additional administrative and accounting time required of the State when third party financing agreements are permitted, they will not be allowed under this contract.

SEC. 2.11 SUBCONTRACTORS

Subcontractors may be used to perform work under this contract. If a bidder intends to use subcontractors, the bidder must identify in the bids the names of the subcontractors and the portions of the work the subcontractors will perform.

Subcontractor experience **SHALL** be considered in determining whether the bidder meets the requirements set forth in **SEC. 1.04 Minimum Requirements**.

If a bid with subcontractors is selected, the bidder must provide the following information concerning each prospective subcontractor within five working days from the date of the State's request:

- complete name of the subcontractor;
- complete address of the subcontractor;
- type of work the subcontractor will be performing;
- percentage of work the subcontractor will be providing;

- evidence that the subcontractor holds a valid Alaska business license; and
- a written statement signed by each proposed subcontractor that clearly verifies that the subcontractor is committed to render the services required by the contract.

A bidder's failure to provide this information, within the time set, may cause the State to consider their bid non-responsive and reject it.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

SEC. 2.12 JOINT VENTURES

Joint ventures are acceptable. If submitting a bid as a joint venture, the bidder must submit a copy of the joint venture agreement which identifies the principals involved and their rights and responsibilities regarding performance and payment.

The cost of shipping and delivery within **Anchorage, Alaska** is to be included in the bid price. There will be no additional charge for shipping and delivery within **Anchorage, Alaska**.

SEC. 2.15 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES

The Contractor is responsible for providing all products or the completion of all work set out in the contract. All products or work is subject to inspection, evaluation, and approval by the State. The State may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The State may instruct the Contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The Contractor will not unreasonably withhold such changes.

Substantial failure of the Contractor to perform the contract may cause the State to terminate the contract. In this event, the State may require the Contractor to reimburse monies paid (based on the identified portion of unacceptable products or work received) and may seek associated damages.

SEC. 2.16 EQUIPMENT INSPECTION

Equipment offered (including for lease) may be subject to inspection and approval by the State prior to the award of the ITB. The equipment and attachments must be in good repair and capable of performing the work for which they were designed.

SEC. 2.17 NEW EQUIPMENT

New equipment means equipment that is currently in production by the manufacturer and is still the latest model, edition or version generally offered. The equipment must be warranted as new by the manufacturer and may not have been used for any purpose, other than display (not demonstration), prior to its sale to the State. The State will not accept remanufactured, used, or reconditioned equipment. It is the Contractor's responsibility to ensure that each piece of equipment delivered to the State complies with this requirement. A Contractor's failure to comply with this requirement will cause the State to seek remedies under breach of contract.

Not applicable for this ITB.

To qualify for the preference, the product must have received certification from DCCED, be listed in the current published edition of the Alaska Products Preference List, and the bidder must provide the qualified product on a 100% basis. Products are classified in one of three categories:

- Class I products receive a 3% preference.
- Class II products receive a 5% preference.
- Class III products receive a 7% preference.

When the bids are evaluated, the preference percentage will be deducted from the product price. If a bidder fails to specify the brand being offered, no preference will be given. A contract amendment must be issued by the Procurement Officer to authorize the change.

If a bidder offers a product brand in the original bid that does not qualify for the Alaska Product Preference, a change in the product brand may be made at any time during the course of the contract, including all renewals, as long as the product brand continues to meet the required specifications. In case of error in the extension of prices in the bid, the unit prices will govern; in a lot bid, the lot prices will govern.

SEC. 4.13 METHOD OF AWARD

Award will be made to the lowest responsive and responsible bidder. For evaluation purposes only, award will be made on the **Total Cost of Year 1** indicated on page 48, line one of the bid schedule. Bidders must bid on all items listed in the bid schedule on pages 48 through 50 to be considered responsive. Failure to quote on all items listed will cause the State to consider the bidder non-responsive and reject the bid.

SEC. 4.14 CONTRACTOR SELECTION PROCESS

Once the contracts are established this selection process will be used. When the State needs to order the product or service, the lowest priced Contractor for that location will be contacted first. If, for any reason, the lowest Contractor is not available to perform the needed service, the State will contact the next lowest priced Contractor for that location. This process will continue until a Contractor who can perform the service is located. The location of the Contractor initially contacted will be determined by the starting location of the call-out. For example, if there was a need to transport a person from Anchorage to Fairbanks and then guard the person for two days in Fairbanks, the agency would contact Anchorage contractors, even though a substantial portion of the actual service would be performed in Fairbanks.

SEC. 4.15 NOTICE OF INTENT TO AWARD

After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the State's intent to award a contract(s) to the bidder(s) indicated. A copy of the Notice of Intent will be sent to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the Procurement Officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the Procurement Officer does so without a contract and at their own risk.

SECTION 5. GENERAL PROCESS AND LEGAL INFORMATION

SEC. 5.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the Procurement Officer. If performed, the scope of the debriefing will be limited to the products provided or work performed by the Contractor.

SEC. 5.06 SPECIFICATIONS

Unless otherwise specified in this ITB, product brand names or model numbers specified in this ITB are examples of the type and quality of product required and are not statements of preference. If the specifications describing an item conflict with a brand name or model number describing the item, the specifications govern. Reference to brand name or number does not preclude an offer of a comparable or better product, if full specifications and descriptive literature are provided for the product. Failure to provide such specifications and descriptive literature may be cause for rejection of the offer.

SEC. 5.07 BRAND SPECIFIC

Not applicable for this ITB.

Unless otherwise specified in this ITB, the State of Alaska Purchase Order, Contract Award and Delivery Order are the only order documents that may be used to place orders against the contract(s) resulting from this ITB.

SEC. 5.12 HUMAN TRAFFICKING

By signature on their bid, the bidder certifies that the bidder is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <http://www.state.gov/j/tip/>

Failure to comply with this requirement will cause the State to reject the bid as non-responsive or cancel the contract.

SEC. 5.13 RIGHT OF REJECTION

Bidders must comply with all the terms of the ITB, the State Procurement Code (AS 36.30), and all applicable federal, State, and local laws, codes, and regulations. The Procurement Officer may reject any bid that does not comply with all the material and substantial terms, conditions, and performance requirements of the ITB.

Bidders may not qualify the bid nor restrict the rights of the State. If a bidder does so, the Procurement Officer may determine the bid to be a non-responsive counter offer, and the bid may be rejected.

Minor informalities that:

- do not affect responsiveness,
- are merely a matter of form or format,
- do not change the relative standing or otherwise prejudice other bidders,
- do not change the meaning or scope of the ITB,
- are trivial, negligible, or immaterial in nature,
- do not reflect a material change in the work, or
- do not constitute a substantial reservation against a requirement or provision,

may be waived by the Procurement Officer.

The State reserves the right to refrain from making an award if it is determined to be in the State's best interest.

A bid from a debarred or suspended bidder shall be rejected.

AS 40.25.110 requires public records to be open to reasonable inspection. All other bid information will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, bids will become public information.

The Office of Procurement and Property Management (OPPM), or their designee recognizes that some information a bidder submits might be confidential under the United States or the State of Alaska Constitution, a federal statute or regulation, or a State of Alaska statute: i.e., might be Confidential Business Information (CBI). *See, e.g.*, article 1, section 1 of the Alaska Constitution; AS 45.50.910 – 45.50.945 (the Alaska Uniform Trade Secrets Act); *DNR v. Arctic Slope Regional Corp.*, 834 P.2d 134, 137-39 (Alaska 1991). For OPPM or their designee to treat information a bidder submits with its bid as CBI, the bidder must do the following when submitting their bid: (1) mark the specific information it asserts is CBI; and (2) for each discrete set of such information, identify, in writing, each authority the bidder asserts make the information CBI. If the bidder does not do these things, the information will become public after the Notice of Intent to Award is issued. If the bidder does these things, OPPM or their designee will evaluate the bidder's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the bidder an opportunity to object to the disclosure of the information.

SEC. 5.16 ASSIGNMENTS

Per 2 AAC 12.480, the Contractor may not transfer or assign any portion of the contract without prior written approval from the Procurement Officer. Bids that are conditioned upon the State's approval of an assignment will be rejected as non-responsive.

In case of default by the Contractor, for any reason whatsoever, the State may procure the goods or services from another source and hold the Contractor responsible for any resulting excess cost and may seek other remedies under law or equity.

SEC. 5.19 DISPUTES

If the Contractor has a claim arising in connection with the contract that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632.

SEC. 5.20 SEVERABILITY

If any provision of the contract or agreement is found to be invalid or declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.
