## SECTION 1. INTRODUCTION & INSTRUCTIONS

### SEC. 1.01 PURPOSE OF THE RFP

The Department of Natural Resources, Division of Mining Land and Water, is soliciting proposals for a qualified contractor to provide as-needed land use planning services; a more detailed description including scope of work is to be provided in Section 3.

### SEC. 1.02 BUDGET

The Department of Natural Resources, Division of Mining Land and Water, estimates a budget of **\$650,000.00** dollars for completion of this project. Proposals priced at more than **\$650,000.00** will be considered non-responsive.

The services are as-needed, and the budget amount is an estimate only and does not represent a work commitment. When there is a need for land use planning services, and funds become available the Project Manager will email the Contractor a Task Order solicitation, which will provide a more defined scope of work, specific deliverables, and deliverable due dates. The State does not guarantee a minimum or maximum number of services to be provided or dollar amount to be spent under any contract resulting from this RFP.

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation.

### SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than **2:00 PM** Alaska Time on **December 12, 2024**, as indicated by postmark or email timestamp and late proposals will not be considered.

### SEC. 1.04 MINIMUM REQUIREMENTS

In order for offers to be considered responsive offerors must meet these minimum requirements:

- **The offeror must not have had a contract terminated for cause by the State within the last three years.**
- **The offeror must have a minimum of five years of experience in land use planning; rivers, and trails planning and management; stakeholder engagement; and project management.**

Offerors must detail in their proposal how they meet the minimum requirements above. Offerors that fail to identify in their proposals how they meet the minimum requirements will be deemed non-responsive.

### SEC. 1.06 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the Procurement Officer at least 10 days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

### SEC. 1.07 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the Procurement Officer. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written addendum to the RFP. The Procurement Officer will make that decision.

Deadline to receive questions is **December 02, 2024**, by **2:00 PM** Alaska Time.

PROCUREMENT OFFICER: [SHAWN M. OLSEN](#); PHONE 1 (907) 269-8687; TDD 711 (Alaska Relay); EMAIL: [shawn.olsen@alaska.gov](mailto:shawn.olsen@alaska.gov).

### SEC. 1.08 RETURN INSTRUCTIONS

If submitting a proposal via email, the technical proposal and cost proposal must be saved as separate PDF documents and emailed to [shawn.olsen@alaska.gov](mailto:shawn.olsen@alaska.gov) as separate, clearly labeled attachments, such as "Vendor A – Technical Proposal.pdf" and "Vendor A – Cost Proposal.pdf" (Vendor A is the name of the offeror). The email must contain the RFP number in the subject line.

The **maximum** size of a single email (including all text and attachments) that can be received by the State is **20mb (megabytes)**. If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the State recommends sending it ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

If submitting proposals using U.S. mail, or delivery service, offerors must submit one hard copy of their proposal, in writing, to the procurement officer in a sealed package. The cost proposal included in the package must be sealed separately from the rest of the proposal and must be clearly identified. The sealed proposal package(s) must be addressed as follows:

---

Department of Natural Resources  
Support Services Division  
Attention: **SHAWN M. OLSEN**  
Request for Proposal (RFP) Number: 2025-1000-0160  
RFP Title: As-Needed Land Use Planning Services  
550 W 7<sup>th</sup> Avenue, Suite 1330  
Anchorage, Alaska 99501

It is the offeror's responsibility to contact the issuing agency at **1 (907) 269-8687** to confirm that the proposal has been received. The State is not responsible for unreadable, corrupt, or missing attachments.

### **SEC. 1.09 ENROLLMENT IN IRIS**

Offerors will be required to be enrolled in the State of Alaska's Integrated Resource Information System (IRIS) database prior to the award of a contract resulting from this RFP. Enrollment can be done online at the following link: <https://iris-vss.alaska.gov>. Offerors who are not enrolled prior to the award of a contract will be notified by DNR Procurement. Failure of an offeror to enroll in the IRIS database will delay award of the contract and may delay issuance of contract work.

### **SEC. 1.10 ASSISTANCE TO OFFERORS WITH A DISABILITY**

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the Procurement Officer no later than 10 days prior to the deadline for receipt of proposals.

### **SEC. 1.11 AMENDMENTS TO PROPOSALS**

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the State's request in accordance with 2 AAC 12.290.

### **SEC. 1.12 ADDENDUMS TO THE RFP**

If an addendum is issued before the deadline for receipt of proposals, the addendum will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the addendum will be provided to all who were notified of the RFP and to those who have registered with the Procurement Officer after receiving the RFP from the OPN.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an addendum will be issued. The addendum will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

**SEC. 1.13 RFP SCHEDULE**

RFP schedule set out herein represents the State’s best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of proposals, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

## SECTION 2. BACKGROUND INFORMATION

### SEC. 2.01 BACKGROUND INFORMATION

At statehood, the Alaska Legislature charged the Department of Natural Resources (DNR) with the complex job of managing the State-owned lands for the "maximum public benefit." The range of possibilities for how State land could be used is vast. Within the DNR, the Resource Assessment & Development Section (RADS) of the Division of Mining, Land and Water has primary responsibility for land use planning. Planning is a way of sorting through the possibilities for using State land and choosing those with the greatest benefits for all Alaskans. Most importantly, planning is a way of making these decisions not only for the public, but with them. The planning process provides a link between the citizens and the agencies charged with managing their land. There are statutory requirements for planning as well. AS 38.04.065 requires that State land be classified through a planning process prior to a sale or lease (excluding oil and gas lease sales and staking of mining claims).

Developing plans for State land is not easy because people have differing ideas of how State land can best be used. Also, not all desired uses of state land can occur compatibly in the same place at the same time. Through resource planning, DNR works with the public to determine where the important resources are and how the land can be used for the maximum public benefit. In the planning process all resources are considered and evaluated. Wherever possible, guidelines are established that allow for multiple use. Where irreconcilable conflicts exist, alternatives are developed and evaluated.

This is an as-needed term contract for services during times of increased activity that will augment and complement existing Resources Assessment and Development Section (RADS) staff resources and help deliver comprehensive planning documents in an efficient manner.

## **SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION**

### **SEC. 3.01 SCOPE OF WORK**

The Department of Natural Resources, Division of Mining, Land and Water, is soliciting proposals for as-needed land use planning services.

The Contractor shall follow the State's land use planning process and produce area or management plans or portions of these land and resource planning documents that adhere to the statutory requirements for planning and classification. This involves conducting rigorous public and stakeholder outreach to inform planning efforts or special projects, conducting studies, surveys and analyzing data associated with various resource assessment projects or planning efforts and using GIS to create plan/project map products and management unit data that adhere to department standards. More detail regarding specific tasks can be found below in section 3.03 Requirements and Deliverables.

### **SEC. 3.02 CONTRACT TERM AND WORK SCHEDULE**

The length of the contract will be from the date of award, for approximately five years until completion, approximately December 31, 2029, with one, two-year renewal option to be exercised at the State's sole discretion.

Unless otherwise provided in this RFP, the State and the successful offeror/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the Procurement Officer will provide notice to the Contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the Procurement Officer via a written contract amendment.

### **SEC. 3.03 REQUIREMENTS AND DELIVERABLES**

When a project is determined, the Contractor shall:

1. Within the first five working days after a task order is issued, schedule a meeting with the DNR Project Manager and deliver the schedule and plan for completing the project deliverables.
2. While actively working on a project, the Contractor shall schedule on-going weekly meetings with the DNR Project Manager to provide project updates, scheduled milestones, and plans for upcoming tasks.
3. Lead, coordinate, schedule and host scoping meetings for a plan project,
4. Be the primary contact for community involvement/questions,
5. Create and maintain stakeholder and agency contact lists,

6. Provide DNR with web content as needed for plan project webpage,
7. Prepare public notices for all phases of a project,
8. Gather and analyze scoping comments and prepare a scoping report that sorts comments by category,
9. Gather information and data necessary to produce a plan,
10. Prepare and evaluate alternatives for management guidelines based on the information gathered, agency and public input,
11. Prepare and agency review draft of a plan,
12. Prepare public review draft of a plan that includes introduction and background of resources and uses in the planning area; plans goals, objectives, management guidelines and recommendations by major resource in the planning area and by individual geographic unit; plan implementation procedures; land classification order and mineral orders, and associated maps, tables and figures. Management units/plan data and maps are expected to be created using ArcGIS software.
13. Conduct public outreach and community meetings to educate and seek comment on a draft plan,
14. Analyze public and agency comments on a draft plan and create and issue response summary document that sorts comments by issue, provides a response to the comment and an associated recommended revision based on the input as appropriate,
15. Prepare a final plan that incorporates the recommended revisions adopted by the DNR Commissioner,
16. Provide DNR classification and management unit data that adheres to department standards for upload into DNR mapping and database platforms (Alaska Mapper, Oracle) and the Land Administration System (LAS), and
17. Provide electronic (website ready) and printed paper copies of a final plan.

### **SEC. 3.04 CONTRACT TYPE**

The resulting contract will be a Master Agreement (MA). The dollar amount shown on the MA will be the maximum dollar amount to be spent for all services provided under the agreement. The State does not guarantee a minimum or maximum number of services to be provided, or dollar amount to be spent under any contract resulting from this RFP. The hourly rate provided in the successful offeror's cost on Attachment 4 Cost Proposal Form will be firm fixed and will be the rate the Contractor shall invoice the State for services.

**SEC. 3.05 DELIVERY ORDER PROCESS**

Once the MA is established this process will be used to issue DOs against the MA. When the State requires services under an MA the DNR Procurement Officer or Project Manager will issue a Task Order Solicitation to the Contractor. The solicitation will be a written document sent by email; will outline the required services to be provided; will set a deadline for receipt of a proposal. The response will be evaluated solely on cost.

The Contractor shall provide a written negotiable cost estimate within the designated timeframe for the services. If travel is required in the performance of land use planning services, travel associated costs associated with will be paid by the State, if approved. Travel costs include airfare, transportation, lodging, and per diem only (per diem is capped at \$60 per day, per person). Travel must be approved by the DNR Project Manager prior to executing travel services. The Contractor must provide the DNR Project Manager line item pricing for airfare, transportation, lodging, and per diem, at least two weeks prior to travel. Airfare, transportation, lodging, and per diem shall be in accordance with Alaska Administrative Manual (AAM) 60. Travel. Task Order Solicitations may require the contractor to return a Task Order Solicitation Response Form.

The State may negotiate the services or costs in the offered proposal within the parameters of the State Procurement Code. Once an agreement is reached the State will issue a written DO to the Contractor authorizing the work.

If the Contractor has a potential conflict of interest with providing required services or is otherwise unable or unavailable to do the required work within the required timeline the State reserves the right to acquire services off contract at its sole discretion under the provisions of the State Procurement Code.

The Contractor shall obtain State approval of each person assigned to work under a specific Delivery Order prior to beginning work. Should the Contractor provide services by a person not approved before work begins on the DO, those services may not be subsequently approved for payment. The State reserves the right to withdraw approval of any person or subcontractor by written notice to the Contractor.

The total cost for a project will not exceed the amount authorized on the DO without prior written approval from the DNR Project Manager or Procurement Officer. If at any time during the performance of the DO the Contractor has reason to believe the amount authorized on the DO will be exceeded the Contractor will notify the DNR Project Manager and provide a justification and an estimate of the additional cost for completion of the work. Similarly, if at any time during the performance of the DO the State has reason to believe that the work required will exceed the total cost due to a change in conditions, or if additional work will be required, the DNR Project Manager will so advise the Contractor and will require revised cost estimates from the Contractor.

The State will not be obligated to pay any amount in excess of the total cost set forth in any DO. If condition changes increase the DO amount, the Contractor will not be obligated to continue performance resulting in charges exceeding the price unless and until the DNR Procurement Officer has authorized the increase in writing and a revised DO has been issued.

Revision of DOs will be issued when an extension of time is needed to complete the project, or when the scope of work has been modified by the State, which may cause a change in the project costs. The revised DO must be signed by both the DNR Project Manager and the firm's authorized signatory prior to performing any additional work incurring additional cost or working past the original time limit. Inability of a firm to follow these procedures may be grounds for dismissal from a project or termination of their contract(s) with the State.

No work will commence by the Contractor without a signed DO issued by a DNR Procurement Officer.

### **SEC. 3.06 PROPOSED PAYMENT PROCEDURES**

The State will make payments based on a negotiated payment schedule. Each billing must consist of an invoice and progress report. No payment will be made until the progress report, and the invoice has been approved by the Project Manager.

### **SEC. 3.07 PROMPT PAYMENT FOR STATE PURCHASES**

Not applicable for this RFP.

### **SEC. 3.08 CONTRACT PAYMENT**

No payment will be made until the contract is approved by the Commissioner of the Department of Natural Resources or the Commissioner's designee. Under no conditions will the State be liable for the payment of any interest charges associated with the cost of the contract. The State is not responsible for and will not pay federal, state, or local taxes. All costs associated with the contract must be stated in U.S. currency.

Payment for agreements under \$500,000.00 for the undisputed purchase of goods or services provided to a State agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Any single contract payment of \$1 million or higher must be accepted by the Contractor via Electronic Funds Transfer (EFT).

### **SEC. 3.09 CONTRACT PRICE ADJUSTMENTS**

Not applicable for this RFP.

**SEC. 3.10 LOCATION OF WORK**

The location(s) the work is to be performed, completed, and managed will vary from project to project.

The State **WILL NOT** provide workspace for the Contractor. The Contractor must provide its own workspace.

The Contractor should build into their cost proposal: transportation, lodging, and per diem costs sufficient to pay for necessary person(s) to make the necessary trip(s) to various locations within Alaska. Travel to other locations will not be required.

By signature on their proposal, the offeror certifies that all services provided under this contract by the Contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the Procurement Officer in writing to request a waiver at least 10 days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the State to reject the proposal as non-responsive or cancel the contract.

**SEC. 3.11 THIRD-PARTY SERVICE PROVIDERS**

Not applicable for this RFP.

**SEC. 3.12 SUBCONTRACTORS**

Subcontractors may be used to perform work under this contract. If an offeror intends to use subcontractors, the offeror must identify in the proposal the names of the subcontractors and the portions of the work the subcontractors will perform.

Subcontractor experience **SHALL NOT** be considered in determining whether the offeror meets the requirements set forth in SEC. 1.04 Minimum Requirements.

If a proposal with subcontractors is selected, the offeror must provide the following information concerning each prospective subcontractor within five working days from the date of the State's request:

- complete name of the subcontractor;
- complete address of the subcontractor;
- type of work the subcontractor will be performing;

- percentage of work the subcontractor will be providing;
- evidence that the subcontractor holds a valid Alaska business license;

The Contractor must provide a copy of the subcontractor's valid Alaska business license, at the time of award of a contract.

- a written statement, signed by each proposed subcontractor, that clearly verifies that the subcontractor is committed to rendering the services required by the contract.

An offeror's failure to provide this information, within the time set, may cause the State to consider their proposal non-responsive and reject it. The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the Project Manager.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

### **SEC. 3.13 JOINT VENTURES**

Joint ventures will not be allowed.

### **SEC. 3.14 RIGHT TO INSPECT PLACE OF BUSINESS**

At reasonable times, the State may inspect those areas of the Contractor's place of business that are related to the performance of a contract. If the State makes such an inspection, the Contractor must provide reasonable assistance.

### **SEC. 3.15 F.O.B. POINT**

Not applicable for this RFP.

### **SEC. 3.16 CONTRACT PERSONNEL**

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the Project Manager or Procurement Officer. Changes that are not approved by the State may be grounds for the State to terminate the contract.

### **SEC. 3.17 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES**

The Contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the Project Manager. The State may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The Project Manager or Procurement Officer may instruct the Contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The Contractor will not unreasonably withhold such changes.

The substantial failure of the Contractor to perform the contract may cause the State to terminate the contract. In this event, the State may require the Contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

### **SEC. 3.18 LIQUIDATED DAMAGES**

Not applicable for this RFP.

### **SEC. 3.19 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS**

During the course of this contract, the Contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the Project Manager will provide the Contractor a written description of the additional work and request the Contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The Contractor will not commence additional work until the Procurement Officer has secured any required State approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Natural Resources or the Commissioner's designee.

### **SEC. 3.20 NONDISCLOSURE AND CONFIDENTIALITY**

The Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The Contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to and/or use by third parties of, the confidential information. "Reasonable care" means compliance by the Contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The Contractor must promptly notify the State in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Confidential information, as used herein, means any data, files, software, information or materials (whether prepared by the State or its agents or advisors) in oral, electronic, tangible or intangible form and however stored, compiled or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the State to the Contractor or a contractor agent or otherwise made available to the Contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the Contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to: technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc.).

"Contractor" and "Contracting Agency," as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. Certificates of Insurance must be furnished to the Procurement Officer prior to beginning work and must provide a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the Contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

**Workers' Compensation Insurance:** The Contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. ---

## SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

THE TOTAL NUMBER OF POINTS USED TO SCORE THIS PROPOSAL IS 100

### SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The State will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A Proposal Evaluation Committee (PEC), made up of at least three State employees or public officials, will evaluate the Technical portion of all responsive proposals.
- 3) Each responsive Technical Proposal will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the proposals based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the Procurement Officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The PEC will submit their final individual scores to the Procurement Officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The Procurement Officer will calculate scores for cost proposals as set out in Section 5.07 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The Procurement Officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The State will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

### SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to State, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

**SEC. 5.03 SCORING METHOD AND CALCULATION**

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria and percentage values set out in Section 5. Each percentage value will equal one point, with the total maximum points awarded, per PEC member, for all evaluation sections not to exceed 100 points. Using only whole numbers, PEC members will start with a median score for each evaluation section. The score may either increase or decrease depending on the offeror's response to each question for that section. As an example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror's response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

**SEC. 5.04 EXPERIENCE AND QUALIFICATIONS (20%)**

Proposals will be evaluated against the questions set out below:

**1) Questions regarding the personnel:**

- a) Do the individuals assigned to the project have experience on similar projects?
- b) To what extent are the resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
- c) How extensive is the applicable education and experience of the personnel designated to work on the project?

**2) Questions regarding the firm and subcontractor (if used):**

- a) How well has the firm demonstrated experience in completing similar projects on time and within budget?
- b) How successful is the general history of the firm regarding timely and successful completion of projects?
- c) To what extent do the provided letters of reference from previous clients address the offeror's ability to perform similar work?

**SEC. 5.05 UNDERSTANDING OF THE SCOPE OF WORK, DELIVERABLES AND FUTURE PROJECTS (15%)**

Proposals will be evaluated against the questions set out below:

- 1) How well has the offeror demonstrated a thorough understanding of the scope of the work, deliverables, and how the offer will apply them in future projects?
- 2) How well has the offeror identified pertinent issues and potential problems related to the future project?

**SEC. 5.06 METHODOLOGY AND MANAGEMENT PLAN USED FOR THE PROJECT  
(15%)**

Proposals will be evaluated against the questions set out below:

- 1) How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?
- 2) How well does the management plan support all of the project requirements and logically lead to the deliverables required in the RFP?
- 3) How well does the management plan illustrate the project team, lines of authority, and communication?
- 4) To what extent does the offeror already have the hardware, software, equipment, and licenses necessary to perform the contract?
- 5) To what extent has the offeror identified potential problems?

**SEC. 5.07 CONTRACT COST (40%)**

Overall, a minimum of 40% of the total evaluation points will be assigned to cost. After the Procurement Officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

*(Price of Lowest Cost Proposal x Maximum Points for Cost) ÷ (Cost of Each Offeror's Proposal)*

**Example (Max Points for Contract Cost = 40):**

**Step 1**

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000.00
Offeror #2	\$42,750.00
Offeror #3	\$47,500.00

**Step 2**

In this example, the RFP allotted 40% of the available 100 points to cost. This means that the lowest cost will receive the maximum number of points.

**Offeror #1 receives 40 points.**

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000.00, receives the maximum number of points allocated to cost, 40 points.

**Offeror #2 receives 37.43 points.**

$\$40,000.00$  lowest cost  $\times$  40 maximum points for cost =  $1,600,000 \div \$42,750.00$  cost of Offeror #2's proposal = **37.43**

**Offeror #3 receives 33.68 points.**

$\$40,000.00$  lowest cost  $\times$  40 maximum points for cost =  $1,600,000 \div \$47,500.00$  cost of Offeror #3's proposal = **33.68**

**SEC. 5.08 ALASKA OFFEROR PREFERENCE (10%)**

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

**Example:****Step 1**

Determine the number of points available to qualifying offerors under this preference:

100 Total Points Available in RFP  $\times$  10% Alaska Offeror preference = 10 Points for the preference.

**Step 2**

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	83 points	No Preference	0 points
Offeror #2	74 points	Alaska Offeror Preference	10 points
Offeror #3	80 points	Alaska Offeror Preference	10 points

**Step 3**

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	83 points
Offeror #2	84 points (74 points + 10 points)
<b>Offeror #3</b>	<b>90 points (80 points + 10 points)</b>

**Offeror #3** is the highest scoring offeror and would get the award, provided their proposal is responsive and responsible.

## SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

### SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the Project Manager or Procurement Officer. If performed, the scope of the debriefing will be limited to the work performed by the Contractor.

### SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the State's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

**SEC. 6.03 SITE INSPECTION**

The State may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the State reasonable access to relevant portions of its work sites. Individuals designated by the Procurement Officer at the State's expense will make site inspection.

**SEC. 6.04 CLARIFICATION OF OFFERS**

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the Proposal Evaluation Committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the Procurement Officer or the PEC may be adjusted as a result of a clarification under this section.

**SEC. 6.05 DISCUSSIONS WITH OFFERORS**

The State may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the Procurement Officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the Procurement officer. Discussions, if held, will be after initial evaluation of proposals by the Procurement Officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the Procurement Officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the Procurement Officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

**SEC. 6.06 EVALUATION OF PROPOSALS**

The Procurement Officer, or an evaluation committee made up of at least three State employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an addendum will be issued. The addendum will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

**SEC. 6.07 CONTRACT NEGOTIATION**

After final evaluation, the Procurement Officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the State may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations occur, they will be held via teleconference and the Procurement Officer will provide a teleconference number.

**SEC. 6.08 FAILURE TO NEGOTIATE**

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the State, after a good faith effort, simply cannot come to terms,

the State may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

**SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION**

After the completion of contract negotiation, the Procurement Officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will set out the names of all offerors and identify the offeror selected for award.

**SEC. 6.10 PROTEST**

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the Procurement Officer at least 10 days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the Procurement Officer within 10 days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The Procurement Officer will issue a written response to the protest. The response will set out the Procurement Officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the Procurement Officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

## **SEC. 6.11 APPLICATION OF PREFERENCES**

**SEC. 6.17 PROPOSAL AS PART OF THE CONTRACT**

Part of or all of this RFP and the successful proposal may be incorporated into the contract.

**SEC. 6.18 ADDITIONAL TERMS AND CONDITIONS**

The State reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the proposal evaluations.

**SEC. 6.19 HUMAN TRAFFICKING**

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State’s Trafficking in Persons Report.

The most recent United States Department of State’s Trafficking in Persons Report can be found at the following website: <https://www.state.gov/trafficking-in-persons-report/>

Failure to comply with this requirement will cause the State to reject the proposal as non-responsive or cancel the contract.

**SEC. 6.20 RIGHT OF REJECTION**

Offerors must comply with all of the terms of the RFP, the State Procurement Code (AS 36.30), and all applicable federal, state, and local laws, codes, and regulations. The Procurement Officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the State. If an offeror does so, the Procurement Officer may determine the proposal to be a non-responsive counter offer, and the proposal may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the RFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision;

may be waived by the Procurement Officer.

The State reserves the right to refrain from making an award if it determines that it is not in the best interest of the State.

**A proposal from a debarred or suspended offeror shall be rejected.**

**SEC. 6.21 STATE NOT RESPONSIBLE FOR PREPARATION COSTS**

The State will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

**SEC. 6.22 DISCLOSURE OF PROPOSAL CONTENTS**

All proposals and other material submitted become the property of the State of Alaska and may be returned only at the State's option. AS 40.25.110 requires public records to be open to reasonable inspection. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, proposals will become public information.

The Office of Procurement and Property Management (OPPM), or their designee recognizes that some information an offeror submits might be confidential under the United States or the State of Alaska Constitution, a federal statute or regulation, or a State of Alaska statute: i.e., might be Confidential Business Information (CBI). *See, e.g.*, article 1, section 1 of the Alaska Constitution; AS 45.50.910 – 45.50.945 (the Alaska Uniform Trade Secrets Act); *DNR v. Arctic Slope Regional Corp.*, 834 P.2d 134, 137-39 (Alaska 1991). For OPPM or their designee to treat information an offeror submits with its proposal as CBI, the offeror must do the following when submitting their proposal: (1) mark the specific information it asserts is CBI; and (2) for each discrete set of such information, identify, in writing, each authority the offeror asserts make the information CBI. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

**SEC. 6.23 ASSIGNMENT**

Per 2 AAC 12.480, the Contractor may not transfer or assign any portion of the contract without prior written approval from the Procurement Officer.

**SEC. 6.24 FORCE MAJEURE (IMPOSSIBILITY TO PERFORM)**

The parties to a contract resulting from this RFP are not liable for the consequences of any failure to perform, or default in performing, any of its obligations under the contract, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party.

For the purposes of this RFP, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

**SEC. 6.25 DISPUTES**

A contract resulting from this RFP is governed by the laws of the State of Alaska. If the Contractor has a claim arising in connection with the agreement that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632. To the extent not otherwise governed by the preceding, the claim shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

**SEC. 6.26 SEVERABILITY**

If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

**SEC. 6.27 SUPPLEMENTAL TERMS AND CONDITIONS**

Proposals must comply with Section 6.08 Right of Rejection. However, if the State fails to identify or detect supplemental terms or conditions that conflict with those contained in this RFP or that diminish the State's rights under any contract resulting from the RFP, the term(s) or condition(s) will be considered null and void. After award of contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and

If the State's rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

**SEC. 6.28 SOLICITATION ADVERTISING**

Public notice has been provided in accordance with 2 AAC 12.220.

**SEC. 6.29 FEDERALLY IMPOSED TARIFFS**

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The Contractor must promptly notify the Procurement Officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contact price and shall take appropriate action as directed by the Procurement Officer.
- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the Contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:

- a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract.
  - b) The Contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal excise tax or duty for goods or services under the contract, except social security or other employment taxes, that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Procurement Officer.
  - **State's Ability to Make Changes:** The State reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
  - **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.00.

- 1.2 "State Contracting Agency" means the department for which this contract is to be performed and for which the Commissioner or Authorized Designee acted in signing this contract.

### Article 2. Inspections and Reports

- 2.1 The department may inspect, in the manner and at reasonable times it considers appropriate, all the Contractor's facilities and activities under this contract.
- 2.2 The Contractor shall make progress and other reports in the manner and at the times the department reasonably requires.

### Article 3. Disputes

- 3.1 If the Contractor has a claim arising in connection with the contract that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – 632.

### Article 4. Equal Employment Opportunity

- 4.1 The Contractor may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, or because of age, disability, sex, marital status, changes in marital status, pregnancy, or parenthood when the reasonable demands of the position(s) do not require distinction on the basis of age, disability, sex, marital status, changes in marital status, pregnancy, or parenthood. The Contractor shall take affirmative action to ensure that the applicants are considered for employment and that employees are treated during employment without unlawful regard to their race, color, religion, national origin, ancestry, disability, age, sex, marital status, changes in marital status, pregnancy, or parenthood. This action must include, but need not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training including apprenticeship. The Contractor shall post in conspicuous places, available to employees and applicants for employment, notices setting out the provisions of this paragraph.

- 
- 4.2 The Contractor shall state, in all solicitations or advertisements for employees to work on State of Alaska contract jobs, that it is an equal opportunity employer and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, disability, sex, marital status, changes in marital status, pregnancy or parenthood.
- 4.3 The Contractor shall send to each labor union or representative of workers with which the Contractor has a collective bargaining agreement or other contract or understanding a notice advising the labor union or workers' compensation representative of the Contractor's commitments under this article and post copies of the notice in conspicuous places available to all employees and applicants for employment.
- 4.4 The Contractor shall include the provisions of this article in every contract and shall require the inclusion of these provisions in every contract entered into by any of its subcontractors, so that those provisions will be binding upon each subcontractor. For the purpose of including those provisions in any contract or subcontract, as required by this contract, "Contractor" and "subcontractor" may be changed to reflect appropriately the name or designation of the parties of the contract or subcontract.
- 4.5 The Contractor shall cooperate fully with State efforts which seek to deal with the problem of unlawful discrimination, and with all other State efforts to guarantee fair employment practices under this contract, and promptly comply with all requests and directions from the State Commission for Human Rights or any of its officers or agents relating to prevention of discriminatory employment practices.
- 4.6 Full cooperation in paragraph 4.5 includes, but is not limited to, being a witness in any proceeding involving questions of unlawful discrimination if that is requested by any official or agency of the State of Alaska; permitting employees of the Contractor to be witnesses or complainants in any proceeding involving questions of unlawful discrimination, if that is requested by any official or agency of the State of Alaska; participating in meetings; submitting periodic reports on the equal employment aspects of present and future employment; assisting inspection of the Contractor's facilities; and promptly complying with all State directives considered essential by any office or agency of the State of Alaska to ensure compliance with all federal and state laws, regulations, and policies pertaining to the prevention of discriminatory employment practices.

**Article 5. Termination**

- 5.1 The Project Manager, by written notice, may terminate this contract, in whole or in part, when it is in the best interest of the State. In the absence of a breach of contract by the Contractor, the State is liable only for payment in accordance with the payment provisions of this contract for services rendered before the effective date of termination.
- 5.2 The Procurement Officer may also, by written notice, terminate this contract under Administrative Order 352 if the Contractor supports or participates in a boycott of the State of Israel.

**Article 6. No Assignment or Delegation**

The Contractor may not assign or delegate this contract, or any part of it, or any right to any of the money to be paid under it, except with the written consent of the Project Manager and the Agency Head.

**Article 7. No Additional Work or Material**

No claim for additional services, not specifically provided in this contract, performed, or furnished by the Contractor, will be allowed, nor may the Contractor do any work or furnish any material not covered by the contract unless the work or material is ordered in writing by the Project Manager and approved by the Agency Head.

**Article 8. Independent Contractor**

The Contractor and any agents and employees of the Contractor act in an independent capacity and are not officers or employees or agents of the State in the performance of this contract.

**Article 9. Payment of Taxes**

As a condition of performance of this contract, the Contractor shall pay all federal, state, and local taxes incurred by the Contractor and shall require their payment by any subcontractor or any other persons in the performance of this contract. Satisfactory performance of this paragraph is a condition precedent to payment by the State under this contract.

**Article 10. Ownership of Documents**

All designs, drawings, specifications, notes, artwork, and other work developed in the performance of this agreement are produced for hire and remain the sole property of the State of Alaska and may be used by the State for any other purpose without additional compensation to the Contractor. The Contractor agrees not to assert any rights and not to establish any claim under the design patent or copyright laws. Nevertheless, if the Contractor does mark such documents with a statement suggesting they are trademarked, copyrighted, or otherwise protected against the State's unencumbered use or distribution, the Contractor agrees that this paragraph supersedes any such statement and renders it void. The Contractor, for a period of three years after final payment under this contract, agrees to furnish and provide access to all retained materials at the request of the Project Manager. Unless otherwise directed by the Project Manager, the Contractor may retain copies of all the materials.

**Article 11. Governing Law; Forum Selection**

This contract is governed by the laws of the State of Alaska. To the extent not otherwise governed by Article 3 of this Appendix, any claim concerning this contract shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

**Article 12. Conflicting Provisions**

Unless specifically amended and approved by the Department of Law, the terms of this contract supersede any provisions the Contractor may seek to add. The Contractor may not add additional or different terms to this contract; AS 45.02.207(b)(1). The Contractor specifically acknowledges and agrees that, among other things, provisions in any documents it seeks to append hereto that purport to (1) waive the State of Alaska’s sovereign immunity, (2) impose indemnification obligations on the State of Alaska, or (3) limit liability of the Contractor for acts of Contractor negligence, are expressly superseded by this contract and are void.

**Article 13. Officials Not to Benefit**

The Contractor must comply with all applicable federal or state laws regulating ethical conduct of public officers and employees.

**Article 14. Covenant Against Contingent Fees:**

The Contractor warrants that no person or agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee except employees or agencies maintained by the Contractor for the purpose of securing business. For the breach or violation of this warranty, the State may terminate this contract without liability or in its discretion deduct from the contract price or consideration the full amount of the commission, percentage, brokerage, or contingent fee.

**Article 15. Compliance:**

In the performance of this contract, the Contractor must comply with all applicable federal, state, and borough regulations, codes, and laws, and be liable for all required insurance, licenses, permits and bonds.

**Article 16. Force Majeure:**

The parties to this contract are not liable for the consequences of any failure to perform, or default in performing, any of their obligations under this Agreement, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party. For the purposes of this Agreement, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.
