

STATE OF ALASKA

Department of Fish and Game
Division of Administrative Services

RV Kestrel LED Navigation Light System

RFQ 1125056

Amendment 1

11/21/24

DESCRIPTION: This amendment is being issued to answer questions submitted by potential offerors.
All other terms and conditions remain unchanged.

Questions submitted by potential offerors and answers from the state:

Question 1: I cannot find the required period of performance on the RFQ. I see that the work will be performed in Petersburg but cannot see any specific timeline of when the vessel will be available for this work to be performed.

Answer: Period of performance for this work is between date of award and March 1, 2025. Lights and all equipment can be delivered to us before work begins.

Question 2: Does the bid have to be physically delivered to you via mail or am I able to email it to you?

Answer: Preferred quote submission method is electronically via email. Quotes can be emailed to dfg.contracting@alaska.gov.

Question 3: Is it the intent of the State to reuse the existing Navigation Light panel enclosure for the new NLC, power supply, and display board?

Answer: Intent is to get rid of the old panel and go with a new panel.

Question 4: If the intent is to replace the existing enclosure, can the vessel provide a measurement of the space available around the current enclosure?

Answer: Measurements of existing panel is 19"W x 30"H x 12"D. Cannot be any bigger than that.

Procurement Officer:

Eric Verrelli – 907-465-6178 – eric.verrelli@alaska.gov
