QUESTIONS SUBMITTED BY OFFERORS AND ANSWER FROM THE STATE

Question 1: *“Is this the daylight the “Daylight Feeding Cassette 16/35 mm” or is this roll film consumables? If roll film consumables, can we list the price per each by type or can the ITB list the amount and type per year?”*

Answer 1: “We are talking about the cassettes that hold the film. They are inserted into the archive writer when we cut images to film. We want cassettes that allow us to open them and change the film without being in the dark.

We purchase film that goes into the cassettes separately and is not part of the contract. We are just looking for the cassettes. The cassettes should be 16mm or 16/35mm.”
