Department of Natural Resources  
Division of Forestry & Fire Protection

## INVITATION TO BID (ITB) 2025-1000-0162 AS NEEDED BK KNG ENGINE RADIOS

### ADDENDUM 1

ISSUED NOVEMBER 24, 2024

This addendum is being issued to change the Deadline for Receipt of Bids date, answer questions from vendors, and make changes to the ITB.

**Important Note to Offerors:** You are required to sign and return this page of the addendum document with your bid. Failure to do so may result in the rejection of your bid. Only the ITB terms and conditions referenced in this addendum are being changed. All other terms and conditions of the ITB remain the same. This Addendum is hereby made part of the ITB and is a total of two pages.

#### ITB Closing Date:

The Deadline for Receipt of Bids date is changing from **November 26, 2024**, to **December 3, 2024**, at **2:00 PM** Alaska Time.

## QUESTIONS SUBMITTED BY OFFERORS AND ANSWER FROM THE STATE

**Question 1:** *Our Question to you is the mobile radio you have requested has been on the market for close ten years. There is a good chance that the KNG will be replaced sometime during the term of this Contract? If that happens how does the State intend to handle the KNG contract?*

**Answer 1:** Should the requested radios be discontinued during the term of the contract, the State will implement an unanticipated amendment to the contract resulting from this ITB. This amendment will encompass any required adjustments to the radio model and corresponding compensation.

**Question 2:** *Can you provide a complete list of all options that are loaded into a working Mobile today?*

**Answer 2:** The following options are currently configured in a working mobile unit:

- **KZA 0569:** P25 9600 Baud Trunking, providing efficient bandwidth utilization and increased channel availability.
- **KZA 0594:** Factory-installed TDMA (Time Division Multiple Access) for improved communication capabilities and system efficiency.
- **AAA-0290:** KB Handheld DTMF Programming Microphone, enabling convenient programming and operation.

**Question 3:** *What is the Specific Model Number of the KNG-150? Do you require GPS?*

**Answer 3:** The specific model is the KNG-M150LP VHF 136-174 MHz, 50-watt. GPS is not required, as our current radios do not include this feature.

**Question 4:** *Will the State accept an initial fix price bid for a year and then accept either a dealer cost plus bid or a list price less bid for the balance of the bid period?*

**Answer 4:** No, the State will not accept an initial fixed-price bid for one year followed by a dealer cost-plus bid or a list-price-less bid for the remainder of the bid period.

**Question 5:** *Do you require Roof mount Antennas?*

**Answer 5:** No, roof-mount antennas are not required.

**Question 6:** *Do you need installation pricing?*

**Answer 6:** No, installation pricing is not required.
