Addendum Number 2

RFP # 24-27-211778
ARRC Railroad Workers in Charge Term Agreement

This Addendum is being issued to provide information as follows:

1. Proposal Due Date is changed to 3:00 pm AK Time, December 5, 2024.

Questions and Answers:

2. Q: If the Prevailing wage rates are adjusted by the Federal Government or the State of Alaska during the contract period, will the selected contract be able to adjust their rates to accommodate this change?
A: Both the Federal and State departments issue new wage manuals twice a year (usually spring and fall). ARRC will consider increases to the labor rates if the Federal or State rates increase; however, these rates are negotiated rates and must be negotiated and accepted by ARRC.
3. Q: Due to the short timeframe between the pre-bid call, issuance of Addendum 1 along with the revised submission requirements would an extension to the due date be possible? This would enable us to effectively prepare a more comprehensive proposal.
A: Yes, please refer to Item #1.
4. Q: Will all the RWIC's be required to have a hi-rail vehicle or will there be projects where a road bound vehicle be sufficient?
A: There will always be projects that access is available via roadway, but the majority of them will require hi-rail access.

All other terms and conditions remain unchanged.

Acknowledge receipt of this and all addenda in your firm's Services Bid Form.

Sincerely,

Michele Hope
