SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Department of Corrections, Division of Health and Rehabilitation Services, is the single largest provider of addiction services for the State of Alaska. There is a need to have a qualified addiction specialist and other support staff who bring essential expertise in diagnosing, treating, and managing substance use disorders. These staff have increased training and understanding of the complicated effects addiction has on individuals. They are an essential part of the treatment team to ensure appropriate and effective care is provided to all justice-involved individuals. Addiction is a complex and pervasive issue that affects as many as 80% of the individuals who are incarcerated. The hiring of these key staff within the department is not just an added service, but a necessary step towards addressing the complex interplay between addiction and criminal behavior. By providing targeted treatment and support, the department can foster rehabilitation, reduce recidivism, and ultimately contribute to safer communities providing an overall benefit not just to the department but to the community as a whole. By providing individuals with access to these FDA-approved medications for addiction treatment, the risk of overdose and death will be significantly reduced as well as increased engagement in community support.

SEC. 1.02 BUDGET

Department of Corrections, Division of Health and Rehabilitation Services, has a limited budget for this project. Negotiations may be necessary.

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than **2:00 PM prevailing Alaska Standard Time on January 7, 2025**, as indicated by postmark or email timestamp and late proposals will not be considered.

SEC. 1.04 PRIOR QUALIFICATIONS

In order for offers to be considered responsive offerors must meet these minimum qualification requirements:

- Registered to do business in the State of Alaska
- Certified by SAMHSA
- Accredited by an independent SAMHSA-approved accrediting body to dispense opioid treatment medications.
- Registered with the Drug Enforcement Administration (DEA).
- Demonstrated experience providing the requested services.

An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of the offeror's proposals upon which an award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO PROPOSAL DEADLINE

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. **The deadline for questions is January 3, 2025.**

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

PROCUREMENT OFFICER: Benjamin Baker – 907-269-5909 – benjamin.baker@alaska.gov

SEC. 1.07 RETURN INSTRUCTIONS

Do not submit your proposal through IRIS Vendor Self-Service (VSS).

If submitting a hard copy proposal, Offerors must submit one hard copy of their proposal to the procurement officer in a sealed package. The cost proposal included with the package must be sealed separately from the rest of the proposal and must be clearly identified. The sealed proposal package(s) must be addressed as follows:

*Department of Corrections
Division of Administrative Services
RFP Number: 2025-2000-0128
RFP Title: Medication Assisted Treatment Specialist
550 W. 7th Avenue, Suite 1800
Anchorage, AK 99501*

If submitting a proposal via email, the technical proposal and cost proposal must be saved as separate PDF documents and emailed to doc.procurement@alaska.gov as separate, clearly labeled attachments, such as “Vendor A – Technical Proposal.pdf” and “Vendor A – Cost Proposal.pdf” (Vendor A is the name of the offeror). The email must contain the RFP number in the subject line.

The **maximum** size of a single email (including all text and attachments) that can be received by the state is **20 MB (megabytes)**. If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it with enough time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror’s responsibility to contact the issuing agency at **907-269-5909** to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.09 AMENDMENTS TO PROPOSALS

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the state's request in accordance with 2 AAC 12.290.

SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, the amendment will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the amendment will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the OPN.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

In keeping with its mission, the State of Alaska, Department of Corrections (the department) provides evidence-based rehabilitative programs that enhance the security of our institutions, safeguard the public, and reduce recidivism by providing individuals with the necessary tools to assist them in becoming law-abiding citizens. As part of the department's mission to provide reformative opportunities to all offenders, numerous substance use disorder (SUD) treatment services and programs are made available to individuals under supervision. The goal of SUD programs is to reduce recidivism by providing individuals with the skills needed to manage their addictions and preparing them for a crime-free pro-social lifestyle. In addition to providing SUD treatment programming, there is a strong and growing legal basis for providing all forms of the United States Food and Drug Administration (FDA) approved Medication-Assisted Treatment (MAT) for individuals with an opiate use disorder (OUD) in correctional settings. Additionally, there is a specific clinical rationale for MAT in the treatment of OUD.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 SCOPE OF WORK

The Department of Corrections, Division of Health and Rehabilitation Services, is soliciting proposals for a contractor to provide comprehensive MAT and rehabilitative services when clinically necessary to alleviate the adverse medical, psychological, or physical effects resulting from opiate addiction. Services will be provided within the department's statewide system. Programs should motivate individuals toward formal recovery plans at the earliest stage of treatment possible to minimize attrition. The contractor must be able to address a myriad of presenting medical and behavioral challenges stemming from substance use, mental health needs, intellectual disabilities, medical complexities, psychosocial barriers, legal involvement, or any combination thereof. Well-established referral pathways and connections to community support should be mobilized to ensure a successful discharge. Services must be culturally competent, trauma-informed, and able to meet the special needs of individuals. Given the social stigma this population faces, it is critical for programs to cultivate a nonjudgmental and supportive treatment environment, one that respects the dignity and value of each individual who receives treatment. Emphasis must be placed on educating individuals and their support systems on MAT and the de-stigmatization of individuals prescribed it. The contractor must know, apply, and teach individuals in treatment and colleagues the neurobiological basis of addiction, and up-to-date information on best practices in addiction medicine. The contractor must have experience in the recognition and management of addiction-related conditions that commonly occur throughout urban and rural Alaska. The contractor must be able to serve as a consultant for a multi-disciplinary medical team to treat patients with SUD.

The contractor must also be instrumental in the development of the MAT program. It is anticipated the department's needs will increase during the time frame of this contract. The contractor must be prepared for not only the current prevalence of MAT services but also prepare a plan for the expected significant expansion of these services in the department in the future.

The contractor shall provide the following services:

This contract allows one or more provider(s) to develop medically managed and medically monitored stabilization and maintenance programs for individuals incarcerated within the department. These programs are expected to address emergent and complex/chronic medical conditions, mental health needs, and medications for opiate use disorder (MOUD) regimens on site. The programs must have the capacity to provide coverage up to 7 days a week to include the following:

- 1) Basic Requirements: Although the department is open to a variety of options for achieving success in this initiative, options presented by applicants in this solicitation must satisfy the following basic requirements:
 - a) All MOUD treatment must be in compliance with relevant federal, state, and local laws, rules, and regulations.
 - b) All prescribers and other service providers must be appropriately trained and credentialed in accordance with medical practice standards and applicable federal, state, and local laws, rules, and regulations.

- c) The provider(s) must ensure and demonstrate that all services, including dispensing of medication for opioid use disorder in a facility such as a prison/jail, are in accordance with medical practice standards and applicable federal, state, and local laws, rules, regulations and licensure requirements.
- 2) The provider(s) will use the department’s clinical care guide as a framework for providing MAT services. The guide will be made available to the successful offeror.
- 3) The provider(s) will be expected to screen all referrals to the MAT program from in-house resources and determine eligibility and appropriateness for continued care within the department for MAT services. Screenings shall occur within 24 hours of referral, or the next business day, whichever comes first, and include the individual’s medical, mental health, and substance use disorder history, as well as interest, desire, and capability to participate in the MAT program. The expectation with the provider(s) will be to work closely with existing department addiction, medical, and mental health staff to identify individuals who are currently incarcerated and qualify for the MAT program based on DSM-5 TR diagnostic criteria and the department’s clinical care guide.
- 4) MAT Program Admission:
 - a) Program must conduct admissions up to 5 days per week, during normal business operating hours. Contract staff shall conduct an orientation process for individuals admitted to the program to include an explanation of guidelines and expectations for individuals receiving services. Informed consent must be obtained to allow the individuals to receive services.
 - b) Psychoeducation should emphasize the treatment goals and the individual’s role in recovery. Informed consent around MAT options, including risks and benefits of treatment, must be conducted.
- 5) Initiation: When the project has reached the expansion phase to include initiation, the provider(s) will be expected to provide initiation services to appropriate individuals as defined by federal, state, and department standards. The decision of which medication will be provided to each patient shall be made by a joint decision between the patient and provider(s) in conjunction with considering individual treatment needs, best practices, and standard practices in a correctional setting.
- 6) Maintenance: The provider(s) will be expected to provide ongoing maintenance therapy to individuals up to 7 days per week with dosing hours starting as early as 4 am. The provider(s) do not have to be available on-site at all hours but are expected to provide a plan for on-call consultation and on-site hours. The provider(s) is expected to be willing to provide all three of the FDA-approved medications to the individuals treated (methadone, buprenorphine, and extended-release and oral naltrexone). The decision of which medication will be provided to each individual shall be made by a joint decision between the patient and provider(s) in conjunction with considering individual treatment needs, best practices, and standard practices in a correctional setting.
- 7) Psycho-Behavioral Counseling: The provider(s) will be expected to provide psycho-behavioral counseling to individuals in the MAT program in a group or individual setting for at least one hour per week. The counseling should include addiction-focused therapy appropriate to the population including, but not limited to, relapse prevention, other cognitive behavioral counseling, as well as specific and focused treatment deemed appropriate.

This could, for example, include trauma-focused treatment programs.

- a) Referral to Medical - If the individual reports verbally or on the screening tool they have/had health problems related to stopping alcohol or other drugs (including sick, shaky, convulsions, delirium tremens (DTs), or other symptoms) the provider(s) shall report this information immediately to the nearest institutional contact such as medical staff, a correctional officer, or a probation officer. The provider(s) will follow up on this report with a written referral to medical care within 24 hours.
- 8) Case Management & Re-Entry Planning
- a) Coordinating SUD care across criminal justice and substance use disorder health systems utilizing a multi-disciplinary approach including family, department staff, and community advocates.
 - b) In addition to returning the individual to a community provider of medication the provider(s) will connect the individual to appropriate community support. The provider(s) shall work closely with facility SUD counselors to help individuals who are discharging to identify and connect to treatment and recovery support services upon reentry into the community. The provider(s) will also be expected to educate and distribute naloxone to individuals and others at risk of opioid overdose upon release. The provider(s) shall keep in mind the same goal regarding the health and rehabilitation of the individual returning to the community.
- 9) Provide a quarterly narrative summary of services provided at each facility. This summary shall include information on time spent with direct-client services, community outreach, program development, and administrative services including supervision of other contracted staff.
- 10) Departmental Capabilities: The department has limited staff capability to support the efforts of the provider(s) in carrying out the deliverables of this solicitation. The department does have substance use disorder counselors who may be available to assist the provider(s) in meeting certain tasks required within the facility. These department staff will be available to assist the chosen provider(s) of services through identification of participants, screening activities, assessment, provision of treatment groups, and provision of counseling to individuals.

It is anticipated that 1 – 2 staff will be necessary to start the program. However, it can be increased as the program expands. The staffing pattern for the programs should be as listed below.

- Physician with addiction training
- Physical health assessment must be provided by a board-certified physician or appropriately supervised advanced nurse practitioner.
- Psychiatrist with the capacity to treat co-occurring substance use and mental health disorders, with the ability to prescribe MAT and psychotropic medication when necessary.
- Peer Support (Certified Peer Specialist or Certified Recovery Specialist)
- Case Manager
- Supervision of fellows

SEC. 3.02 CONTRACT TERM AND WORK SCHEDULE

The length of the contract will be from the date of award, approximately **February 1, 2025, through June 30, 2025**, with three (3) optional renewals through **June 30, 2028**. The optional renewal shall be at the State’s sole discretion and approved legislative appropriations.

MAT services are expected to expand in a phased approach. More time and increased services will likely occur as MAT services increase in the department.

Admission services are expected to be performed Monday – Friday (or five days within the week) during normal business hours. Maintenance services are expected to be performed seven days a week, with dosing hours to begin at 4:00 AM.

Unless otherwise provided in this RFP, the State and the successful offeror/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the procurement officer will provide notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

SEC. 3.03 DELIVERABLES

The contractor will be required to provide the following deliverables:

- Assist in the ongoing development, expansion, and implementation of the MAT program within the department.
- Provide treatment that is fair and impartial, regardless of race, sex, age, and source of payment, and convey a sense of dignity and trust to the individual.
- Provide treatment according to accepted clinical practice and community standards of care.

- Inform individuals about potential interactions with and adverse reactions to other substances, including alcohol, other prescribed or over-the-counter pharmacological agents, food, and medical procedures.
- Provide an adequate number of competent, qualified, and experienced professional staff to implement and supervise the treatment plan, consistent with individual needs.
- Inform individuals about alternative medications, treatment alternatives, alternative modalities, and scientific advances affecting treatment.
- Protect individuals, department staff, and the public from any individual who acts in a manner that disrupts the safety of the clinic environment. - Obtain individual consent before changing the individual’s dose of opioids or other medications unless the individual signs a document waiving such consent.

- Review and recertification of program policies and procedures at least annually.
- Evaluation and modification, if needed, of the program diversion control plan.
- Individual input into program policies and procedures regarding individual and community concerns.
- Development, implementation, and corrective response to individual satisfaction surveys.

The discount shall be taken on the full invoice amount. The state shall consider payment being made as either the date a printed warrant is issued or the date an electronic funds transfer (EFT) is initiated.

SEC. 3.08 CONTRACT PAYMENT

A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Third-party service providers **will not** be allowed.

SEC. 3.11 SUBCONTRACTORS

Subcontractors may be used to perform work under this contract. If an offeror intends to use subcontractors, the offeror must identify in the proposal the names of the subcontractors and the portions of the work the subcontractors will perform.

Subcontractor experience **SHALL** be considered in determining whether the offeror meets the requirements set forth in **SEC. 1.04 PRIOR EXPERIENCE**.

- a written statement, signed by each proposed subcontractor that clearly verifies that the subcontractor is committed to rendering the services required by the contract.

An offeror's failure to provide this information, within the time set, may cause the state to consider their proposal non-responsive and reject it. The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the project director.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor’s receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information is previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to a subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

SEC. 3.18 INDEMNIFICATION

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission, or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. “Contractor” and “contracting agency”, as used within this and the following article, including the employees, agents, and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor’s work.

SEC. 3.19 INSURANCE REQUIREMENTS

Without limiting the contractor's indemnification, it is agreed that the contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

Workers' Compensation Insurance: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. \$500,000-\$999,999	\$1,000,000 per Claim/Annual Aggregate
\$1,000,000 or over	Refer to Risk Management

SEC. 3.20 TERMINATION FOR DEFAULT

- a. If the Project Director or Procurement Officer determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the state may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all the remaining work.
- b. The Procurement Officer may also, by written notice, terminate this contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

This clause does not restrict the state's termination rights under the contract provisions of Appendix A, attached in **SECTION 7. ATTACHMENTS**.

SECTION 4. PROPOSAL FORMAT AND CONTENT

SEC. 4.01 INTRODUCTION

Proposals must include the complete name and address of the offeror's firm and the name, mailing address, and telephone number of the person the state should contact regarding the proposal.

Proposals must confirm that the offeror will comply with all provisions in this RFP; and, if applicable, provide notice that the firm qualifies as an Alaskan bidder. Proposals must be signed by a company officer empowered to bind the company. An offeror's failure to include these items in the proposals may cause the proposal to be determined to be non-responsive and the proposal may be rejected.

The state discourages overly lengthy and costly proposals, however, in order for the state to evaluate proposals fairly and completely, offerors must follow the format set out in this RFP and provide all information requested.

SEC. 4.02 PROPOSAL CONTENTS

The following information must be included in all proposals.

(a) AUTHORIZED SIGNATURE

All proposals must be signed by an individual authorized to bind the offeror to the provisions of the RFP. Proposals must remain open and valid for at least 90 days from the date set as the deadline for receipt of proposals.

- E. all terms and conditions set out in this RFP;
- F. a condition that the proposal submitted was independently arrived at, without collusion, under penalty of perjury; and
- G. that the offers will remain open and valid for at least 90 days.

If any offeror fails to comply with [a] through [g] of this paragraph, the state reserves the right to disregard the proposal, terminate the contract, or consider the contractor in default.

(c) VENDOR TAX ID

A valid Vendor Tax ID must be submitted to the issuing office with the proposal or within five days of the state's request.

(d) CONFLICT OF INTEREST

Each proposal shall include a statement indicating whether or not the firm or any individuals working on the contract have a possible conflict of interest (e.g., currently employed by the State of Alaska or formerly employed by the State of Alaska within the past two years) and, if so, the nature of that conflict. The procurement officer reserves the right to **consider a proposal non-responsive and reject it** or cancel the award if any interest disclosed from any source could either give the appearance of a conflict or cause speculation as to the objectivity of the contract to be performed by the offeror.

(e) FEDERAL REQUIREMENTS

The offeror must identify all known federal requirements that apply to the proposal, the evaluation, or the contract.

SEC. 4.03 EXPERIENCE AND QUALIFICATIONS

Offerors must provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; and designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

Offerors must complete and submit this Submittal Form. Proposed costs must all direct and indirect costs associated with the performance of the contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit. The costs identified on the cost proposal are the total amount of costs to be paid by the state. No additional charges shall be allowed.

SEC. 4.08 EVALUATION CRITERIA

All proposals will be reviewed to determine if they are responsive. Proposals determined to be responsive will be evaluated using the criterion that is set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**.

SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

THE TOTAL NUMBER OF POINTS USED TO SCORE THIS PROPOSAL IS 1000

SEC. 5.01 SUMMARY OF THE EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate the Technical portion of all responsive proposals.
- 3) Each responsive Technical Proposal will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the proposals based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The procurement officer may ask for the best and final offers from offerors susceptible to award and revise the cost scores accordingly.
- 9) The state will then conduct any necessary negotiations with the highest-scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to the state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

Overall Criteria	Weight
Responsiveness	Pass/Fail

Qualifications Criteria	Weight
Experience and Qualifications	100
Understanding of the Project	200
Methodology Used for the Project	100
Management Plan for the Project	100
Total	500

Cost Criteria	Weight
Cost Proposal	400
Total	400

Preference Criteria	Weight
Alaska Offeror Preference (if applicable)	100
Total	100

TOTAL EVALUATION POINTS AVAILABLE: 1000

SEC. 5.03 SCORING METHOD AND CALCULATION

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria set out in Sections 5.04 through 5.07 and assign a single score of 1 through 10, with 10 representing the highest score and 1 representing the lowest score. Using only whole numbers, PEC members should start with a score of 5 on each section. The score may either increase or decrease depending on the offeror’s response to each question for that section. As an example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror’s response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

After the PEC has scored, the scores for each section will be totaled and the following formula will be used to calculate the total amount of points awarded for each section:

$$\frac{\text{Offeror Total Score}}{\text{Highest Total Score Possible}} \times \text{Max Points} = \text{Points Awarded}$$

Example (Max Points for the Section = 100):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	75
Offeror 2	5	5	5	5	20	50
Offeror 3	10	10	10	10	40	100

Offeror 1 was awarded 75 points:

$$\frac{\text{Offeror Total Score (30)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (100)} = \text{Points Awarded (75)}$$

Offeror 2 was awarded 50 points:

Offeror Total Score (20)

$$\frac{\text{Offeror Total Score (20)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (100)} = \text{Points Awarded (50)}$$

Offeror 3 was awarded 100 points:

Offeror Total Score (40)

$$\frac{\text{Offeror Total Score (40)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (100)} = \text{Points Awarded (100)}$$

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS (10%)

Proposals will be evaluated against the questions set out below:

1) Questions regarding the personnel:

- a) Do the individuals assigned to the project have experience on similar projects?
- b) Are resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
- c) How extensive is the applicable education and experience of the personnel designated to work on the project?

2) Questions regarding the firm:

- a) How well has the firm demonstrated experience in completing similar projects on time and within budget?
- b) How successful is the general history of the firm regarding timely and successful completion of projects?
- c) Has the firm provided letters of reference from previous clients?

SEC. 5.05 UNDERSTANDING OF THE PROJECT (20%)

Proposals will be evaluated against the questions set out below:

- 1) How well has the offeror demonstrated a thorough understanding of the purpose and scope of the project?
- 2) How well has the offeror identified pertinent issues and potential problems related to the project?
- 3) To what degree has the offeror demonstrated an understanding of the deliverables the state expects it to provide?
- 4) Has the offeror demonstrated an understanding of the state's time schedule and can meet it?

SEC. 5.06 METHODOLOGY USED FOR THE PROJECT (10%)

Proposals will be evaluated against the questions set out below:

- 1) How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?

- 2) How well does the methodology match and achieve the objectives set out in the RFP?
- 3) Does the methodology interface with the time schedule in the RFP?

SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT (10%)

Proposals will be evaluated against the questions set out below:

- 1) How well does the management plan support all of the project requirements and logically lead to the deliverables required in the RFP?
- 2) How well is accountability completely and clearly defined?
- 3) Is the organization of the project team clear?
- 4) How well does the management plan illustrate the lines of authority and communication?
- 5) To what extent does the offeror already have the hardware, software, equipment, and licenses necessary to perform the contract?
- 6) Does it appear that the offeror can meet the schedule set out in the RFP?
- 7) Has the offeror gone beyond the minimum tasks necessary to meet the objectives of the RFP?
- 8) To what degree is the proposal practical and feasible?
- 9) To what extent has the offeror identified potential problems?

SEC. 5.08 CONTRACT COST (40%)

Overall, a minimum of **40%** of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

Example (Max Points for Contract Cost = 400):

Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.3$

Offeror #3 receives 336.8 points.

$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$

SEC. 5.09 ALASKA OFFEROR PREFERENCE (10%)

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

Example:

Step 1

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points
Offeror #2	840 points (740 points + 100 points)
Offeror #3	900 points (800 points + 100 points)

Offeror #3 is the highest scoring offeror and would get the award, provided their proposal is responsive and responsible.

SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the project director or procurement officer. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by the Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by the Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by the Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by the Alaska Department of Revenue.

Prior to the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by the Alaska Statute.

SEC. 6.03 SITE INSPECTION

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the state

reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state's expense will make site inspections.

SEC. 6.04 CLARIFICATION OF OFFERS

In order to determine if a proposal is reasonably susceptible to award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

SEC. 6.05 DISCUSSIONS WITH OFFERORS

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure a full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after the initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for the best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.06 EVALUATION OF PROPOSALS

The procurement officer or an evaluation committee made up of at least three state employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 6.07 CONTRACT NEGOTIATION

After the final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items that would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If

contract negotiations are commenced, they may be held in the conference room on the 18th floor of the Atwood Building in Anchorage, Alaska.

If the contract negotiations take place in Anchorage, Alaska, the offeror will be responsible for their travel and per diem expenses.

SEC. 6.08 FAILURE TO NEGOTIATE

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest-ranked offeror.

SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted the proposal. The notice will set out the names of all offerors and identify the offeror selected for award.

SEC. 6.10 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;

- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax, or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

SEC. 6.11 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply, and provide examples of how to calculate the preferences are available at the following website:

[Application Of Preferences](#)

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050
- Employment Program Preference - AS 36.30.321(b)
- Alaskans with Disabilities Preference - AS 36.30.321(d)
- Alaska Veteran's Preference - AS 36.30.321(f)
- Alaska Military Skills Program Preference – AS 36.30.321(l)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the state to disallow the preference.**

SEC. 6.12 ALASKA BIDDER PREFERENCE

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

- 1) holds a current Alaska business license prior to the deadline for receipt of proposals;
- 2) submits a proposal for goods or services under the name appearing on the offeror's current Alaska business license;
- 3) has maintained a place of business within the state staffed by the offeror, or an employee of the offeror, for a period of six months immediately preceding the date of the proposal;

- 5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror does not need to complete the Alaska Veteran Preference or Alaska Military Skills Program questions on the form if not claiming the Alaska Veteran or Alaska Military Skills Program Preferences. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 6.13 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

- A. sole proprietorship owned by an Alaska veteran;
- B. partnership under AS 32.06 or AS 32.11 if a majority of the partners are Alaska veterans;
