Native Allotment Coordinator
550 West Seventh Avenue, Suite 640
Anchorage, Alaska 99501-3516

Dear Ladies and Gentlemen:

On June 28, 2019, a field examination was conducted on the substitute parcel of land for Peter Evans' Native allotment application F-17131 located in Secs. 23 and 24, T. 11 N., R. 12 W., Fairbanks Meridian, containing 66.70 acres. Due to some possible trespass issues a second examination was conducted on August 7, 2023. There are no trespass issues and we are ready to request survey. The Bureau of Land Management (BLM) is requesting that you complete the attached notice and return it to the BLM.

Sincerely,

/s/ Candy A. Grimes

Notice of Proposed Native Allotment Substitution and Request to Relinquish

The records of the Bureau of Land Management (BLM) indicate that Alaska Native allotment application serial no. F-17131 filed on March 29, 1972, by Peter C. Evans, is located on lands mistakenly conveyed to the State of Alaska (SOA), and the SOA has determined that it is not in the SOA's best interest to reconvey the original application lands. A potential substitute parcel of land for the application has been identified and is located on land in Federal ownership but selected by the SOA under Selection Application no. F-43741. The substitute parcel is located in Secs. 23 and 24, T. 11 N., R. 12 W., Fairbanks Meridian as depicted on the attached Master Title Plat (MTP).

In accordance with the Memorandum of Agreement dated July 28, 2013, and pursuant to AS 38.05.020(b)(8), the SOA may, in its discretion, voluntarily relinquish a portion of its unconveyed selection for the relocation of a parcel with an amended description when it is determined not to be in the SOA's best interest to reconvey the original application lands. Sec. 18 of ANCSA, 43 U.S.C. 1617(c), as amended, allows for the allotment applicant to amend the land description in the application to describe land other than the land that the applicant originally intended to claim if the original application conflicts with an interest in land granted to the SOA.

The BLM requests that the SOA indicate below if it will relinquish its application for the land included in the above-described substitute parcel. The number of acres to be relinquished will not exceed the number of acres of the original parcel being considered for relocation.

Please check the box next to the appropriate statement, sign and date your selection, and return the completed form to BLM within 30 days.

- The State of Alaska will **not** relinquish the lands described above.
