The following are vendor questions and the department's response:

1. Vendor: We have had a significant number of weather delays with our staff traveling the last two weeks. It has impacted some of our schedules. We would like to request the Anderson Onsite Septic Systems Improvements submittal date be extended. We would prefer it to be extended to Friday, February 14.

Department: The RFP due date is extended from February 11, 2025, to February 14, 2025 @ 2:00 PM AST.
