## Talking Points Worksheet- Universal Changing Spaces

- What the Legislation Proposes: Require public restrooms to have universal changing spaces for both children and adults.
- Why They Are Needed: Current facilities are unsafe and undignified for older children, adults, and people with disabilities.
- Who Benefits: People with disabilities, aging population, those with medical conditions, their families, and caregivers.
- Why It Matters: Universal changing spaces ensure inclusion, dignity, and safety for all, ensures everyone can participate fully in community life.
- Call to Action: Support legislation to make public spaces accessible and welcoming for everyone.
