## SECTION 1. INTRODUCTION & INSTRUCTIONS

### SEC. 1.01 PURPOSE OF THE ITB

The Department of Natural Resources, Division of Forestry & Fire Protection, is soliciting bids for the fabrication of retardant tanks as part of its efforts to modernize wildfire suppression infrastructure. These tanks are critical for storing and deploying fire retardant at air tanker bases across the state, supporting aerial firefighting operations.

The tanks must meet stringent specifications to ensure durability, compatibility with existing systems, and performance in Alaska's extreme conditions. This project is vital to enhancing the state's ability to combat wildfires and protect communities, requiring a qualified contractor with experience in metal fabrication and industrial-grade tank construction.

### SEC. 1.02 BUDGET

Department of **NATURAL RESOURCES**, Division of **FORESTRY & FIRE PROTECTION**, estimates a budget of between **\$180,000.00** and **\$375,000.00** USD for this contract. Bids priced at more than **\$375,000.00** will be considered non-responsive.

Payment for the contract is subject to funds already appropriated and identified.

### SEC. 1.03 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than **2:00 PM** Alaska Time on **April 1, 2025**, at which time they will be publicly opened. Late bids or amendments will be considered non-responsive and will not be opened or accepted for evaluation.

### SEC. 1.04 PRIOR EXPERIENCE

No specific minimums have been set for this ITB.

### SEC. 1.05 REQUIRED REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of bids. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

**SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS**

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

Deadline to receive questions is **MARCH 14, 2025**, by **2:00 PM** Alaska Time.

Procurement Officer: **MADelyn F. LOWE**  
Phone: **(907) 761-6357**  
Email: **madelyn.lowe@alaska.gov**

**SEC. 1.07 SITE INSPECTION**

Not applicable to this ITB.

**SEC. 1.08 RETURN INSTRUCTIONS**

If submitting a bid via email, the Bid Schedule must be saved as a PDF document and emailed to **madelyn.lowe@alaska.gov**. The PDF document must be clearly labeled such as “Vendor A – Bid Schedule.pdf” (Vendor A is the name of the bidder). The email must contain the ITB number in the subject line.

The **maximum** size of a single email (including all text and attachments) that can be received by the State is **20mb (megabytes)**. If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy bid, if you are emailing your bid, the State recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bid.

If submitting bids using U.S. mail, or delivery service, bidders must submit one hard copy of their bid, in writing, to the Procurement Officer in a sealed package. The sealed bid package must be addressed as follows:

Department of Natural Resources  
Division of Forestry & Fire Protection  
Attention: **MADelyn F. LOWE**  
Invitation to Bid (ITB) Number: 2025-1000-0167  
ITB Title: FIRE RETARDANT TANK FABRICATION  
101 Airport Road  
Palmer, Alaska 99645

It is the bidder’s responsibility to contact the issuing agency at **1 (907) 761-6357** or **madelyn.lowe@alaska.gov** to confirm that the bid has been received. The State is not responsible for unreadable, corrupt, or missing attachments.

**SEC. 1.09 ENROLLMENT IN IRIS**

Bidders will be required to be enrolled in the State of Alaska’s Integrated Resource Information System (IRIS) database prior to the award of a contract resulting from this ITB. Enrollment can be done online at the following link: <https://iris-vss.alaska.gov>. Bidders who are not enrolled prior to the award of a contract will be notified by the Procurement Officer. Failure of a bidder to enroll in the IRIS database will delay award of the contract and may delay issuance of contract work.

**SEC. 1.10 ASSISTANCE TO BIDDERS WITH A DISABILITY**

The State of Alaska complies with Title II of the Americans with Disabilities Act of 1990. Individuals with disabilities who may need auxiliary aids, services, and/or special modifications to submit a bid should contact the Procurement Officer no later than ten days prior to the closing of the bid to make any necessary arrangements.

**SEC. 1.11 AMENDMENTS TO BIDS**

Amendments to or withdrawals of bids will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of bids, in accordance with 2 AAC 12.140. No amendments or withdrawals will be accepted after the deadline unless the delay is due to an error of the contracting agency, in accordance with 2 AAC 12.160.

**SEC. 1.12 AMENDMENTS TO THE ITB**

If an amendment is issued before the deadline for receipt of bids, the amendment will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the amendment will be provided to all who were notified of the ITB and to those who have registered with the procurement officer after receiving the ITB from the OPN.

**SEC. 1.13 ITB SCHEDULE**

The ITB schedule below represents the State of Alaska’s best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of bids, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Standard Time (AST).

This ITB does not, by itself, obligate the state. The state's obligation will commence when the contract is approved by the Commissioner of the Department of **NATURAL RESOURCES**, or the Commissioner's designee. Upon written notice to the contractor, the state may set a different starting date for the contract. The state will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the state.

**SEC. 1.14 PRE-BID CONFERENCE/TELECONFERENCE**

Not applicable to this ITB.

**SEC. 1.15 ALTERNATE BIDS**

Bidders may only submit one bid for evaluation. In accordance with 2 AAC 12.830 alternate bids (bids that offer something different than what is asked for) will be rejected.

**SEC. 1.16 SUPPORTING INFORMATION**

Provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the state reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products or services offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder will provide a sample product(s) so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the state, may cause the state to consider the offer non-responsive and reject the bid.

**SEC. 1.17 FIRM, UNQUALIFIED, AND UNCONDITIONAL OFFER**

To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB, and which must be complied with at risk of bid rejection for non-responsiveness.

**SEC. 2.04 PAYMENT FOR STATE PURCHASES**

No payment will be made until the contract is approved by the Commissioner of the Department of **NATURAL RESOURCES** or the Commissioner's designee. Under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Bidders may review information concerning the EFT process and access the [Electronic Payment Agreement Form for Vendors](https://doa.alaska.gov/dof/vendor.html) at the following link: <https://doa.alaska.gov/dof/vendor.html>. Method of payment is not a factor in the State's determination for award.

Any single contract payments of \$1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

The State **WILL NOT** provide workspace for the contractor. The contractor must provide its own workspace.

By signature on their bid, the bidder certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the bidder cannot certify that all work will be performed in the United States, the bidder must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of bids.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the bid as non-responsive or cancel the contract.

**SEC. 2.10 THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED**

Because of the additional administrative and accounting time required of the state when third party financing agreements are permitted, they will not be allowed under this contract.

**SEC. 2.11 SUBCONTRACTORS**

Subcontractors may be used to perform work under this contract. If a bidder intends to use subcontractors, the bidder must identify in the bids the names of the subcontractors and the portions of the work the subcontractors will perform.

Subcontractor experience **SHALL** be considered in determining whether the bidder meets the requirements set forth in **SEC. 2.01 PRIOR EXPERIENCE**.

- complete name of the subcontractor;
- complete address of the subcontractor;
- type of work the subcontractor will be performing;
- percentage of work the subcontractor will be providing;
- evidence that the subcontractor holds a valid Alaska business license; and
- a written statement signed by each proposed subcontractor that clearly verifies that the subcontractor is committed to render the services required by the contract.

A bidder's failure to provide this information, within the time set, may cause the state to consider their bid non-responsive and reject it.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

**SEC. 2.12 JOINT VENTURES**

Joint ventures will not be allowed.

**SEC. 2.13 RIGHT TO INSPECT PLACE OF BUSINESS**

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

**SEC. 2.14 F.O.B. POINT**

The F.O.B. point for all items purchased under this contract is the final destination anywhere within the State of Alaska. Ownership of and title to the ordered items remains with the contractor until the items have been delivered to their final destination and are accepted by the state.

The cost of shipping and delivery to Tanacross Airfield and Kenai Municipal Airport is to be included in the bid price. There will be no additional charge for shipping and delivery.

**SEC. 2.15 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES**

The contractor is responsible for providing all products or the completion of all work set out in the contract. All products or work is subject to inspection, evaluation, and approval by the state. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The state may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable products or work received) and may seek associated damages.

**SEC. 2.16 EQUIPMENT INSPECTION**

Equipment offered (including for lease) may be subject to inspection and approval by the state prior to the award of the ITB. The equipment and attachments must be in good repair and capable of performing the work for which they were designed.

**SEC. 2.17 NEW EQUIPMENT**

Equipment offered in response to this ITB must be new equipment. New equipment means equipment that is currently in production by the manufacturer and is still the latest model, edition or version generally offered. The equipment must be warranted as new by the manufacturer and may not have been used for any purpose, other than display (not demonstration), prior to its sale to the state. The state will not accept remanufactured, used, or reconditioned equipment. It is the contractor's responsibility to ensure that each piece of equipment delivered to the state complies with this requirement. A contractor's failure to comply with this requirement will cause the state to seek remedies under breach of contract.

**SEC. 2.18 REMANUFACTURED/RECONDITIONED EQUIPMENT**

Not applicable to this ITB.

**SEC. 2.19 LEMON CLAUSE**

This clause applies to all equipment purchased through this contract. The application period is **1 YEAR** from the date of installation. This clause takes precedence over any other warranty or service maintenance clauses associated with this contract.

Any equipment that fails (except due to operator error) to operate according to the manufacturer's published performance specifications and/or is subject to recurring related problems must be replaced with the same make and model of new equipment at no cost to the state.

**SEC. 2.20 DISCONTINUED ITEMS**

In the event an item is discontinued by the manufacturer during the life of the contract, another item may be substituted, provided that the procurement officer makes a written determination that it is equal to or better than the discontinued item and provided that it is sold at the same price or less than the discontinued item.

**SEC. 2.21 LIQUIDATED DAMAGES**

Not applicable to this ITB.

**SEC. 2.22 SHIPPING DAMAGE**

The state will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination. The state will provide the contractor with written notice when damaged goods are received. The state will deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

**SEC. 2.23 CONTRACT CHANGES – UNANTICIPATED AMENDMENTS**

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the state will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured required state approvals necessary and issued a written contract amendment.

**SEC. 2.24 CONTINUING OBLIGATION OF CONTRACTOR**

Notwithstanding the expiration date of a contract resulting from this ITB, the contractor is obligated to fulfill its responsibilities until warranty, guarantee, maintenance, and parts availability requirements have completely expired.

**SEC. 2.25 BILLING INSTRUCTIONS**

All invoices produced by the contractor must contain the following information at a minimum:

1. **CONTRACT NUMBER AND TITLE;**
2. **IDENTIFICATION OF BILLING PERIOD;**
3. **ITEMIZED LIST OF DELIVERABLES AND CHARGES FOR INVOICED PERIOD;**
4. **TOTAL AMOUNT BILLED;**
5. **DATE INVOICE SUBMITTED FOR PAYMENT;**
6. **ENTITY NAME, CONTACT INFORMATION, AND ALASKA VENDOR NUMBER.**

Invoices must be billed to the ordering agency's address shown on the individual Purchase Order, Contract Award or Delivery Order. The state will make payment after it receives the goods or services and the invoice. Questions concerning payment must be addressed to the ordering agency.

**SEC. 2.26 ESTIMATED QUANTITIES**

The quantities referenced in this ITB are estimated requirements and may vary more or less from the quantities actually purchased. The State does not guarantee any minimum or maximum purchase. Orders will be issued throughout the contract period on an as-needed basis.

**SEC. 2.27 WARRANTY**

The contractor warrants every unit purchased against faulty materials and workmanship for a minimum period of at least **LENGTH**. If, during this period, faults develop with the unit or components of the unit, they will be repaired or replaced without any cost, including any transportation or freight cost, to the state. Bids, which include supplemental warranties, will be accepted, but supplemental warranties that conflict with or diminish the state's rights under this warranty clause will be considered null and void. The state is not responsible for identifying conflicting warranty conditions before issuing a contract award. After award of the contract:

1. if a conflict arises between the supplemental warranty and the warranty in this ITB, the warranty in the ITB will prevail; and
2. if the state's rights are diminished as a result of application of the supplemental warranty, the supplemental warranty will be considered null and void and the ITB warranty will prevail.

By signature on the face page of this ITB the bidder acknowledges this requirement and indicates unconditional acceptance of this warranty clause.

**SEC. 2.28 NONDISCLOSURE AND CONFIDENTIALITY**

Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to and/or use by third parties of, the confidential information. “Reasonable care” means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Confidential information, as used herein, means any data, files, software, information or materials (whether prepared by the state or its agents or advisors) in oral, electronic, tangible or intangible form and however stored, compiled or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the state to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc.).
