### **PUBLIC NOTICE**

## **Requesting Input on a Proposed Relinquishment of State Entitlement Lands**

**Comment Period Ends 3:30 PM, April. 1, 2025**

The Statehood Entitlement Unit received a request from the University of Alaska Land Management Office (UA LMO) to relinquish land selections in a large contiguous block of lands located west of the Dalton Highway and surrounding Toolik Lake. Relinquishment of the State land selection would enable the University to obtain title. Realty Services believes it is appropriate to public notice the proposed relinquishment of the State's selection.

This group of lands consist of Federal lands within portions of one township surrounding Toolik Lake, adjacent to and west of the Dalton Highway right-of-way. Lands selected by the UA LMO are described as follows:

Township 9 South, Range 11 East, Umiat Meridian

Sections 19 through 21;

Sections 22, 27, & 28, those portions lying northerly and westerly of the westerly right-of-way line of the Dalton Highway;

Sections 29 through 32;

Section 33, that portion lying northerly and westerly of the westerly right-of-way line of the Dalton Highway;

Excluding the meanderable waters of Toolik Lake.

Containing approximately 5,775 acres.

The Consolidated Appropriations Act for Fiscal year 2023 (Pub. L. 117-328) and the University of Alaska Fiscal Foundation Act provides that the Bureau of Land Management (BLM) may convey up to 360,000 acres of land to the University of Alaska. The land available for conveyance has been selected by the State of Alaska pursuant to Section 6(b) of the Alaska Statehood Act. More information about the Fiscal Foundation Act can be found at:

<https://www.alaska.edu/ualand/about/land-grant/index.php>

The UA LMO will submit potential land selections in approximately 100,000-acre batches for review to be completed by the Division of Mining, Land & Water (DMLW) Realty Services

Section (Realty). Following their review, Realty will complete state-wide agency review and public notice for the proposed relinquishment of State selections in favor of conveyance to the University. Once the agency review and public notice have been completed, Realty will forward a relinquishment recommendation to the UA LMO and the Dept. of Natural Resources (DNR) Commissioner. The UA LMO will work with the Governor's Office or their delegate to refine the list of desired lands and concur with the relinquishment of the State's selection. The UA LMO and DNR will jointly submit to BLM lists of lands to be conveyed along with letters conditionally relinquishing the State's selection. Relinquishment of the selection would be enacted upon conveyance of the lands to the University.

Alaska Statute (AS) 38.05.035 allows for disposals of interests in state lands, and AS 38.05.945 provides procedures for notice of those disposals.
