Re: Amendment 4
RFP 25-VSW-SAKK-019
Water Intake and Water Transmission Line
RFP Due Date: March 11, 2025 @ 2:00 PM AST

The following are vendor questions and the department's response:

1. Vendor: The schedule for the DAR that is provided in the Shaktoolik RFP spans June through October. We are concerned this timeframe may be too short to allow for adequate assessment of river activity/conditions during winter months. Is it acceptable for responders to propose a modified timeline to enable winter evaluation, or is the stated schedule firm?

Department: Yes, it would be acceptable for a modified timeline to be proposed. See RFP Part C Evaluation Criteria, Section I – Technical Proposal #2 Project Approach.
