

**Written Statement of Use/Development (Project Description Plan) for a State of Alaska,
Department of Natural Resources, Division of Mining, Land and Water, Land Use Lease**

The Following are answers to the required questions on the **State of Alaska, Department of Natural Resources, Division of Mining, Land and Water** form 102-DEVPL (Rev.06/21):

- **Legal Description:** LOT 2 SECTION 24 T7S R5E PREVIOUSLY ASSESSED AS TL-2400 SECTION 24 T7S-R5E
- **Terrain/Ground Cover:** Existing ground cover consists mostly of black spruce. No proposed changes are planned. Continued use of the access road to Midnight Sun Council BSA land (Scout camp and associated lands) is the primary use.
- **Access:** Existing access road which is an extension of the Lost Lake Road.
- **Buildings and other structures:** An access control gate and entrance sign.
- **Power source:** none/not applicable.
- **Waste types, waste sources, and disposal methods:** none/not applicable.
- **Hazardous substances:** None; other than fuel tanks in vehicles which use the access road.
- **Water Supply:** none/not applicable.
- **Parking areas and storage areas:** none/not applicable.
- **Maintenance and operations:** Maintenance of access road and access control gate as needed. May include brush clearing along access road and grading or placement of gravel or filling of potholes in access road.
- **Closure/reclamation plan:** Plan is to maintain access to the Midnight Sun Council properties and no reclamation is planned.
