

STATE OF ALASKA DEPARTMENT OF NATURAL RESOURCES
Division of Mining, Land and Water

LAND USE PERMIT APPLICATION

AS 38.05.850

Applicants must complete all sections of this application. In addition, applicants proposing:

- the use of the uplands must also complete the Supplemental Questionnaire for Use of State-Owned Uplands accompanying this application;
- off-road travel must also complete the Supplemental Questionnaire for Off-Road Travel accompanying this application; and/or
- the use of shorelands, tidelands, and submerged lands must also complete the Supplemental Questionnaire for Use of State-Owned Waters accompanying this application.

Other items that must accompany the completed application are:

- a (non-refundable) application fee; see current Director's Fee Order or contact your regional office for applicable fees;
- a topographic map or aerial photo showing the location of the proposed activity;
- additional items identified and required in any supplemental questionnaire(s) to this application; and
- additional pages if more space is necessary to answer the questions completely.

Completed Land Use Permit Applications should be submitted electronically or mailed to one of the following offices:

Northern Region Land Office
3700 Airport Way
Fairbanks, AK 99709-4699
(907) 451-2740
nro.lands@alaska.gov

Southcentral Region Land Office
550 West 7th Ave, Suite 900C
Anchorage, AK 99501-3577
(907) 269-8503
dnr.scrp.permitting@alaska.gov

Southeast Region Land Office
P. O. Box 111020
Juneau, AK 99811-1020
(907) 465-3400
sero@alaska.gov

Statewide TTY – 771 for Alaska Relay or 1-800-770-8973

LAS # 35430

(Applicant please provide if known)

Applicant Information:

Name: CHRIS BRANHAM

Doing Business As: RIVERBANK SAFARIS LLC

Mailing Address: P.O. Box 191007

ANCHORAGE AK. 99519

OR

BRANHAM HANGAR

4701 AIRCRAFT DR
ANC. AK 99502

Email Address: 

Date of Birth: 6/15/1947

Business License #: 997352

EIN: 45-4989042

Contact Person: CHRIS BRANHAM

Home Phone: 

Work Phone: _____

Cell Phone: 

Fax: NA

LAS #: _____

If you are applying for a corporation, give the following information:

Name, address and place of incorporation:

RIVERBANK SAFARIS LLC - ANCHORAGE, AK.
P.O. Box 191007
ANCHORAGE, AK 99519.

Is the corporation qualified to do business in Alaska? Yes No

If yes, provide name, address and phone number of the resident agent:

CHRIS. P. BRANHAM
P.O. Box 191007.
ANCHORAGE, AK.

PHYSICAL: BRANHAM HANGAR
4701 AIRCRAFT DR
ANCHORAGE, AK 99502

Type of User (Select One): Private non-commercial (personal use) Commercial Recreation or Tourism
 Public Non-profit including Federal, State, Municipal Government Agency Other commercial or industrial

Duration of Project: The proposed activity will require the use of state land for: (Check one)

A single term of less than one year. Beginning month: _____ Ending month: _____
 A multi year term for up to 5 years. Beginning year: 2025 Ending year: 2029

If multi year and seasonal, mark months of use in each year.

Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sept, Oct, Nov, Dec

Project Location:

Latitude/Longitude or UTM: _____ of

Section: 19 Township: 12S Range: 38W Meridian: SEWARD
Section: 20 Township: 12S Range: 38W Meridian: SEWARD

Proposed project will require the use of up to 60 FOOT DIAMETER (6 acres) NW.

(Please add additional sheets for this section as necessary)

LAS #: _____

Project Description: Describe in detail your intended use of state land. (State land also includes all tide and submerged lands beneath coastal waters and all shorelands beneath other navigable waterbodies of the state.) Discuss development and activities. (Attach additional pages as necessary.)

PROVIDE BOAT ACCESS FOR GUIDED BEAR VIEWING AND PHOTOGRAPHY IN KUKAKLEK LAKE AND SURROUNDING WATERS INCLUDING THE ALAIGNAK RIVER. GUEST WILL BE TRANSFERRED BY FLOAT AIRCRAFT TO THE SAFE LANDING SECTION OF THE ALAIGNAK RIVER NEAR THE OUTLET OF KUKAKLEK LAKE. THE GUEST WILL TRANSFER TO THE BOAT ANCHORAGE TO A BOUY - BOAT ACCESS ALONG THE BENCHES PROVIDE THE BEST ACCESS TO VIEW AND PHOTOGRAPH BEARS AND OTHER WILDLIFE. GUEST MAY ALSO WISH TO FISH THESE WATERS AS OTHER OPTIONS

Should a portion of the permitted area be closed to the general public? Yes No

If yes, explain which portion and provide justification for exclusive use.

Site Description: Briefly describe the current condition of the proposed site of use, noting any trash, garbage, debris or signs of possible site contamination. (If significant, we recommend you provide pictures to establish initial conditions.)

THE LANDS ABOVE ORDINARY HIGH WATER MARK ARE OWNED BY THE NATIONAL PARK SERVICE AND IQINGIA NATIVE CORP. THE SUBMERGED LANDS IS SAND AND GRAVEL, WITH WATER DEPTHS RANGING FROM 6" TO 24" (INCHES) IN JUNE TO OCT. FROM OCT TO JUNE (OR WINTER MONTHS) THE SPECIFIC LOCATION FOR A BOUY IS 6" TO DRY. BASED ON WEATHER CONDITIONS. THE SHORELINE IS COVER IN WILLOW AND ADDED BRUSH WITH MARSH LANDS. BEAR TRAVEL THE SHORELINE IN SEARCH OF SALMON. OFTEN SWIMMING AND JUMPING IN THE RIVER. THE RIVER AND SHORELINE REMAIN CLEAN AND PRISTINE. AND WATER ARE ALWAYS CRYSTAL CLEAR, EXCEPT DURING S.E WINDS IN EXCESS OF 40 MPH. SAFE STORAGE IN THE LAKE CAN BE DANGEROUS

LAS #: _____
Land Use Permit Application Form 102-1084A
(Rev.9/21)

Are there improvements or materials on the site now? Yes No If yes, briefly describe the improvements, their approximate value, and who owns them. (We recommend you provide pictures of improvements.)

Describe the natural vegetation – ground cover, trees, shrubs – and any proposed changes. Describe the location of any estuarine, riparian, or wetlands and any noticeable animal use of area.

THE AREA IS ABOVE TIMBERLINE AND MOSTLY OPEN TUNDA AND GRASSLANDS. THE RIVER BANKS ARE COVERED WITH WILLOW AND ALDER BRUSH, WITH A FEW SCATTERED COTTONWOOD AND SPRUCE TREES. MINKIEG-BOGG AREAS ARE EVERYWHERE. THE TUNDRAS IS COVERED IN BLUEBERRY, CRANBERRY AND SALMON BERRY BUSHES. THESE PROVIDE EXCELLENT FOOD FOR BEARS THAT ROAM AND FEED.

Site Access: Describe how you plan to access the site, and your mode of transportation.

ACCESS WILL BE BY FLOAT PLANE ONLY.

If your access is by aircraft, specify the type and size of aircraft:

AIRCRAFT WILL BE SINGLE ENGIN FLOAT PLANE EG. CESSNA 206
DETTMANN BEARER DH-2...

To access the site, the aircraft is equipped with floats wheels skis .

Number of people:

1. Indicate the number of employees and supervisors who will be working on the site. 1
2. Indicate the number of customers who will be using the site per year or season. 100
3. Indicate the number of days the site will be used per year or season. 50

LAS #: _____

Land Use Permit Application Form 102-1084A
(Rev.9/21)

Environmental Risk / Hazardous Substances: In the course of your proposed activity will you generate, use, store, transport, dispose of, or otherwise come in contact with toxic and/or hazardous materials, and/or hydrocarbons?

Yes No . If yes, please describe:

REGULAR BOAT GAS AND MOTOR OIL.

The types and volumes of fuel or other hazardous substances present or proposed:

5 GALLON CAN / AND OR OUTBOARD FUEL TANK MAX 6 GALLONS
USE IN BOAT.

The specific storage location(s):

OUTBOARD FUEL WILL REMAIN IN THE SKIFF (16' H) OR
REMOVED AT TIME OF DEPARTURE.

The spill plan and prevention methods:

FUELING WILL TAKE PLACE ON PRIVATE PROPERTY. BOAT WILL HAVE
ABSORBENT FUEL PADS IN EVENT OF FUEL LEAK. THE INTENTION
IS TO REMOVE THE FUEL TANK AFTER USE EACH DAY.

If you plan to use either above or below ground storage containers (like tanks, drums, or other containers) for hazardous material storage, answer the following questions for each container:

Where will the container be located?

INSIDE THE SKIFF / BOAT.

What will be stored in the container?

REGULAR BOAT GAS

What will be the container's size in gallons? MAXIMUM SIZE 6 GALLONS (TANK)

Give a description of any secondary containment structure, including volume in gallons, the type of lining material, and configuration:

ABSORBENT FUEL PADS IN THE BOAT.

Will the container be tested for leaks? Yes No .

Will the container be equipped with leak detection devices? Yes No . If no, describe:

5 or 6 GALLON OUTBOARD FUEL TANKS - HAVE NO FUEL LEAK DETECTION DEVICES. WILL MONITOR BY OBSERVATION AND CHECK LIST.

Do you have any reason to suspect, or do you know if the site may have been previously contaminated?

Yes No . If yes, please explain:

Signature of Applicant or Authorized Representative

This form must be filled out completely and submitted with the applicable fees. Failure to do so will result in a delay in processing your permit. AS 38.05.035(a) authorizes the director to decide what information is needed to process an application for the sale or use of state land and resources. This information is made a part of the state public land records and becomes public information under AS 40.25.110 and 40.25.120 (unless the information qualifies for confidentiality under AS 38.05.035(a)(8) and confidentiality is requested, AS 43.05.230, or AS 45.48). Public information is open to inspection by you or any member of the public. A person who is the subject of the information may challenge its accuracy or completeness under AS 44.99.310, by giving a written description of the challenged information, the changes needed to correct it, and a name and address where the person can be reached. False statements made in an application for a benefit are punishable under AS 11.56.210.

In submitting this form, the applicant certifies that he or she has not changed the original text of the form or any attached documents provided by the Division. In submitting this form, the applicant agrees with the Department to use "electronic" means to conduct "transactions" (as those terms are used in the Uniform Electronic Transactions Act, AS 09.80.010 – AS 09.80.195) that relate to this form and that the Department need not retain the original paper form of this record: the department may retain this record as an electronic record and destroy the original.

Land Use Permit Application Form 102-1084A
(Rev.9/21)

**LAND USE PERMIT APPLICATION SUPPLEMENTAL QUESTIONNAIRE FOR:
Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands)**

Shorelands are those below ordinary high water mark of non-tidally influenced navigable waterbodies. **Tidelands** are that portion of the intertidal zone below the elevation of mean high water. This elevation varies by location. Contact the nearest Department of Natural Resources (DNR) regional office for assistance. **Submerged lands** are those below the lowest tidal elevation. The State of Alaska, with few exceptions, owns these lands out to three miles offshore. If your activity includes the use of State shorelands, tidelands, or submerged lands and the waters above them, answer the questions within applicable sections below. All site development details identified in this section must be represented graphically in the scaled drawings on page 9 of the supplement.

Does the applicant own the directly adjacent, upland waterfront property? Yes No

If no, give name(s) and current address/phone number of the property owner.

NATIONAL PARK SERVICE - BOX 7, KING SALMON, AK 99613. 907-246-2103
IQIUGIQ NATIVE CORP - BOX 4008, IQIUGIQ, AK 99613. 907-533-3211.

Give names and current addresses and/phone numbers for both upland property owners on either side of the above waterfront property.

SAME AS ABOVE

Note: You must obtain the upland owner's written permission for any use of uplands you do not own including for waste disposal, access roads, waterlines, power lines, or shore ties above MHW, and you must provide a copy to DNR before a permit is issued. If not the immediately adjacent upland property owner, does the applicant have legal access across the uplands? Yes No Please explain.

IQIUGIQ NATIVE CORP. DOES NOT ALLOW PUBLIC ACCESS OF THEIR LANDS
NATIONAL PARK SERVICE - DOES ALLOW LIMITED PUBLIC USE.
WE ARE NOT REQUESTING ANY ACCESS TO LANDS ABOVE ORDINARY
HIGH WATER MARK.

Will your tideland use involve any use of adjacent State-owned uplands? Yes No (If Yes, indicate uses and show on your development plan diagram.) Shore tie Waterline Power line Access to roads Other - Explain.

Type of Use, Activity, Development (Answer All).

Will you be developing / using a Mooring Buoy or anchoring a commercial or industrial use vessel for more than 14 days?

Yes No (If yes, please also answer all questions in **Part 1 on page 2 and Part 6 on pages 10, 11.**)

LAS # 35430

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

Will you be anchoring or mooring a commercial or industrial related floating facility that is or can be occupied, i.e. a float camp or floating lodge, a float house you rent, a seafood processor?

Yes No (If yes, please also answer all questions in Part 2, on page 3 and Part 6 on pages 10, 11.)

Will you be anchoring or mooring your own personal use Float house?

Yes No (If yes, please also answer all questions in Part 2, on pages 3 and Part 6 on pages 10, 11.)

Will you be placing non-occupied structures including but not limited to Piling, Dolphins, Fixed docks, Floating docks, or other floating structures?

Yes No (If yes, please also answer all questions in Part 3, on page 4 and Part 6 on pages 10, 11.)

Are you seeking authorization to use or develop a Log Transfer Facility, a floating Log Storage area, or a Log Ship Loading site?

Yes No (If yes, please also answer all questions in Part 4, pages 5, 6, 7 and Part 6 on pages 10, 11.)

Will you be placing fill or dredging material on a beach?

Yes No (If yes, please also answer all questions in Part 5, pages 8, 9 and Part 6 on pages 10, 11.)

Part 1. Anchoring vessels and mooring buoy systems

Does the proposed use location include a known anchorage? Yes No If yes, have alternative locations been considered to reduce impact to the anchorage? Yes No If no, explain why.

What type of vessel will use the site? Commercial Fish Tender / Processor Log Ship General Cargo Ship

Unoccupied Barge Fuel Barge Passenger Vessel Other: SKIFF-16'

Does the anchoring vessel require the ability to be able to occupy this site all year long? Yes No

If no, what months will the site be used? From JUNE 1ST to OCT-10TH

What is the maximum swing radius of vessel at anchor? Length: 30' feet (distance from anchor to the aft of the vessel).

Will the vessel require the placement of a mooring buoy system? Yes No Number of buoys: ONE

If placing buoys, fill out applicable parts of Part 3 to explain the anchoring system.

LAS # 35430

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

Part 2. Floathouses and Commercial, Industrial Floating Lodges, Float camps, Caretaker Residences (including seafood processors)

Description of Facility Note: The structures and dimensions must be shown on the development plan diagram.

Float Dimensions: float ____ x ____ float ____ x ____ float ____ x ____ Total float area ____ sq ft

Living quarters total area: ____ sq ft. Number of stories: ____ Maximum occupancy: ____ persons

Describe other structures on floats, such as storage and generator sheds; give structure dimensions.

N/A

Describe anchoring system and address all that apply: No. of anchors ____ Type ____ Weight ____

No. of Rock bolts: ____ No. of Shore ties: ____

Other methods:

N/A

Grounding is prohibited. What is the water depth beneath the facility at extreme low tide? ____

How many feet of maximum draft does the floating facility have? ____

Describe your potable Water Source: type, location, ownership of the source:

Wastewater System. Describe how you will handle human waste, black water, grey water:

Do you have an approved Alaska Department of Environmental Conservation marine sanitation system? Yes No

Approval # ____

Describe how you will dispose of all solid waste including human waste and household garbage generated on facility:

N/A

LAS # 35430

Page 3 of 12

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

Part 3. Non occupied structures - Piling, Dolphins, fixed docks, floating docks, or other floating structures.

Select all boxes that apply for structures located below MHW and show all on the development plan diagram.

- Fixed pile-supported dock, wharf or landing (non-floating) – dimensions ____ x ____ feet. No. of pilings ____
- Ramp to floating dock - dimensions ____ x ____ feet
- Boat haulout or non-floating ramp - dimensions ____ x ____ feet
- Floating dock dimensions ____ x ____ feet, ____ x ____ feet, ____ x ____ feet, ____ x ____ feet, ____ x ____ feet
- Floating breakwater - materials: _____ Dimensions ____ x ____
- Other floating structures (e.g., net pens, gear storage float) - describe materials, structures, dimensions:
FLOATING BUOY - ANCHORE WITH ROPE

- Storage sheds or similar structures on docks - description _____ Dimensions ____ x ____
- Bulkhead - type (log crib, sheet pile, etc.) _____
Dimensions ____ x ____ Cubic Yards of Fill _____
- Individual pilings not counted under fixed dock above. Number ____
- Dolphins - Number ____ Number of pilings per dolphin ____
- Anchor - Number 1 Type STEEL ROD ANCHOR Weight 8 lbs
- Rock bolts - Number ____
- Shore ties – Number ____ Note: You must obtain the upland owner's permission to place shore ties above MHW before a permit is issued.

Note: Grounding is prohibited.

What is the water depth beneath the floating structures at extreme low tide? 1 feet

LAS # 35430

Part 4. Temporary log transfer facility (LTF) including floating log storage area.

Siting of an LTF which discharges wood into the marine waters must meet the 1985 Alaska Timber Task Force siting criteria guidelines and the criteria established under the US Environmental Protection Agency's (USEPA) - National Pollutant Discharge Elimination System (NPDES) general permit and the Alaska Department of Environmental Conservation (ADEC) 401 certification.

What is the maximum length of time that you will need to use the facility? _____ years.

What will be your seasonal periods of operation? _____

What is the total timber volume you need to transfer across this LTF? _____ mmbf.

How many total acres do you need for this facility? _____ acres.

Note: This acreage must include all improvements including the anchors and lines. It must include the area required for such items as log raft construction, off-shore storage, associated barge and vessel moorage, and shore-ties.

Does the associated transfer site require a log raft building area? Yes No If yes then:

How many boom logs _____ and anchors _____ and what is the total length of boom logs _____ feet, that you need for the rafting area?

Will the log rafts ground or be moored in water at depths less than 40 feet as measured from MLLW?

Yes No

What is the near shore depth _____ feet, and the offshore depth _____ feet, of the log rafting area as measured from MLLW (0.0' elevation)?

What nautical chart did you use for reference _____, please include a copy of this area of the chart with the attachments.

Will you need an associated in-water log storage area? Yes No If Yes, then answer the set of questions in the **Floating Log Storage Area section of Part 4.**

Will you need an associated log ship moorage and loading area? Yes No If yes then complete Part 1 on Pg 2.

What kind of transfer facility do you propose to operate? (i.e. A-Frame letdown, slide ramp, drive down ramp, barge ramp)

N/A

Will you be transferring logs into the marine waters?

No, logs will never be discharged into the water, they will always be transported directly onto barges.

Yes - new facility. The applicant must conduct a dive survey of the near shore area to document the pre-project underwater topography and habitat conditions that will be covered by the discharge of bark on to the likely one-acre zone of deposit. The initial dive survey must be done to guidelines established for bark monitoring by the USEPA and the ADEC. A written report of findings including photographic documentation must be submitted prior to review and consideration of this application.

LAS # 35430

Page 5 of 12

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

Part 4. (continued)

Yes - existing facility. Include a report of the last dive survey with attachments. The applicant / operator is responsible to conduct bark monitoring dive surveys, done to the guidelines established by the USEPA and the ADEC to document the current extent of bark accumulation at the site. A written report of current monitoring findings must be submitted prior to review and consideration of this application.

Is this an existing LTF that has been fully approved and used to transport timber in the past? Yes No

If Yes, then answer the following set of questions. If No, you are finished with Part 4.

Was the facility constructed before 1985? Yes No

Is the facility currently authorized? Yes No If Yes, provide the Army Corps of Engineer's Permit Name and number (i.e. Mud Bay 43) _____ and attach a copy of it and all modifications.

What is the US EPA - NPDES authorization number? _____ Date of approval _____

and who is the authorized operator: _____

When was the facility last actively used? _____ How long was it used before? _____

How much volume was transferred? _____ mmbf

What type of log entry system is currently authorized? (i.e. A-Frame letdown, slide ramp, drive down ramp, barge ramp)

N/A

Is there a tideland survey for the site? Yes No , ATS # _____

Does the existing facility require a physical modification? Yes No If Yes, please submit your modification request to the USACE and include a copy with this application. Please briefly explain the modification.

Floating Log Storage Area

N/A

Will the storage area be inside the permit area at the log transfer facility? Yes No If No, Will there be a separate tract or tracts? Yes No If Yes, how many tracts do you need? _____ and list below the acreage of each tract.

How long do you need to use the storage area(s)? _____

How much volume will be moved thru this storage area? _____ mmbf

How many log booms and anchors and what is the total length of the log boom perimeter that will be needed for storage?

of log booms _____, # of anchors _____ total length of all log booms _____ feet.

Will you be using shore ties? Yes No If Yes, provide a copy of this permission, if No, you need to obtain and provide this.

LAS # 35130

Part 4. (continued)

Will the log rafts ground or be moored in water at depths less than 40 feet as measured from MLLW?

Near shore depth _____ feet, Offshore depth _____ feet.

What nautical chart did you use for reference? _____ If possible, please include a copy with the attachments.

If the log storage area is one which has been fully approved and used to store log rafts in the past, then answer the following:

When was the site last actively used? N/A and for how long? _____

If known, how much volume was stored here? _____ mmbf

Is the facility currently authorized? Yes No If Yes, provide the Army Corps of Engineer's Permit Name and number (i.e. Mud Bay 43): _____ and attach a copy of the permit and all modifications.

What is the DNR authorization number? _____

What is the US EPA - NPDES authorization number? _____ Date of approval _____ and who is the authorized operator: _____

Has there been a recent dive survey completed? Yes No If Yes, then include a copy of this report with the attachments.

Note: The applicant may have to conduct a dive survey of the log storage area to document the underwater topography and habitat that would be covered by the bark zone of deposit or to establish current bark accumulation levels. If required due to level of use, a bark monitoring dive survey must be done to guidelines established by the US EPA and the ADEC to document the current conditions at the site.

LAS # 35430

Part 5. Use that involves dredging, placing fill material or altering beaches.

NOTE: When altering the location of the line of mean high water on a beach by placing fill on or seaward of this line you need to be aware of the following. The line of ordinary high water (OHW) or mean high water (MHW) is the boundary where State (public) ownership of shorelands, tidelands and submerged land begins. For OHW, the boundary is the highest water level which has been maintained for a sufficient period of time to leave evidence upon the landscape, commonly that point where the natural vegetation changes from predominantly aquatic to predominantly terrestrial. For MHW, this boundary is an elevation contour on the beach and is determined by the tidal stage of MHW water elevation against the beach topography. These lines are not fixed by a past survey of the upland property if that land survey shows a meandered boundary as is typically done. A meandered boundary is intended to be dynamic and move over time; natural forces can either erode material or deposit material and as a result, the boundary can naturally move. Another natural way that boundaries can change is in tidal areas where glaciers have recently receded and the land is rebounding or uplifting over time. When any natural process is interrupted by the actions of man, such as placing material to stop erosion, the boundary line typically becomes fixed from that point on. When altering the boundary line through fill below MHW or (OHW), the upland owner will not gain ownership of the newly filled areas; these areas remain in State (public) ownership.

What is the elevation of the line of MHW at the proposed permit site? _____ feet

Are you proposing to alter the line of MHW in any manner? Yes No If Yes, explain what you intent to do.

N/A

Placing fill material on a beach.

What is the purpose of the fill?

Is there an upland survey that has established a meandered boundary line? Yes No

If Yes, Survey # _____ (if a subdivision survey please provide a legible copy)

(ATS, ASLS, US Survey #)

Will heavy equipment be used below the mean high-water line to alter the beach? Yes No If Yes, explain:

N/A

How many cubic yards of fill are you proposing to place at and below the line of MHW? _____ cubic yards

What are the dimensions of fill area below MHW elevation? _____

How many linear feet along the (beach) line of MHW will be covered with fill? _____ feet

Is there more than one area along the beach which will be filled? Yes No Identify the location of each area on the development plan diagram.

LAS # 35430

Part 5. (continued)

Will any of the fill material come from State owned uplands or tide and submerged lands? Yes No If Yes, then what is the source?

_____ and how many cubic yards? _____

If you are intending to limit beach fill to the area above the current line of MHW will any of the fill or associated retaining wall material including the toe of the fill or retaining wall extend beyond the line of MHW? Yes No

Is the adjacent upland property encumbered with a public easement along the waterfront boundary? Yes No

How will the fill affect public access along the beach?

Excavation of materials from a beach.

What is the purpose of the excavation?

N/A

How many linear feet along the beach will be affected? _____ feet

To what depth will you be excavating? _____ feet

How many cubic yards will be excavated from the area seaward of the line of MHW? _____ cubic yards and what will this excavated material be used for or where will it be disposed?

LAS # 35430

Part 6. Dismantle, Removal, Restoration Plan - The permit will require that upon expiration, completion, or termination the site shall be vacated and all improvements and personal property removed. The site shall be left in a clean, safe condition acceptable to the Regional Manager. Your answers to the following questions will establish your proposed restoration plan.

A. Explain how you plan to dismantle and remove the improvements and restore the site to a clean, safe condition acceptable to the Regional Manager. **Note:** One acceptable alternative is returning the permit site to the condition that existed before the site was developed or used.

REMOVING A 4' (FOUR) FOOT STEEL ROD ANCHOR.

B. If your project involves fill describe how it will be removed and where will it be removed to. How will you document that the original line of Mean High Water has been restored? (e.g. photo documentation, resurvey)

NO.

C. If your project involves anchors and/or pilings how do you plan on removing them? Where is the nearest community that provides this type of removal equipment / service?

ANCHOR WILL BE REMOVED BY HAND WITH A BAR ROTATING IT COUNTER CLOCKWISE

D. Describe the disposal method and identify the disposal site or sites for structural components, solid wastes, and hazardous wastes.

- NONE -

Part 6. (continued)

E. If components can be reused for other projects, such as anchors, identify where they would be stored?

ANY AND ALL ANCHORS WILL BE STORED ON PRIVATE PROPERTY
IN KAIMAI NATIONAL PARK THAT IS OWNED BY THE
APPLICANT.

This form must be filled out completely and submitted with the applicable fees. Failure to do so will result in a delay in processing your permit. AS 38.05.035(a) authorizes the director to decide what information is needed to process an application for the sale or use of state land and resources. This information is made a part of the state public land records and becomes public information under AS 40.25.110 and 40.25.120 (unless the information qualifies for confidentiality under AS 38.05.035(a)(8) and confidentiality is requested or AS 45.48). Public information is open to inspection by you or any member of the public. A person who is the subject of the information may challenge its accuracy or completeness under AS 40.25.310, by giving a written description of the challenged information, the changes needed to correct it, and a name and address where the person can be reached. False statements made in an application for a benefit are punishable under AS 11.56.210.

In submitting this form, the applicant certifies that he or she has not changed the original text of the form or any attached documents provided by the Division. In submitting this form, the applicant agrees with the Department to use "electronic" means to conduct "transactions" (as those terms are used in the Uniform Electronic Transactions Act, AS 09.80.010 – AS 09.80.195) that relate to this form and that the Department need not retain the original paper form of this record: the department may retain this record as an electronic record and destroy the original.
