

GOOSE BAY STATE GAME REFUGE MANAGEMENT PLAN Public Scoping Questionnaire

The Goose Bay State Game Refuge includes state owned lands and waters around the mouth and lower reaches of Goose Creek, near Point Mackenzie. The Alaska Department of Fish and Game (ADF&G) would like to know how people use the refuge and what fish, wildlife, waterfowl, habitat resources and public access are important to members of the public so we can develop a management plan for the refuge.

More information about the refuge and planning can be found at:
