INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Department of Education and Early Development, Division of Innovation and Education Excellence, is seeking a vendor who will provide asynchronous Executive Function (EF) training for educators, equipping them with strategies to enhance both teacher and student agency in applying EF skills to support literacy. The training will focus on integrating EF principles into academic planning and classroom routines, fostering student independence and self-regulation. Additionally, a monthly virtual collaborative community will be established, allowing Alaskan educators to share best practices and refine their application of EF strategies in the classroom.

The ultimate goal of this project is to empower educators with the knowledge, skills, and support necessary to effectively integrate Executive Function (EF) Blueprint strategies into literacy instruction, leading to improved student engagement, independence, and academic success. By the end of the initiative, teachers will have gained a strong understanding of EF skills and the Blueprint lesson planning and their role in learning, allowing them to apply structured approaches to academic planning, classroom routines, and instructional practices. As a direct outcome, students will develop stronger self-regulation, task management, and organizational skills, which are critical for literacy development and overall academic achievement. Teachers will report increased confidence in applying EF strategies, and classrooms will reflect a more structured and supportive learning environment that fosters both student autonomy and success.

In addition, the project will establish a sustainable, collaborative professional learning community where Alaskan educators can continuously share insights, reflect on implementation, and refine their practices. This monthly virtual forum will ensure that the impact of the training extends beyond the initial learning phase, providing educators with an ongoing support network to reinforce and expand their use of EF strategies. Overall, this initiative will result in lasting improvements in instructional practice, student learning outcomes, and educator collaboration, creating a strong foundation for continued success in integrating Executive Function skills into literacy instruction

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

The Need for Executive Function Training

Executive Function (EF) skills are essential for academic success, professional growth, and lifelong adaptability. These cognitive skills including working memory, cognitive flexibility, and self-regulation, are fundamental for learning, problem-solving, and managing complex tasks. Many students struggle with EF challenges that impact their ability to organize their thoughts, follow multi-step directions, and sustain attention, ultimately affecting their academic performance and overall well-being.

Impact on Teacher Instruction and Student Outcomes

Providing educators with a strong foundation in Executive Function enables them to integrate strategies that support students in developing these critical skills.

EF trained educators are able to:

1. **Differentiate Instruction:** Adapt teaching methods to support students with diverse cognitive needs.
2. **Foster Independent Learning:** Implement strategies that promote self-monitoring, time management, and increase student agency.
3. **Improve Classroom Management:** Create structured, predictable environments that reduce cognitive overload for students.
4. **Enhance Student Success:** Support the development of problem-solving skills, resilience, and academic independence; and
5. By incorporating EF-informed teaching practices, educators can help students strengthen their ability to plan, prioritize, and adapt—skills necessary for both school and future career readiness.

Executive Function Skills are Essential for Students even Outside the Classroom

Beyond the classroom, EF skills play a crucial role in everyday life. They are the foundation for managing responsibilities, maintaining relationships, and achieving long-term goals. Strong EF abilities enable individuals to:

1. **Adapt** to new situations and solve problems efficiently.
2. **Organize** tasks and manage time effectively.
3. **Regulate** emotions and maintain focus under pressure.
4. **Navigate** professional and personal responsibilities with confidence; and
5. Developing these skills early ensures that students are equipped to handle the increasing demands of higher education, the workforce, and independent living.

An Asynchronous Course is Beneficial for Teachers

Educators often face demanding schedules that make attending live training sessions challenging. An asynchronous EF training course provides several key advantages:

1. **Flexibility:** Teachers can engage with the content at their own pace, allowing them to fit learning into their busy schedules.
2. **Deeper Reflection:** Participants can revisit materials, apply concepts in real-time, and integrate strategies into their teaching practice.

3. **Increased Accessibility:** Educators across different schools and districts can access high-quality training without travel or schedule constraints.
4. **Sustained Learning:** On-demand access allows teachers to review key concepts as needed throughout the academic year.

Current Conditions and Why This Service is Needed

Educators today are working in increasingly complex classroom environments, with students who present a wide range of cognitive and emotional needs. Teachers frequently encounter:

1. **Students with EF Deficits:** Many students, particularly those with ADHD, learning differences, or traumatic histories, struggle with executive function skills.
2. **High Academic and Behavioral Demands:** Educators must support students in managing workloads, staying organized, and developing independent learning habits.
3. **Time Constraints:** Teachers need professional development that fits into their schedules without pulling them away from instructional time.
4. By providing asynchronous EF training, this service ensures that educators receive the tools and strategies they need to enhance student learning while maintaining flexibility in their professional development.

Reason for Comprehensive Literacy State Development Grant request?

The Alaska Department of Education and Early Development is currently in a No Cost Time Extension (Year 6) of the 5 Year CLSD Grant awarded in 2019. The agency has 5% of the awarded amount reserved for state purchasing. While the remaining funds are set aside for personnel, fringe, and travel, there are additional state funds that need to be expended by September 30, 2024. If these funds are used in concurrence with executive function training, then the agency is supporting 31 Alaskan districts with essential tools for literacy sustainability before the funds expire. Districts have expressed interest in the training for their professional development grant goals.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 SCOPE OF WORK AND DELIVERABLES

This project aims to enhance both teacher and student agency in understanding and applying Executive Function (EF) skills to improve literacy outcomes. By equipping educators with the knowledge and strategies necessary to integrate EF skills into academic planning and classroom routines, the initiative will foster a more structured and supportive learning environment that benefits all students.

The vendor will provide and manage asynchronous training licenses, ensuring seamless access for educators. Additionally, all required books will be shipped directly to teachers by the vendor utilizing USPS only, streamlining the distribution process and ensuring timely delivery of materials.

Main Outcomes:

- **Increased Teacher Agency:** Educators will develop a deeper understanding of EF skills and their impact on student learning, enabling them to implement research-based strategies effectively.
- **Enhanced Student Agency:** As teachers apply EF strategies, students will gain greater independence in organizing their learning, managing tasks, and improving self-regulation, directly supporting literacy development.
- **Sustainable Professional Learning Community:** A structured, ongoing virtual forum will provide Alaskan educators with a collaborative space to share best practices, reflect on their implementation of EF strategies, and refine their approaches based on peer insights and real-world classroom application.

Key Deliverables:

- **Asynchronous Executive Function Training Module:** A comprehensive online training program designed to support educators in understanding and applying EF principles within literacy instruction of at least 20 hours.
- **Application of EF Skills in the Classroom:** Teachers will learn to incorporate EF strategies into lesson planning, classroom routines, and instructional practices to foster student engagement and academic success.
- **Monthly Virtual Collaborative Community:** A facilitated discussion forum where participating educators can share their experiences, discuss challenges, and refine their application of EF strategies with the support of peers and expert facilitators.
- **Options for Ongoing Coaching:** To sustain implementation of both Structured Literacy and Executive Function professional development, the State would prefer a capacity to offer continued coaching.

Expected Results: Teachers will report increased confidence and ability to integrate EF strategies into literacy instruction. Students will demonstrate improved organization, task management, and self-regulation instructional skills, contributing to stronger literacy outcomes. Alaskan educators will have access to an ongoing, supportive professional network focused on implementing and refining EF practices in their classrooms. This initiative is designed to create lasting change by empowering educators with the

tools and collaborative support necessary to embed Executive Function skills into daily instruction, ultimately enhancing student learning and literacy achievement.

SECTION 4. PROPOSAL FORMAT AND CONTENT

SEC. 4.01 RFP SUBMITTAL FORMS

This RFP contains Submittal Forms, which must be completed by the offeror and submitted as part of their proposal. An electronic copy of the forms is posted along with this RFP.

Unless otherwise specified in this RFP, the Submittal Forms shall be the offeror’s entire proposal. Do not include any marketing information in the proposal.

Any proposal that does not follow these requirements may be deemed non-responsive.

SEC. 4.02 SPECIAL FORMATTING REQUIREMENTS

The offeror must ensure that their proposal meets all special formatting requirements identified in this section.

Documents and Text: All attachment documents must be written in the English language, be single sided, and be single spaced with a minimum font size of 10. Pictures or graphics may be used if the offeror feels it is necessary to communicate their information, however, be aware of the below requirements for page limits.

Page Limits: Some Submittal Forms listed below have maximum page limit requirements. Offerors must not exceed the maximum page limits. Note, the page limit applies to the front side of a page only (for example, ‘1 Page’ implies that the offeror can only provide a response on one side of a piece of paper). Any pages exceeding the maximum page limit will be discarded and will not be included in the evaluations (for example, the maximum page limit is 3 pages, but the Offeror submits 5 pages for that submittal form. Only pages 1-3 will be evaluated. Pages 4 and 5 would be discarded by the Procurement Officer before sending to the proposal evaluation committee for evaluation.).

| Submittal Form | Maximum Page Limits |
|--|---------------------|
| Submittal Form A – Offeror Information and Certifications | N/A |

| Submittal Form C – Understanding of the Project | 5 |
| Submittal Form D – Methodology Used for the Project | 5 |
| Submittal Form E – Management Plan for the Project | 5 |
| Submittal Form F – Cost Proposal | 1 |

Any Submittal Form submitted as part of a proposal that is not compliant with the instructions above may be a basis for finding the proposal non-responsive and thus rejected.

SEC. 4.03 OFFEROR INFORMATION AND CERTIFICATIONS (SUBMITTAL FORM A)

Offerors must provide a concise narrative on their experience and qualifications as it relates to this project or other field-related experiences.

The costs identified on the cost proposal are the total amount of costs to be paid by the state. No additional charges shall be allowed.

SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate the Technical portion of all responsive proposals.
- 3) The Submittal Forms, from each responsive proposal, will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The state will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

| Overall Criteria | Weight |
|------------------|-----------|
| Responsiveness | Pass/Fail |

| Qualifications Criteria | | Weight |
|----------------------------------|--------------------|--------|
| Experience and Qualifications | (Submittal Form B) | 150 |
| Understanding of the Project | (Submittal Form C) | 150 |
| Methodology Used for the Project | (Submittal Form D) | 100 |
| Management Plan for the Project | (Submittal Form E) | 100 |
| | Total | 500 |

| Cost Criteria | | Weight |
|---------------|--------------------|--------|
| Cost Proposal | (Submittal Form F) | 400 |
| Total | | 400 |

| Preference Criteria | | Weight |
|---|--|--------|
| Alaska Offeror Preference (if applicable) | | 100 |
| Total | | 100 |

TOTAL EVALUATION POINTS AVAILABLE: 1000

SEC. 5.03 SCORING METHOD AND CALCULATION

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria set out in Sections 5.04 through 5.07 and assign a single score of 1 through 10, with 10 representing the highest score and 1 representing the lowest score. Using only whole numbers, PEC members should start with a score of 5 on each section. The score may either increase or decrease depending on the offeror’s response to each question for that section. As an example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror’s response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

After the PEC has scored, the scores for each section will be totaled and the following formula will be used to calculate the total amount of points awarded for each section:

$$\frac{\text{Offeror Total Score}}{\text{Highest Total Score Possible}} \times \text{Max Points} = \text{Points Awarded}$$

Example (Max Points for the Section = 100):

| | PEC Member 1 Score | PEC Member 2 Score | PEC Member 3 Score | PEC Member 4 Score | Combined Total Score | Points Awarded |
|------------------|--------------------|--------------------|--------------------|--------------------|----------------------|----------------|
| Offeror 1 | 10 | 5 | 5 | 10 | 30 | 75 |
| Offeror 2 | 5 | 5 | 5 | 5 | 20 | 50 |
| Offeror | 10 | 10 | 10 | 10 | 40 | 100 |

| | | | | | | |
|---|--|--|--|--|--|--|
| 3 | | | | | | |
|---|--|--|--|--|--|--|

Offeror 1 was awarded 75 points:

$$\frac{\text{Offeror Total Score (30)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (100)} = \text{Points Awarded (75)}$$

Offeror 2 was awarded 50 points:

$$\frac{\text{Offeror Total Score (20)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (100)} = \text{Points Awarded (50)}$$

Offeror 3 was awarded 100 points:

$$\frac{\text{Offeror Total Score (40)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (100)} = \text{Points Awarded (100)}$$

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS

This portion of the offeror’s proposal will be evaluated against the following questions:

- 1) Did the offeror provide a comprehensive narrative on how they meet or exceed the minimum requirements as indicated in Sec. 1.04 PRIOR EXPERIENCE.
 - a. An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.
- 2) How well did the offeror describe their experience and qualifications as it relates to this project and/or other field-related experiences?
- 3) Did the offeror provide reference names and phone numbers for similar projects the offeror has completed?
- 4) Are resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?

SEC. 5.05 UNDERSTANDING OF THE PROJECT

This portion of the offeror’s proposal will be evaluated against the following questions:

- 1) How well has the offeror demonstrated a thorough understanding of the purpose and scope of the project?
- 2) How well has the offeror identified pertinent issues and potential problems related to the project?

- 3) To what degree has the offeror demonstrated an understanding of the deliverables the state expects it to provide?
- 4) Has the offeror demonstrated an understanding of the state's time schedule and can meet it?

SEC. 5.06 METHODOLOGY USED FOR THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?
- 2) How well does the offeror propose a facilitation methodology aligned to the size and scope of the project?
- 3) Did the offeror provide a timeline and coordination plan for ensuring timely completion of deliverables?

SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How well does the management plan support all the project requirements and logically lead to the deliverables required in the RFP?
- 2) How well is accountability completely and clearly defined?
- 3) Does it appear that the offeror can meet the schedule set out in the RFP?

SEC. 5.08 CONTRACT COST (COST PROPOSAL)

Overall, a minimum of **40%** of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

Example (Max Points for Contract Cost = 400):

Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

| | |
|------------|----------|
| Offeror #1 | \$40,000 |
| Offeror #2 | \$42,750 |
| Offeror #3 | \$47,500 |

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.3$

Offeror #3 receives 336.8 points.

$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$

SEC. 5.09 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

Example:

Step 1

Determine the number of points available to qualifying offerors under this preference:

$1000 \text{ Total Points Available in RFP} \times 10\% \text{ Alaska Offeror preference} = 100 \text{ Points for the preference}$

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

| | | | |
|------------|------------|---------------------------|------------|
| Offeror #1 | 830 points | No Preference | 0 points |
| Offeror #2 | 740 points | Alaska Offeror Preference | 100 points |
| Offeror #3 | 800 points | Alaska Offeror Preference | 100 points |

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

| | |
|-------------------|---|
| Offeror #1 | 830 points |
| Offeror #2 | 840 points (740 points + 100 points) |
| Offeror #3 | 900 points (800 points + 100 points) |

Offeror #3 is the highest scoring offeror and would get the award, provided their proposal is responsive and responsible.

SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the project director or procurement officer. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806** for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

SEC. 6.03 SITE INSPECTION

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the state reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state's expense will make site inspection.

SEC. 6.04 CLARIFICATION OF OFFERS

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

SEC. 6.05 DISCUSSIONS WITH OFFERORS

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.06 EVALUATION OF PROPOSALS

The procurement officer, or an evaluation committee made up of at least three state employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 6.07 CONTRACT NEGOTIATION

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those

items which would not influence the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations are commenced, they may be virtually.

SEC. 6.08 FAILURE TO NEGOTIATE

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will set out the names of all offerors and identify the offeror selected for award.

SEC. 6.10 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;

- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

SEC. 6.11 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. SEC. 6.18 ADDITIONAL TERMS AND CONDITIONS

The state reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the proposal evaluations.

SEC. 6.19 HUMAN TRAFFICKING

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <https://www.state.gov/trafficking-in-persons-report/>

Failure to comply with this requirement will cause the state to reject the proposal as non-responsive or cancel the contract.

SEC. 6.20 RIGHT OF REJECTION

Offerors must comply with all of the terms of the RFP, the State Procurement Code (AS 36.30), and all applicable local, state, and federal laws, codes, and regulations. The procurement officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the state. If an offeror does so, the procurement officer may determine the proposal to be a non-responsive counteroffer and the proposal may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the RFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision;

may be waived by the procurement officer.

The State reserves the right to refrain from making an award if it determines that it is not in the best interest of the State.

A proposal from a debarred or suspended offeror shall be rejected.

SEC. 6.21 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The state will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

SEC. 6.22 DISCLOSURE OF PROPOSAL CONTENTS

All proposals and other material submitted become the property of the State of Alaska and may be returned only at the state's option. AS 40.25.110 requires public records to be open to reasonable inspection. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, proposals will become public information.

The Office of Procurement and Property Management (OPPM), or their designee recognizes that some information an offeror submits might be confidential under the United States or the State of Alaska Constitution, a federal statute or regulation, or a State of Alaska statute: i.e., might be confidential business information (CBI). *See, e.g.*, article 1, section 1 of the Alaska Constitution; AS 45.50.910 – 45.50.945 (the Alaska Uniform Trade Secrets Act); *DNR v. Arctic Slope Regional Corp.*, 834 P.2d 134, 137-39 (Alaska 1991). For OPPM or their designee to treat information an offeror submits with its proposal as CBI, the offeror must do the following when submitting their proposal: (1) mark the specific information it asserts is CBI; and (2) for each discrete set of such information, identify, in writing, each authority the offeror asserts make the information CBI. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

SEC. 6.23 ASSIGNMENT

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer.

SEC. 6.24 FORCE MAJEURE (IMPOSSIBILITY TO PERFORM)

The parties to a contract resulting from this RFP are not liable for the consequences of any failure to perform, or default in performing, any of its obligations under the contract, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party.

For the purposes of this RFP, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of

materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

SEC. 6.25 DISPUTES

A contract resulting from this RFP is governed by the laws of the State of Alaska. If the contractor has a claim arising in connection with the agreement that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632. To the extent not otherwise governed by the preceding, the claim shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

SEC. 6.26 SEVERABILITY

If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

SEC. 6.27 SUPPLEMENTAL TERMS AND CONDITIONS

Proposals must comply with Section 6.08 Right of Rejection. However, if the state fails to identify or detect supplemental terms or conditions that conflict with those contained in this RFP or that diminish the state's rights under any contract resulting from the RFP, the term(s) or condition(s) will be considered null and void. After award of contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and

If the state's rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

SEC. 6.29 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contact price and shall take appropriate action as directed by the procurement officer.
- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:

-
- a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract.
 - b) The contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal excise tax or duty for goods or services under the contract, except social security or other employment taxes, that the contractor is required to pay or bear, or does not obtain a refund of, through the contractor's fault, negligence, or failure to follow instructions of the procurement officer.
 - **State's Ability to Make Changes:** The state reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
 - **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.
