Re: *18 AAC 62: DEC Hazardous Waste Regulations under RCRA*
Our file: 2023200060

Dear Lieutenant Governor Dahlstrom:

The Department of Law has reviewed the attached regulations of the Department of Environmental Conservation against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This letter constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations. The regulations were adopted by the Department of Environmental Conservation after the close of the public comment period.

The regulations promote proper management of hazardous waste by generators, handlers, transporters, and hazardous waste management facilities in accordance with 42 U.S.C. 6921 - 6939g (Resource Conservation and Recovery Act (RCRA)), and are designed to meet federal Environmental Protection Agency standards to delegate regulation of hazardous waste from that agency to the state.

The August 13, 2023 public notice, the September 12, 2023 supplemental public notice, and the April 30, 2025 adoption order all state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.060 is not required.

No technical corrections were necessary to conform the regulations in accordance with AS 44.62.060.

Sincerely,

TREG TAYLOR
ATTORNEY GENERAL

ORDER ADOPTING CHANGES TO REGULATIONS
OF DEPARTMENT OF ENVIRONMENTAL CONSERVATION

The attached 53 pages of regulations, dealing with hazardous waste regulations, are adopted and certified to be a correct copy of the regulation changes that the Department of Environmental Conservation adopts under the authority of AS 46.03.020, AS 46.03.296, and AS 46.03.299 and after compliance with the Administrative Procedure Act (AS 44.62), specifically including notice under AS 44.62.190 and 44.62.200 and opportunity for public comment under AS 44.62.210.

This action is not expected to require an increased appropriation.

In considering public comments, the Department of Environmental Conservation paid special attention to the cost to private persons of the regulatory action being taken. The Department of Environmental Conservation also gave special attention to alternate practical methods in this regulatory action as required by AS 46.03.024.

The regulation changes adopted under this order take effect on the 30th day after they have been filed by the lieutenant governor, as provided in AS 44.62.180.

(2) "electronic waste"

(A) includes

(i) hazardous waste that is a device that contains one or more

circuit boards or other complex circuitry, including computer components, laptops, central processing units, mice, keyboards, monitors, cellular telephones, audio or video devices, and copy machines; and

(ii) components, subassemblies, or other parts derived from the disassembly of electronic items; and

(B) does not include refrigerators, freezers, stoves, dishwashers, washing machines, or dryers;

(3) "EPA" means the United States Environmental Protection Agency;

(4) "generator" has the meaning given in 40 C.F.R. 260.10, adopted by reference in (a) of this section;

(5) "large quantity generator" has the meaning given in 40 C.F.R. 260.10, adopted by reference in (a) of this section;

(6) "manage" has the meaning given "management" in 40 C.F.R. 260.10, adopted by reference in (a) of this section;

(7) "RCRA" means the Resource Conservation and Recovery Act, Subchapter III (42 U.S.C. 6901 - 6939g);

(8) "small quantity generator" has the meaning given in 40 C.F.R. 260.10, adopted by reference in (a) of this section;

(9) "transporter" has the meaning given in 40 C.F.R. 260.10, adopted by reference in (a) of this section;

(10) "universal waste" has the meaning given in 40 C.F.R. 260.10, adopted by reference in (a) of this section;

(11) "universal waste handler" has the meaning given in 40 C.F.R. 260.10,

(A) the method of delivery, including by truck, rail, or dedicated pipe, by which the waste is received;

(B) the applicable hazardous waste number designated in 40 C.F.R. Part 261 for the transported waste, and the amount received annually of each hazardous waste;

(2) if the POTW receives, or has been notified that it will receive, wastewater that originates from remedial activities, including those undertaken under 42 U.S.C. 9601 - 9675 and 42 U.S.C. 6924(u) or 42 U.S.C. 6928(h), the applicant must report the following:

(A) the identity and description of each site or facility at which the wastewater originates;

(B) the identity of any known hazardous constituents listed in Appendix VIII to 40 C.F.R. 261, adopted by reference in 18 AAC 62.299 [18 AAC 62.020], in the wastewater;

(C) the extent of any treatment the wastewater receives or will receive before entering the POTW.

(b) An applicant under this section is exempt from the requirements of (a)(2) of this section if the applicant receives no more than 15 kilograms per month of hazardous wastes,
