## SECTION 1. INTRODUCTION & INSTRUCTIONS

### SEC. 1.01 PURPOSE OF THE RFP

The Department of Environmental Conservation (DEC), Division of Spill Prevention and Response (SPAR) is soliciting proposals from qualified contractors to provide professional consultation services for munitions and explosives of concern (MEC), unexploded ordnance (UXO), and chemical weapons material (CWM) investigation and remediation. Services procured under this contract will be in accordance with technical requirements within the “Oil and Other Hazardous Substances Pollution Control” regulations (18 AAC 75), applicable federal regulations, and Department of Defense (DOD) policy.

Services are to include:

- participation in negotiations with DEC, DOD, and their respective contractors,
- review of draft documents,
- participate in review meetings,
- visit project sites,
- provide field oversight and quality assurance inspections,
- remedial investigations,
- participate in teleconferences and attend meetings,
- act as a technical advisor, and
- provide technical assistance regarding Federal and State laws.

**Deadline for receipt of proposals:** No later than 1:00 p.m. prevailing Alaska Daylight Time (AKDT) on Friday, May 30, 2025, as indicated by email time stamp. Late proposals will not be considered.

**The length of the contract:** From the date of award, July 1, 2025, for one (1) year until completion on June 30, 2026, with four (4) one-year renewal options to be executed at the State’s discretion.

DEC’s objective is to retain one (1) contractor capable of delivering the necessary services in a comprehensive and timely manner while facilitating the expedited award process for tasks of comparable scope and nature.

The primary contract resulting from this RFP will be one (1) contract that sets forth the governing terms and conditions. The secondary contract will award task-specific work, deliverables, and compensation through the issuance of a Notice to Proceed (NTP). For the purposes of this RFP, “contract” collectively refers to both the term contract and subsequent NTPs, if awarded.

An NTP may be granted to the responsive and responsible party that fulfills all specified requirements and meets DEC’s needs for the task-specific work, including methodology, schedule, and cost.

## **SEC. 1.02 BUDGET**

This Request for Proposals (RFP) is the first step in a multi-phase award process. Therefore, the initial term contract resulting from this solicitation is a no-cost award.

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation.

## **SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS**

Proposals must be received no later than 1:00 p.m. prevailing Alaska Daylight Time (AKDT) on Friday, May 30, 2025, as indicated by email timestamp, and late proposals will not be considered.

## **SEC. 1.04 PRIOR EXPERIENCE**

In order for offers to be considered responsive, offerors must meet these requirements:

- **MINIMUM REQUIREMENT 1:** For the purposes of this RFP, the offeror shall be knowledgeable on and have five (5) years of experience with laws, regulations, guidance, and policies pertaining to MEC, UXO, and CWM.
- **MINIMUM REQUIREMENT 2:** For the purposes of this RFP, the offeror shall have at least five (5) years of experience with MEC, UXO, and/or CWM projects in Alaska.
- **MINIMUM REQUIREMENT 3:** For the purposes of this RFP, the offeror shall have a current Certification by the Department of Defense Explosives Safety Board and Service Representatives (DDESB).
- **MINIMUM REQUIREMENT 4:** For the purposes of this RFP, the offeror shall demonstrate that past, present, and/or future relationships with other clients are free from conflict of interest; specifically, Department of Defense, US Army Corps of Engineers, and any branch of the military.

An offeror's failure to meet these requirements may cause their proposal to be considered non-responsive and rejected.

## **SEC. 1.05 REQUIRED REVIEW**

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material of this solicitation should be made in writing and received by the procurement officer at least ten (10) days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and the exposure of an offeror's proposals upon which an award could not be made.

## **SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS**

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing.

Two (2) types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

## **SEC. 1.07 RETURN INSTRUCTIONS**

Do not hand deliver or use U.S. mail or any delivery service to return your technical and cost proposals.

Oral proposals or faxed proposals are not acceptable. Please send the proposal package(s) via email. The technical proposal and cost proposal must be saved as separate PDF documents and emailed to **DECDAProcurement@ALASKA.GOV** as separate, clearly labeled attachments, such as “Vendor A – Technical Proposal.pdf” and “Vendor A – Cost Proposal.pdf.” The email must contain the RFP number in the subject line.

The maximum size of a single email, including all text and attachments, the state can receive is 20 megabytes. If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes, and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror’s responsibility to contact the issuing agency via email at **DECDAProcurement@ALASKA.GOV** to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

## **SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY**

Offerors with a disability may receive accommodation regarding the means of communicating this and subsequent requests resulting from this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten (10) days prior to the deadline for receipt of proposals.

One such resource is the Alaska Relay Service, a free service that provides full telephone accessibility to people who are deaf, hard-of-hearing, or speech-disabled persons who can hear. This service allows text-telephone (TTY) or assistive equipment users to communicate with standard (voice) telephone users through specially trained Communication Assistants. Callers

should provide the Alaska Relay Service with the specific phone number they wish to call. More information can be found at the following hyperlink: <https://alaskarelay.com/>.

### **SEC. 1.09 AMENDMENTS TO PROPOSALS**

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the state's request in accordance with 2 AAC 12.290.

### **SEC. 1.10 ADDENDA TO THE RFP**

If an addendum is issued before the deadline for receipt of proposals, the addendum will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the addendum will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the OPN.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an addendum will be issued. The addendum will incorporate the clarification or change, and a new date and time will be established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

### **SEC. 1.11 RFP SCHEDULE**

The RFP schedule set out herein represents the state's best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of proposals, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Daylight Time (AKDT).

A number of those sites have munitions and explosives of concern (MEC), unexploded ordnance (UXO), and chemical weapons material (CWM) issues that need to be addressed. Sites range from Formerly Used Defense Sites (FUDS) managed by the United States (US) Army Corps of Engineers, as well as active and Base Realignment and Closure (BRAC) military installations managed by the US Army, US Air Force, and US Navy. The sites are in various stages of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) process, which is either

- Preliminary Assessment,
- Site Inspection,
- Remedial Investigation,

Specific safety training requirements are noted in CFR 1910.120, 1910.1028, 8 AAC 61.010, and 8 AAC 61.015. Records of required safety training maintained by the contractor for all contractor response personnel must be available for review by the DEC project manager or contract manager upon request. The documentation must, at a minimum, give the name, dates, and course titles of safety training attended, protective clothing and respirator fit test results, and any personally assigned personal protective equipment (PPE), including model numbers.

- **Demobilization, Cleaning, and Transportation of Personnel** – The contractor will provide all necessary resources to decontaminate and demobilize personnel and any of their equipment.

### **SEC. 3.02 CONTRACT TERM & WORK SCHEDULE**

The length of the contract will be from the date of award, July 1, 2025, for approximately one (1) year until completion on June 30, 2026, with four (4) one-year renewal options to be executed at the State’s discretion.

Unless otherwise provided in this RFP, the State and the successful offeror/contractor agree that

1. any extension of the contract, excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect; and
2. the procurement officer will provide notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

### **SEC. 3.03 DELIVERABLES**

The contractor awarded a Notice to Proceed (NTP) resulting from this RFP shall complete and provide the task-specific deliverables. The submission of deliverables, including questions pertaining to the technical aspects of the task and reports, shall be submitted to the DEC project manager.

Deliverables and the resulting contract will be defined within each task-specific request. Project needs will dictate the number and types of deliverables, including numerous copies in various

formats, bound or unbound hard copies, and electronic documents transmitted via e-mail or provided on physical USB peripheral device(s).

The contractor may be required to provide the following deliverables:

- a project work plan and schedule approved by the DEC project manager;
- draft documentation; and/or
- final project reports.

In addition to the above, DEC may require the submission of photographs, video recordings, supplementary items or documentation, and other items of recovered physical evidence.

### **SEC. 3.04 CONTRACT TYPE**

The contract resulting from this solicitation will be a Cost-Plus-Fixed-Fee (CPFF) contract.

### **SEC. 3.05 PROPOSED PAYMENT PROCEDURES**

The state will make payments based on a negotiated payment schedule. Each billing must consist of an invoice and a progress report. No payment will be made until the progress report and the invoice have been approved by the project director.

### **SEC. 3.06 PROMPT PAYMENT FOR STATE PURCHASES**

This section is not applicable as the state will not be pursuant of a prompt payment discount.

### **SEC. 3.07 CONTRACT PAYMENT**

No payment will be made until the contract is approved by the Commissioner of the Department of Environmental Conservation or the Commissioner's designee. Under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Any single contract payment of \$1,000,000 or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

### **SEC. 3.08 CONTRACT PRICE ADJUSTMENTS**

**Consumer Price Index (CPI):** Contract prices will remain firm through June 30, 2026.

The Contractor or State may request price adjustments – no sooner than 12 months from the contract execution date – and no more than once per contract year. Contractors must submit a

request to the State at least thirty (30) days prior to the end of the current term. All Requests must be in writing and must be received thirty (30) days prior to the contract renewal date.

- a. If the Contractor or State fails to request a CPI price adjustment thirty (30) days prior to the Contract renewal date, the adjustment will be effective thirty (30) days after the State or Contractor receives their written request.
- b. Price adjustments will be made in accordance with the percentage change in the U.S. Department of Labor, Bureau of Labor and Statistics, Consumer Price Index (CPI-U) for All Urban Consumers, All Items, Urban Alaska.
- c. The price adjustment rate will be determined by comparing the percentage difference between the CPI in effect for the base year reported HALF1 (January through June 202X) (depending on the timing, it may be HALF2 for July through December); and each HALF1 (or HALF2) thereafter. The percentage difference between those two CPI issues will be the price adjustment rate. No retroactive contract price adjustments will be allowed. All price adjustments must be approved by the Procurement Officer prior to the implementation of the adjusted pricing. Approval shall be in the form of a Contract Amendment issued by the Procurement Officer.
- d. Approval for all price increases is dependent upon full compliance with the terms of the Contract, including reporting requirements.

### **SEC. 3.09 LOCATION OF WORK**

The location(s) where the work is to be performed, completed, and managed will be statewide.

The state will not provide workspace for the contractor. The contractor must provide its own workspace.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the procurement officer in writing to request a waiver at least ten (10) days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the proposal as non-responsive or cancel the contract.

### **SEC. 3.10 SUBCONTRACTORS**

Subcontractors may be used to perform work under this contract. If an offeror intends to use subcontractors, the offeror must complete the Submittal Form identified in Section 4.02 of this RFP.

An offeror's failure to provide this information with their proposal may cause the state to consider their proposal non-responsive and reject it.

Subcontractor experience shall be considered in determining whether the offeror meets the requirements set forth in **SEC. 1.04 PRIOR EXPERIENCE**.

If a proposal with subcontractors is selected, the offeror must provide the following information concerning each prospective subcontractor within five working days from the date of the state's request:

- complete name of the subcontractor;
- complete address of the subcontractor;
- type of work the subcontractor will be performing;
- percentage of work the subcontractor will be providing; and
- evidence that the subcontractor holds a valid Alaska business license.

If a subcontractor on the list will be performing work within Alaska and does not have a valid Alaska business license at the close of the RFP, the Offeror may not use the subcontractor in the performance of the contract and shall replace the subcontractor with a subcontractor who had a valid Alaska business license at the close of the RFP.

- a written statement, signed by each proposed subcontractor, that clearly verifies that the subcontractor is committed to rendering the services required by the contract.

An offeror's failure to provide this information within the time set will cause the state to consider their proposal non-responsive and reject it. The substitution of one subcontractor for another that has already been approved may be made only at the discretion and prior written approval of the project director.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

### **SEC. 3.11 JOINT VENTURES**

This section is not applicable as joint ventures will not be allowed.

### **SEC. 3.12 RIGHT TO INSPECT PLACE OF BUSINESS**

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

### **SEC. 3.13 F.O.B. POINT**

All goods purchased through this contract will be free on board (F.O.B.) final destination. Unless specifically stated otherwise, all prices offered must include the delivery costs to any location within the State of Alaska.

### **SEC. 3.14 CONTRACT PERSONNEL**

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director and the procurement officer. Changes that are not approved by the state may be grounds for the state to terminate the contract.

### **SEC. 3.15 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES**

The contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the project director. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The project director or procurement officer may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

### **SEC. 3.16 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS**

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor with a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required state approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Environmental Conservation or the Commissioner's designee.

### **SEC. 3.17 NONDISCLOSURE & CONFIDENTIALITY**

The contractor agrees that all confidential information shall be used only for the purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow the dissemination of confidential information except as provided in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to, and/or use by third parties of confidential information. "Reasonable care" means compliance by the contractor with all applicable federal and state laws, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to, or use of confidential information.

Confidential information, as used herein, means any data, files, software, information, or materials (whether prepared by the state or its agents or advisors) in oral, electronic, tangible, or intangible form and however stored, compiled, or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the state to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to, technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc.).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the state with written notice of the requested disclosure (to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor's receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information is previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to a subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

### **SEC. 3.18 INDEMNIFICATION**

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of or liability for error, omission, or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "contracting agency," as used within this and the following article, include the employees, agents, and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the contracting agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

### SEC. 3.19 INSURANCE REQUIREMENTS

Without limiting the contractor's indemnification, it is agreed that the contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

- **Workers' Compensation Insurance:** The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045 and, where applicable, any other statutory obligations, including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.
- **Commercial General Liability Insurance:** covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.
- **Commercial Automobile Liability Insurance:** covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.
- **Professional Liability Insurance:** covering all errors, omissions, or negligent acts in the performance of professional services under this agreement. Limits required per the following schedule:

<b>Contract Amount</b>	<b>Minimum Required Limits</b>
Under \$100,000	\$300,000 per Claim/Annual Aggregate
\$100,000 to \$499,000	\$500,000 per Claim/Annual Aggregate
\$500,000 to \$999,999	\$1,000,000 per Claim/Annual Aggregate
\$1,000,000 or over	Refer to Risk Management

### SEC. 3.20 TERMINATION FOR DEFAULT

- a. If the Project Director or Procurement Officer determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the state may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all the remaining work.
- b. The Procurement Officer may also, by written notice, terminate this contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

This clause does not restrict the state's termination rights under the contract provisions of Appendix A, attached in **SECTION 7. ATTACHMENTS**.

## SECTION 4. PROPOSAL FORMAT & CONTENT

### SEC. 4.01 RFP SUBMITTAL FORMS

This RFP contains Submittal Forms, which the offeror must complete and submit as part of their proposal. Offerors must provide Submittal Forms B, C, D, E, and F (if applicable) on their own documents, in .pdf format, with company letterhead.

Unless otherwise specified in this RFP, the Submittal Forms shall be the offeror's entire proposal. Do not include any marketing information in the proposal. The offeror shall not disclose their costs in Submittal Forms A, B, C, D, E, and F (if applicable). Submission forms shall not exceed the page limit.

Any proposal that does not follow these requirements may be deemed non-responsive.

### SEC. 4.02 SPECIAL FORMATTING REQUIREMENTS

The offeror must ensure their proposal meets all special formatting requirements in this section.

**Documents and Text:** All attachment documents must be written in English, single-sided, and single-spaced with a minimum font size of ten (10). Pictures or graphics may be used if the offeror feels they are necessary to communicate their information; however, be aware of the page limits below.

**Page Limits:** Some Submittal Forms listed below have maximum page limit requirements. Offerors may present Submittal Forms B and C on their own documents, in PDF format, with a company letterhead. Offerors must not exceed the maximum page limits. Note that the page limit applies to the front side of a page only (for example, '1 Page' implies that the offeror can only provide a response on one side of a piece of paper). Any pages exceeding the maximum page limit will be discarded and will not be included in the evaluations. For example, if the maximum page limit is three (3) pages, but the Offeror submits five (5) pages for that submittal form, only pages one (1) through three (3) will be evaluated. The Procurement Officer would discard pages four (4) and five (5) before sending them to the proposal evaluation committee for evaluation. Resumes will not be included in the page count under Experience and Qualifications.

Submittal Form	Maximum Page Limits
Submittal Form A – Offeror Information and Certifications	
<b>Submittal Form B – Experience and Qualifications</b>	<b>5</b>
<b>Submittal Form C – Understanding of the Project</b>	<b>5</b>
<b>Submittal Form D – Methodology Used for the Project</b>	<b>5</b>
<b>Submittal Form E – Management Plan for the Project</b>	<b>5</b>
Submittal Form F – Subcontractors	
Submittal Form G – Cost Proposal	

Any Submittal Form submitted as part of a proposal that is not compliant with the instructions above may be a basis for finding the proposal non-responsive and thus rejected.

### **SEC. 4.03 OFFEROR INFORMATION & CERTIFICATIONS (SUBMITTAL FORM A)**

The offeror must complete and submit this Submittal Form. The form must be signed by an individual authorized to bind the offeror to the provisions of the RFP.

By signature on the form, the offeror certifies they comply with the following:

- g. that the offers will remain open and valid for at least 90 days.

If any offeror fails to comply with [a] through [g] of this paragraph, the state reserves the right to disregard the proposal, terminate the contract, or consider the contractor in default.

The Submittal Form also requests the following information:

- c. Names of critical team members/personnel.
- d. Addenda acknowledgement.
- e. Conflict of interest statement.
- f. Federal requirements.
- g. Alaska preference qualifications.

An offeror's failure to address/respond/include these items may cause the proposal to be determined to be non-responsive, and the proposal may be rejected.

### **SEC. 4.04 EXPERIENCE & QUALIFICATIONS (SUBMITTAL FORM B)**

Offerors must provide details on the personnel assigned to accomplish the work called for in this RFP, illustrate the lines of authority, and designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

The offeror shall not disclose their costs in this Submittal Form. Submission forms shall not exceed the page limit (as described in Section 4.02).

Offerors must attach resumes for personnel with names and titles who will be assigned to complete the project as a separate attachment to Submittal Form B.

#### **SEC. 4.05 UNDERSTANDING OF THE PROJECT (SUBMITTAL FORM C)**

Offerors must provide comprehensive narrative statements that illustrate their understanding of the requirements of the project and the project schedule.

- c. Explosive Ordnance Specialist

Please note that at least one (1) individual within the offeror's organization must possess a current certification by the Department of Defense Explosives Safety Board and Service Representatives (DDESB).

## SECTION 5. EVALUATION CRITERIA & CONTRACTOR SELECTION

### SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

1. Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
2. A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate the Technical portion of all responsive proposals.
3. The Submittal Forms from each responsive proposal will be sent to the PEC. No cost information will be shared or provided to the PEC.
4. The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
5. After independent scoring, the PEC will have a meeting chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
6. The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
7. The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points, along with factoring in any Alaska preferences.
8. The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
9. The state will then conduct any necessary negotiations with the highest-scoring offeror and award a contract if the negotiations are successful.

### SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to the state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

Overall Criteria	Weight
Responsiveness	Pass/Fail

Qualifications Criteria	Weight
Experience & Qualifications (Submittal Form B)	125
Understanding of the Project (Submittal Form C)	125
Methodology Used for the Project (Submittal Form D)	125
Management Plan for the Project (Submittal Form E)	125
Total	500

Cost Criteria	Weight
Cost Proposal (Submittal Form G)	400
Total	400

Preference Criteria	Weight
Alaska Offeror Preference (if applicable)	100
Total	1000

**TOTAL EVALUATION POINTS AVAILABLE: 1000****SEC. 5.03 SCORING METHOD & CALCULATION**

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria set out in Sections 5.04 through 5.07 and assign a single score of one (1) through ten (10), with ten (10) representing the highest score and 1 representing the lowest score. Using only whole numbers, PEC members should start with a score of five (5) on each section. The score may either increase or decrease depending on the offeror's response to each question for that section. For example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror's response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

After the PEC has scored, the scores for each section will be totaled, and the following formula will be used to calculate the total amount of points awarded for each section:

$$\frac{\text{Offeror Total Score}}{\text{Highest Total Score Possible}} \times \text{Max Points} = \text{Points Awarded}$$

Example (RFP may have multiple sections, Max Points for one Section = 1000):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	750
Offeror 2	5	5	5	5	20	500
Offeror 3	10	10	10	10	40	1000

Offeror 1 was awarded 75 points:

$$\frac{\text{Offeror Total Score (30)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (1000)} = \text{Points Awarded (750)}$$

Offeror 2 was awarded 50 points:

$$\frac{\text{Offeror Total Score (20)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (1000)} = \text{Points Awarded (500)}$$

Offeror 3 was awarded 100 points:

$$\frac{\text{Offeror Total Score (40)}}{\text{Highest Total Score Possible (40)}} \times \text{Max Points (1000)} = \text{Points Awarded (1000)}$$

## **SEC. 5.04 EXPERIENCE & QUALIFICATIONS**

This portion of the offeror's proposal will be evaluated against the following questions:

1. Questions regarding the personnel:
  - a. Do the individuals assigned to the project have experience on similar projects?
  - b. Are resumes complete, and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
  - c. How extensive is the applicable education and experience of the personnel designated to work on the project?
2. Questions regarding the firm and subcontractor(s):
  - a. How well has the firm demonstrated experience in completing similar projects on time and within budget?
  - b. How successful is the general history of the firm regarding timely and successful completion of projects?
  - c. If a subcontractor will perform work on the contract, how well do they measure up to the evaluation used for the offeror?

## **SEC. 5.05 UNDERSTANDING OF THE PROJECT**

This portion of the offeror's proposal will be evaluated against the following questions:

1. How well has the offeror demonstrated a thorough understanding of the purpose and scope of the project?
2. How well has the offeror identified pertinent issues and potential problems related to the project?
3. To what degree has the offeror demonstrated an understanding of the deliverables the state expects it to provide?
4. Has the offeror demonstrated an understanding of the state's time schedule and can meet it?

## **SEC. 5.06 METHODOLOGY USED FOR THE PROJECT**

This portion of the offeror's proposal will be evaluated against the following questions:

1. How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?
2. How well does the methodology match and achieve the objectives set out in the RFP?
3. Does the methodology interface with the time schedule in the RFP?

## **SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT**

This portion of the offeror's proposal will be evaluated against the following questions:

1. How well does the management plan support all of the project requirements and logically lead to the deliverables required in the RFP?
2. How well is accountability completely and clearly defined?

3. Is the organization of the project team clear?
4. How well does the management plan illustrate the lines of authority and communication?
5. To what extent does the offeror already have the hardware, software, equipment, and licenses necessary to perform the contract?
6. Does it appear that the offeror can meet the schedule set out in the RFP?
7. Has the offeror gone beyond the minimum tasks necessary to meet the objectives of the RFP?
8. To what degree is the proposal practical and feasible?
9. To what extent has the offeror identified potential problems?

## SEC. 5.08 CONTRACT COST (COST PROPOSAL)

A minimum of 40% of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

*$$\frac{[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})]}{(\text{Cost of Each Higher Priced Proposal})}$$*

**Example (Max Points for Contract Cost = 400):**

### Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

### Step 2

In this example, the RFP allotted 40% of the available 1000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is that the lowest cost proposal, in this case, \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374 points.

*$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.2$$*

Offeror #3 receives 336.8 points.

*$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$$*

## SEC. 5.09 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

### Example:

#### Step 1

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

#### Step 2

Determine which offerors qualify as Alaska bidders and, thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

#### Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points	
Offeror #2	840 points	(740 points + 100 points)
Offeror #3	900 points	(800 points + 100 points)

Offeror #3 is the highest-scoring offeror and would receive the award, provided their proposal is responsive and responsible.

## SECTION 6. GENERAL PROCESS & LEGAL INFORMATION

### SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the project director or procurement officer. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

### SEC. 6.02 ALASKA BUSINESS LICENSE & OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by the Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by the Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by the Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by the Alaska Department of Revenue.

Prior to the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by the Alaska Statute.

### SEC. 6.03 SITE INSPECTION

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to

provide the state reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state's expense will make site inspections.

#### **SEC. 6.04 CLARIFICATION OF OFFERS**

In order to determine if a proposal is reasonably susceptible to award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

#### **SEC. 6.05 DISCUSSIONS WITH OFFERORS**

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure a full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after the initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

#### **SEC. 6.06 EVALUATION OF PROPOSALS**

The procurement officer or an evaluation committee made up of at least three state employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in **SECTION 5. EVALUATION CRITERIA & CONTRACTOR SELECTION**.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time will be established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

#### **SEC. 6.07 CONTRACT NEGOTIATION**

After the final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items that would not affect the ranking of proposals. If the highest-ranked offeror

fails to provide necessary information for negotiations promptly or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. Contract negotiations may be held via teleconference using Microsoft Teams if contract negotiations are commenced.

## **SEC. 6.08 FAILURE TO NEGOTIATE**

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest-ranked offeror.

## **SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION**

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submit proposals. The notice will list the names of all offerors and identify the offeror selected for the award.

## **SEC. 6.10 PROTEST**

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;

- a detailed statement of the legal and factual grounds of the protest, including copies of relevant documents; and
- the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax, or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8, "Legal and Contractual Remedies."

## SEC. 6.11 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply, and provide examples of how to calculate the preferences are available at the following website: [Application of Preferences](#).

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050
- Employment Program Preference - AS 36.30.321(b)
- Alaskans with Disabilities Preference - AS 36.30.321(d)
- Alaska Veteran's Preference - AS 36.30.321(f)
- Alaska Military Skills Program Preference – AS 36.30.321(l)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business's or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for the receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the state to disallow the preference.**

## SEC. 6.12 ALASKA BIDDER PREFERENCE

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

1. holds a current Alaska business license prior to the deadline for receipt of proposals;
