Attach a location figure, plan drawing or survey that shows the detailed location of the requested easement in relation to adjoining property boundaries and reference points. All features must be labeled.

Dimensions requested (Complete line 1 for a lineal easement or line 2 for an easement with an irregular shape):

1. Length: (feet) 294' Width: (feet) 30'
2. Area: _____ Are units in ☐ square feet or ☐ acres? (check one)

Term requested and rationale: Permanent electric power distribution line

Are you applying for a ☒ public or a ☐ private easement? (check one) Rationale: _____

Development plan summary/specific purpose of easement: (e.g., electric utility, fiber-optic cable, road, bridge, airstrip/airport, driveway, trail, drainage). This information will be used to determine the scope of use of the easement.
Installation of overhead single-phase primary electric line to serve MEA member.

ADL # 234641

Is this an existing use? ☐ Yes ☒ No. If yes, explain extent and duration of use to date:

Describe plans for initial construction. Be detailed. Include a list of authorizations for portions of the project that are proposed for construction on adjoining lands, other permitting, and/or third-party non-objections: (Use extra sheets as needed)

Existing pole P78 will have a take-off assembly installed. A single phase overhead line consisting of two conductors energized at 14.4KV will be installed from P78 and span 191' over the subject parcel and 103' over an ADL easement. The line will terminate at a dead-end pole on a private parcel. A 30' centerline easement will be required for overhead tree clearing.

Anticipated construction timeframe: 1 October 2024 - 31 October 2025

If this authorization is granted, I agree to construct and maintain the authorized improvements in an acceptable manner, and to keep the area in a neat and sanitary condition; to comply with all the laws, rules, and regulations pertaining thereto; and provided further that upon termination of the easement for which application is being made, I agree to remove or relocate the improvements and restore the area without cost to the State and to the satisfaction of DMLW.

APPLICANT ENVIRONMENTAL RISK QUESTIONNAIRE

The purpose of this questionnaire is to help clarify the types of activities you propose to undertake. The questions are meant to help identify the level of environmental risk that may be associated with the proposed activity. The Division of Mining, Land and Water's evaluation of environmental risk for the proposed activity does not imply that the parcel or the proposed activity is an environmental risk from the presence or use of hazardous substances.

Through this analysis, you may become aware of environmental risks that you did not know about. If so, you may want to consult with an environmental engineer or an attorney.
