Questions and answers

Question #1:

Under all lots for item description, it states: Plus or Minus 10 Percent of type 3 Hot mix asphalt with PG 52-28 oil. We believe that this is in relationship to the quantity. But it could also be construed that we supply Type 3 hot mix and supplement this with type 2 hot mix or a different type of oil?

Answer #1:

That is in relationship to quantity. Do not sub with type 2.

Question #2:

Sec 2.08 is in conflict with Lot 3 Ernestine

Answer #2:

This has been corrected in this amendment. See above.

Question #3:

2.01 states contract will be issued 6/12/25, but availability window is 6/1/25 for lot 1 and lot 2.

Answer #3

The bid schedule has been updated to reflect the correct availability windows for lots 1 & 2 and is attached to this amendment.
