**Addendum Number 1**

**RFP 25-04-212817**  
**Railroad Track Engineering Services TA**

**This Addendum is being issued to provide information as follows.**

**Questions and answers:**

1. Q: Under Section A - Statement of Services Part 2.4.2, the discipline of Rail Communication Specialist is listed. Could you elaborate on what role this would be filling specifically? We want to ensure we are highlighting the correct staff to fill this position.

A: The person would be responsible for understanding rail communications and impacts to track design and operations.
2. Q: Under Section A - Statement of Services Part 3.3, the train control/signalization part of communications is negated.

A: The engineering and/or design of train control/signalization part of communications is not included in the anticipated scope of services.
3. Q: Under Section A – Statement of Services, Administrative Requirements part 2.4.2 indicates a discipline role of “Rail Communications Specialist.” However, the Scope of Work part 3.3 indicates “Train Control Systems, Communications, Signalization, and rolling stock are not included in this Term Contract.” Please clarify the anticipated role of the “Rail Communications Specialist” for this term contract.

A: The Rail Communications Specialist would be responsible for understanding rail communications and impacts to track operations. They would be a technical resource when developing track designs and/or assessing alternatives.

All other terms and conditions remain unchanged.

Acknowledge receipt of this and all addenda in your firm’s Service Bid Form (Form 395-0129).

Sincerely,

*Michele Hope*
