Re: Amendment 3  
ITB 26-VSW-UNK-004  
Covenant Lift Station Project  
ITB Due Date: August 21, 2025 @ 2:00 PM AST

**The following are vendor questions and the department's response:**

1. Vendor: Section 01 57 13 Soil Erosion Control  
3.1.C

Please confirm that a Professional Engineer is required to provide the Erosion Control Prevention Plan (project is less than 1 acre of disturbance) and a Professional Engineer is to conduct all onsite SWPPP inspections.

Department: Covenant Lift Station Specifications IFC, Section 01 57 13, Part 3.1C. Delete current language and replace with "The Contractor is responsible for obtaining all construction related permits and performing all notifications and inspections as required by local, state, and Federal Law and these specifications. Contain, clean up, and dispose of all construction related discharges of petroleum products and/or other substances hazardous to the land or water. Comply with 18 AAC 75 and Title 46 of the Alaska Statutes".
