

STATE OF ALASKA

Department of Public Safety
Division of Administrative Services

TELECOMMUNICATION SHELTER FABRICATION

ITB 2026-1200-0085

Amendment Three

September 17, 2025

This amendment is being issued to answer a vendor-submitted question.

Important Note to Offerors: You must sign and return this page of the amendment document with your bid. Failure to do so may result in the rejection of your bid. Only the ITB terms and conditions referenced in this amendment are being changed. All other terms and conditions of the ITB remain the same.

Questions about the ITB:

Question 1: Do you know if the state will accept an alternative shelter that will meet the overall physical, mechanical, and dimensional requirements of the 2.10 Scope of Work and Specifications, while providing a more robust shelter? (Such as fiberglass molded structures).

Answer: The state will consider an alternative shelter provided it meets or exceeds the structural guidelines. Vendors must submit an explanation of the alternative design and how meets or exceeds the scope with their bids. It will be up to the state's discretion if the submitted alternative design meets the state's needs and constitutes a responsive bid.
