INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Alaska Retirement Management Board ("ARMB") is trustee for the assets of the State of Alaska's retirement systems, which includes both defined benefit and defined contribution programs totaling almost \$45 billion in assets. The asset allocation includes both public and private market investments. The State of Alaska, Department of Law ("LAW") is legal counsel for ARMB and is seeking proposals from experienced and well-qualified law firms ("Qualified Firm"), with substantial expertise and experience in advising public pension funds, interested in providing legal services related to ARMB's investment activities – primarily providing legal review and advice related to all types of private market investments. For purposes of this RFP, the term "private market investment" includes, but is not limited to, private equity, private credit, and real asset related limited partnerships. At present there is no estimate of the specific number of hours of legal service that may be needed under this contract.

SEC. 1.02 BUDGET

LAW estimates a budget of \$450,000.00 dollars for completion of this project. Proposals priced at more than \$450,000.00 will be considered non-responsive.

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than 2:00 p.m. prevailing Alaska Standard Time on Friday, December 5th, 2025 as indicated email timestamp. Late proposals will not be considered.

SEC. 1.04 PRIOR EXPERIENCE

For offers to be considered responsive, offerors must meet these minimum prior experience requirements:

- A Qualified Firm must have been in business for at least fifteen (15) years.
- A Qualified Firm must have at least ten (10) years of experience in representing public pension funds.
- A Qualified Firm must have at least five (5) years of experience since January 1, 2020, of providing legal services for public pension funds related to investing in private market investments.
- A Qualified Firm must currently provide legal services related to private market investments to a public pension fund and provide confirmation of the same including length of representation of the client, the client's assets under management, a description of all services provided to the client, a description of the specific legal services provided to the client in regards to private market investments, and the specific types of private market investments reviewed by the firm for its client.
- A Qualified Firm must designate a lead attorney licensed to practice law with at least ten (10) years of experience in structuring, negotiating and reviewing private market investments on behalf of public pension funds.

An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.

Rev. 8/24

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

PROCUREMENT OFFICER: JEDEDIAH SMITH - PHONE: 907-465-4337

EMAIL: JED.SMITH@ALASKA.GOV

SEC. 1.07 RETURN INSTRUCTIONS

Proposals will be accepted by email response only. The technical proposal and cost proposal must be saved as separate PDF documents and emailed to **03PROCUREMENT@ALASKA.GOV** as separate, clearly labeled attachments, such as "Vendor A – Technical Proposal.pdf" and "Vendor A – Cost Proposal.pdf" (Vendor A is the name of the offeror). The email must contain the RFP number in the subject line.

The **maximum** size of a single email (including all text and attachments) that can be received by the state is **20mb** (**megabytes**). If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes, and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it with enough time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror's responsibility to contact the issuing agency at 907-465-4337 to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of proposals.

SEC. 1.09 AMENDMENTS TO PROPOSALS

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the state's request in accordance with 2 AAC 12.290.

SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, the amendment will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the amendment will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the OPN.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 1.11 RFP SCHEDULE

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

As the trustee for the assets of the state's retirement systems, ARMB maintains a diversified portfolio that includes several categories of private market investments (*see* treasury.dor.alaska.gov/armb/asset-allocation). Annually, ARMB makes approximately \$500 million in capital commitments to private market investments across multiple asset classes. Each asset class is managed by a State Investment Officer ("SIO") working for the State of Alaska, Department of Revenue. SIO's are responsible for due diligence activities related to selecting the funds slated for investment within the allocation. Once the investment is vetted and negotiated by the SIO at the commercial level, the SIO will coordinate with LAW to conduct the legal review and negotiation with general partner counsel of the legal documents associated with the investment – namely the limited partnership agreement, the side letter agreement, and the subscription agreement. The Qualified Firm that is awarded this contract will work with LAW and the SIO largely to conduct this legal review and negotiation.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION SEC. 3.01 SCOPE OF WORK

LAW is seeking a Qualified Firm to provide legal services principally related to the investment activities of ARMB. The focus of the work will be to review, analyze, advise, draft and negotiate legal documents – including, but not limited to, limited partnership agreements, side letter agreements, and subscription agreements – related to all types of private market investments.

The Qualified Firm will advise on the legal structure of investment funds and, if necessary, review and advise on legal documents related to co-investments. Additionally, the Qualified Firm will be called on to review and advise on amendments to investment agreements as well as Most Favored Nation ("MFN") elections.

In providing services, the Qualified Firm will be required to communicate and work with counsel from LAW assigned to work with ARMB as well as the SIO assigned to the specific private market investment being reviewed by the Qualified Firm.

While the primary focus will be on private market investments, upon request, the Qualified Firm will also be called on to provide legal advice regarding other investment related matters including, but not limited to, tax matters, securities regulation, general litigation, bankruptcy, statutory and regulatory matters, fiduciary duties, derivatives, securities lending, and banking. If the Qualified Firm does not have the requisite expertise in these matters, it may subcontract with outside counsel, upon receiving authorization from LAW, to provide advice on the matters set forth above.

At the request of LAW, the Qualified Firm may be asked to provide training on legal issues affecting ARMB's investments (not more than once per year). As an alternative to the training described above, the Qualified Firm may be asked to provide occasional informal consultation on legal issues affecting ARMB or its investments. Costs thereof are not reimbursable under the contract and are considered part of the contract consideration.

The Qualified Firm will meet with the LAW contract manager annually to allow an evaluation of the legal services being provided. Performance issues to be considered will include the effectiveness of the legal work, budget parameters, the working relationship between the contractor and ARMB and the goals for the coming period. Key attorneys shall be made available for this meeting at no charge to ARMB. These evaluations may result in adjustments to operating procedures, and lead to contract amendments, revising the scope of work, or an end to the contract.

SEC. 3.02 CONTRACT TERM AND WORK SCHEDULE

The length of the contract will be for a three-year term starting from the date of award, approximately **JANUARY 1, 2026** with LAW's unilateral option to renew for two additional one-year periods.

Unless otherwise provided in this RFP, the State and the successful offeror/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the procurement

officer will provide notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

SEC. 3.03 DELIVERABLES

The contractor will be required to provide the following deliverables:

- 1. review, negotiate, and assist in drafting and/or restructuring legal documents related to private market investments, including but not limited to, all documents related to private equity, private credit, infrastructure and real asset limited partnerships;
- 2. review limited partnership agreements for private market investments and provide comment memoranda detailing the legal terms set out in the agreement;
- 3. provide counsel regarding standard and non-standard terms set out in limited partnership agreements and advice on which terms should be accepted or negotiated;
- 4. negotiate terms set out in limited partnership agreements for private market investments;
- 5. draft and negotiate side letter agreements for private market investments;
- 6. review subscription agreements and proposed responses for private market investments prior to submission;
- 7. review amendments and consents to existing agreements in private market investments, including those submitted to limited partner advisory committees;
- 8. review, advise, and negotiate legal documents for any co-investment opportunities arising out of a private market investment;
- 9. review and advise on MFN elections;
- 10. provide training on legal issues affecting ARMB's investments (not more than once per year) or provide informal consultation on legal issues affecting ARMB or its investments;
- 11. provide legal advice regarding other investment related matters including, but not limited to, tax matters, securities regulation, general litigation, bankruptcy, statutory and regulatory matters, fiduciary duties, derivatives, securities lending, and banking; if the contractor does not have the requisite expertise in these matters, the contractor may subcontract with outside counsel, upon receiving authorization from LAW, to provide advice on the matters set forth above.

SEC. 3.04 CONTRACT TYPE

This contract is a fixed priced contract.

SEC. 3.05 PROPOSED PAYMENT PROCEDURES

A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

- **b.** Price adjustments will only take affect after written approval by contractor and State.
- **c.** Approval for all price increases is dependent upon full compliance with the terms of the Contract including reporting requirements.

SEC. 3.08 LOCATION OF WORK

The location(s) the work is to be performed, completed, and managed within the United States, unless the legal work relates to a specific foreign investment, requiring counsel in a foreign jurisdiction, and is authorized by LAW.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States, except for situations involving specific foreign investments noted in the paragraph above.

If the offeror cannot certify that all work will be performed in the United States, except for situations involving foreign investments noted in the paragraph above, the offeror must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the proposal as non-responsive, or cancel the contract.

SEC. 3.09 SUBCONTRACTORS

Subcontractors will not be allowed, unless authorized by LAW to provide legal advice regarding other investment related matters including, but not limited to, tax matters, securities regulation, general litigation, bankruptcy, statutory and regulatory matters, fiduciary duties, derivatives, securities lending, and banking.

SEC. 3.10 JOINT VENTURES

Joint ventures will not be allowed.

SEC. 3.11 RIGHT TO INSPECT PLACE OF BUSINESS

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

SEC. 3.12 CONTRACT PERSONNEL

The project director or procurement officer may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

SEC. 3.14 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor a written description of the additional work and request the contractor

to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required state approvals necessary for the amendment and issued a written contract amendment, approved by LAW's respective designee.

SEC. 3.15 NONDISCLOSURE AND CONFIDENTIALITY

Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. Examples of confidential information include, but are not limited to: technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the state with written notice of the requested disclosure (to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor's receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the contracting agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

SEC. 3.17 INSURANCE REQUIREMENTS

- b. The Procurement Officer may also, by written notice, terminate this contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

Offerors must provide either a sample private market investment review checklist, investment review summary, or investment comment memorandum.

Offerors must identify any lawsuits or claims against it that were a result of legal services it provided to clients for private market investments and include the parties, court and jurisdiction, docket number, and, if applicable, the amount of any judgment and/or settlement.

SEC. 4.04 COST PROPOSAL

Offeror's must complete the Cost Proposal form, included with this RFP as Attachment 1. The Cost Proposal must provide the firm's proposed hourly billing rate for the lead attorney and each of the key

project attorneys as identified in response to Sec. 4.03 of this RFP. The rates submitted in the Cost Matrix will be utilized to determine the points allocated for cost in the evaluation of the proposal.

ARMB will not reimburse for work done by summer associates, law clerks, or librarians, meals or entertainment expenses, work done by attorneys to stay up to speed, billing work, surcharges, or other overhead recovery fees.

ARMB will reimburse for actual out-of-pocket expenses limited to reproduction, computerized database research, courier service, postage, telephone, and necessary travel and lodging costs per the State of Alaska's guidelines.

Please indicate any discounts that the firm can offer on the billing rates (e.g., preferred client rates, broken transaction discounts, discounts for public or government investors).

SEC. 4.05 EVALUATION CRITERIA

All proposals will be reviewed to determine if they are responsive. Proposals determined to be responsive will be evaluated using the criterion that is set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**.

SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

THE TOTAL NUMBER OF POINTS USED TO SCORE THIS PROPOSAL IS 1000

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate the Technical portion of all responsive proposals.
- 3) Each responsive Technical Proposal will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the proposals based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The state will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

	Total	100

TOTAL EVALUATION POINTS AVAILABLE: 1000

SEC. 5.03 SCORING METHOD AND CALCULATION

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria set out in Sections 5.04 through 5.07 and assign a single score of 1 through 10, with 10 representing the highest score and 1 representing the lowest score. Using only whole numbers, PEC members should start with a score of 5 on each section. The score may either increase or decrease depending on the offeror's response to each question for that section. As an example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror's response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

After the PEC has scored, the scores for each section will be totaled and the following formula will be used to calculate the total amount of points awarded for each section:

Offeror Total Score

x Max Points = Points Awarded

Highest Total Score Possible

Example (Max Points for the Section = 100):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	75
Offeror 2	5	5	5	5	20	50
Offeror 3	10	10	10	10	40	100

Offeror 1 was awarded 75 points:

Offeror Total Score (30)

x Max Points (100) = Points Awarded (75)

Highest Total Score Possible (40)

Offeror 2 was awarded 50 points:

Offeror Total Score (20)

x Max Points (100) = Points Awarded (50)

Highest Total Score Possible (40)

Offeror 3 was awarded 100 points:

Offeror Total Score (40)

x Max Points (100) = Points Awarded (100)

Highest Total Score Possible (40)

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS (40%)

Proposals will be evaluated against the questions set out below, as well as the information required in Sec. 4.03 of this RFP:

1) Questions regarding the firm:

- a) Provide specific information with regard to the firm's understanding, knowledge of, and experience with offering legal services related to private market investments, including, but not limited to, private equity, private credit, infrastructure and real asset limited partnerships.
- b) Describe how your firm approaches legal review of private market investments, outlining the process from the time you are approached by a client through closing.
- c) Describe how your firm stays apprised of existing and ongoing rules and initiatives impacting private market investments.
- d) If applicable, describe any experience with advising public sector clients in Alaska on private market investments.

SEC. 5.05 FIRM ORGANIZATION AND RESOURCES (20%)

Proposals will be evaluated against the questions set out below, as well as the information required in Sec. 4.03 of this RFP:

1) A detailed discussion of the firm's ownership, headquarters, branch or affiliate offices and length of time in business.

- 2) A detailed discussion of the firm's structure, size and capabilities/quantities available in terms of personnel and resources.
- 3) Discuss the firm's ability to evaluate the effectiveness of its service and monitor its cumulative costs and fees associated with each matter that may be assigned to the firm.
- 4) Identify any distinct and substantive qualifications for undertaking the proposed contract, such as the availability of specialized resources, awards and recognition received for similar services or special approaches or concepts relevant to the required services.
- 5) Describe the firm's proposed organization of responsibilities, work plan, and approach in providing bond and disclosure counsel services on behalf of ARMB.

SEC. 5.06 LEAD ATTORNEY AND KEY PROJECT PERSONNEL (10%)

Proposals will be evaluated against the questions set out below, as well as the information required in Sec. 4.03 of this RFP:

- 1) Describe the responsibilities of, percentage of time, and the individual who will be the lead attorney (i.e., the attorney who will be working most directly with on ARMB projects and will determine overall responsibility of assignments) and the other attorneys identified in this RFP.
- 2) Do the individual attorneys assigned to the projects related to this RFP have experience on similar projects? If so, describe in detail that experience.

SEC. 5.07 CONTRACT COST (20%)

Overall, a minimum of 20% of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

 $[(Price\ of\ Lowest\ Cost\ Proposal)\ x\ (Maximum\ Points\ for\ Cost)] \div (Cost\ of\ Each\ Higher\ Priced\ Proposal)$

Example (Max Points for Contract Cost = 400):

Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1 \$40,000 Offeror #2 \$42,750 Offeror #3 \$47,500

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

 $$40,000 lowest cost x 400 maximum points for cost = 16,000,000 \div $42,750 cost of Offeror #2's proposal = 374.3$

Offeror #3 receives 336.8 points.

 $$40,000 lowest cost x 400 maximum points for cost = 16,000,000 \div $47,500 cost of Offeror #3's proposal = 336.8$

SEC. 5.08 ALASKA OFFEROR PREFERENCE (10%)

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

Example:

Step 1

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points	
Offeror #2	740 points	Alaska Offeror Preference	100 points	
Offeror #3	800 points	Alaska Offeror Preference	100 points	

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #3	900 points (800 points + 100 points)
Offeror #2	840 points (740 points + 100 points)
Offeror #1	830 points

Offeror #3 is the highest scoring offeror and would get the award, provided their proposal is responsive and responsible.

SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the project director or procurement officer. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce**, **Community and Economic Development**, **Division of Corporations**, **Business**, and **Professional Licensing**, **PO Box 110806**, **Juneau**, **Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

SEC. 6.03 SITE INSPECTION

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the state

reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state's expense will make site inspection.

SEC. 6.04 CLARIFICATION OF OFFERS

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

SEC. 6.05 DISCUSSIONS WITH OFFERORS

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.06 EVALUATION OF PROPOSALS

The procurement officer, or an evaluation committee made up of at least three state employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 6.07 CONTRACT NEGOTIATION

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations are commenced, they may be held via remote meetings.

SEC. 6.08 FAILURE TO NEGOTIATE

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will set out the names of all offerors and identify the offeror selected for award.

SEC. 6.10 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

SEC. 6.11 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

To the extent not otherwise governed by the preceding, the claim shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

SEC. 6.29 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contact price and shall take appropriate action as directed by the procurement officer.
- After-imposed or Increased Taxes and Duties: Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract.
 - b) The contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- After-relieved or Decreased Taxes and Duties: The contract price shall be decreased by the
 amount of any decrease in federal excise tax or duty for goods or services under the contract,
 except social security or other employment taxes, that the contractor is required to pay or bear, or
 does not obtain a refund of, through the contractor's fault, negligence, or failure to follow
 instructions of the procurement officer.

- State's Ability to Make Changes: The state reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
- **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.
