

Hazardous Waste in Alaska

Current HW Handlers – RCRAInfo 10/23/2025

Large Quantity Generator (LQG)	24
Small Quantity Generator (SQG)	127
Very Small Quantity Generator (VSG) ¹	878
Transporters ²	289
Non-Generators	361
Total Generators	1400

Number of Active Sites by Generator Category

Active HW Treatment Storage and Disposal Facilities - 2

Manifested HW for FY 25 (July 1, 2024 – June 30, 2025)

Hazardous Waste	2669.71 Tons
Acute Hazardous Waste	6.65 Tons

¹ VSQGs are not required to obtain an EPA ID in most cases. As such, they would not appear in RCRAInfo.

² Transporters may also register in additional generator categories; thus, the total does not equal the sum of the generators.
