

**STATE OF ALASKA RFP NUMBER 2026-0700-0128  
AMENDMENT NUMBER 2**

Department of Labor & Workforce Development  
Division of Administrative Services, Procurement  
1111 W. 8<sup>th</sup> Street, Suite 306  
Juneau, AK 99801

**THIS IS NOT AN ORDER**

**DATE AMENDMENT ISSUED: 11/3/25**

**RFP TITLE: 2026-0700-0128 Alaska Liquefied Natural Gas Pipeline Project (AK LNG)**

This amendment is being issued to respond to questions received from prospective proposers:

Question 1:

We can handle shop and field coatings, Nace Inspections, shop and field insulation, lead removal, polyurea secondary containments, fireproofing, rescue crews, line and storage labeling, and much more with our experienced crews and phenomenal line of equipment, I look forward to hearing from you soon and thank you again for your help.

Response 1:

- 1) Thank you for reaching out and expressing interest in the Alaska LNG Project. It's great to hear from in-state contractors with specialized experience. At this stage, our team is focused on updating the workforce development plan in anticipation of a potential Final Investment Decision later this year. While we are not directly involved in construction procurement or contracting decisions, your input is valuable as we assess statewide training capacity, workforce readiness, and opportunities for Alaska-based contractors and trades.

Additionally, if you have any insights into hiring challenges, training needs, or opportunities to expand your workforce for LNG-related work, I would be happy to share that input with our planning team as part of our statewide workforce strategy.

Thanks again, and please don't hesitate to reach out with any questions.
