Re: *18 AAC 50.081: DEC - Repeal Real Estate Transaction Requirements;  
Weatherization and Energy Efficiency*  
Our file: 2025200493

Dear Lieutenant Governor Dahlstrom:

The Department of Law has reviewed the attached regulations of the Department of Environmental Conservation against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This letter constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations. The regulations were adopted by the Department of Environmental Conservation after the close of the public comment period.

The regulations repeal a section regarding real estate transaction requirements with respect to weatherization and energy efficiency--a provision no longer considered necessary to meet the requirements of the Clean Air Act for the Fairbanks North Star Borough PM-2.5 Nonattainment Area Serious State Implementation Plan (SIP)--and make a companion update to the *State Air Quality Control Plan* to express the section's repeal.

*The agency has requested that the regulations take effect on or before December 31, 2025. Accordingly, we respectfully request that you file the regulations on or before December 1, 2025.*

The October 7, 2025 public notice and the November 21, 2025 adoption order both state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.060 is not required.

We have made a technical correction to conform the regulations in accordance with AS 44.62.060. The correction is incorporated into the attached copy of the regulations.

Sincerely,

STEPHEN J. COX  
ATTORNEY GENERAL
