**Questions and Answers:**

1. Do we need to pre-register for the site visit?
  - A. Pre-registration is not required for this visit; however, due to the remote location, we strongly recommend it. Pre-registering will ensure we have an accurate headcount and a clearer understanding of all attendees for planning and safety purposes. You may complete this in one of two ways:
    - Email: Reply with your full name, company affiliation, names of individual who will be attending, and primary contact number.
    - Call: Contact me directly to provide your details over the phone.

Please contact me if you have any questions.
