SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Health, Division of Public Health, is soliciting bids for a contractor to provide janitorial services for the State's Public Health Laboratory & the State Medical Examiner's Office. The contractor must provide consistent, professional cleaning services to maintain sanitary and presentable environments essential to the work of both facilities.

SEC. 1.02 BUDGET

The Department of Health, Division of Public Health, estimates a budget of \$375,000 for this contract, including all renewals (see SEC 2.02 – Contract Term). Bids priced at more than \$72,000 for the first year of the contract will be considered non-responsive.

Approval or continuation of a contract resulting from this ITB is contingent upon legislative appropriation or federal funding.

SEC. 1.03 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than **12:00 PM Alaska Time on January 16, 2026**, at which time they will be publicly opened. Late bids or amendments will be considered non-responsive and will not be opened or accepted for evaluation.

SEC. 1.04 MANDATORY REQUIREMENTS

To be considered responsive for this ITB, a bidder must meet the mandatory minimum requirements that are provided in the mandatory requirements section of ITB 2026-1600-0199 – Submittal Forms. Failure to meet all these requirements will result in immediate disqualification.

SEC. 1.05 REQUIRED REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of bids. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

SEC. 1.07 BID RETURN INSTRUCTIONS

Bidders must submit their bids via email to doh.procurement.proposals@alaska.gov. The bid must contain the ITB number in the subject line. The maximum size of a single email (including all text and attachments) that can be received by the state is 25mb (megabytes). If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 25 megabytes.

Please note that email transmission is not instantaneous. Similar to sending a hard copy bid, if you are emailing your bid, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bids. It is the bidder's responsibility to contact the above email address to confirm that the bid has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 BID SUBMITTAL FORMS

Bidders shall use the ITB 2026-1600-0199 Submittal Forms, and any other forms identified in this ITB for submitting bids. The form must be signed by an individual authorized to bind the bidder to the provisions of the ITB.

By signature on the form, the bidder also certifies they comply with the items listed in the Certifications section of the form. If the bidder fails to comply with these items, the state reserves the right to disregard the bid, consider the contractor in default, or terminate the contract.

The form also requests the following information:

- a) The complete name and address of bidder's company along with the bidder's Tax ID.
- b) Information on the person the state should contact regarding the bid.
- c) Addenda acknowledgement.
- d) Conflict of interest statement.
- e) Alaska preference qualifications.

A bidder's failure to provide this information may cause the bid to be considered non-responsive and rejected.

SEC. 1.09 ASSISTANCE TO BIDDERS WITH A DISABILITY

The State of Alaska complies with Title II of the Americans with Disabilities Act of 1990. Individuals with disabilities who may need auxiliary aids, services, and/or special modifications to submit a bid should contact the procurement officer no later than ten days prior to the closing of the bid to make any necessary arrangements.

SEC. 1.10 AMENDMENTS TO BIDS

Amendments to or withdrawals of bids will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of bids, in accordance with 2 AAC 12.140. No amendments or withdrawals will be accepted after the deadline unless the delay is due to an error of the contracting agency, in accordance with 2 AAC 12.160.

SEC. 1.11 AMENDMENTS TO THE ITB

If an amendment is issued before the deadline for receipt of bids, the amendment will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the amendment will be provided to all who were notified of the ITB and to those who have registered with the procurement officer after receiving the ITB from the OPN.

SEC. 1.12 ITB SCHEDULE

The ITB schedule below represents the State of Alaska's best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of bids, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

SEC. 1.14 ALTERNATE BIDS

SEC. 1.15 FIRM, UNQUALIFIED, AND UNCONDITIONAL OFFER

To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB, and which must be complied with at risk of bid rejection for non-responsiveness.

SEC. 1.16 SUPPORTING INFORMATION

Provided a bid meets the requirements for a definite, firm, unqualified, unconditional offer, the state reserves the right to request supplemental information or product samples from the bidder, after the bids have been opened, to ensure that the products or services offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder will provide a sample product(s) so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the state, may cause the state to consider the offer non-responsive and reject the bid.
