

Notice of Utility Tariff Filings

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Matanuska Electric Association, Inc. (MEA) filed TA580-18, seeking approval of the Third Amendment to the Gas Sale and Purchase Agreement between Hilcorp Alaska, LLC (Hilcorp) and MEA (Third Amendment), and TA581-18, seeking approval of a new Cost of Power Adjustment (COPA) cost element for natural gas storage. MEA requested an effective date of March 2, 2026, for both filings.

The Third Amendment provides for an additional year of firm gas supply (Contract Year 11), with a daily Maximum Delivery Volume of 12,500 Mcf and a Maximum Annual Volume of 4,500 MMcf, under which Hilcorp's liability for Daily Shortfall Volumes will be capped. The Third Amendment also removes the Turndown Option, which gave MEA a one-time right to lower the Minimum Annual Volume it was required to purchase, and allows MEA to purchase the difference between MEA's Maximum Annual Volume and contract year forecasted usage for future fuel requirements, with a year-end true-up (Annual Excess Volumes). Additionally, Hilcorp will transfer 1,108,000 Mcf of prior undelivered Annual Excess Volumes to MEA at a fixed price of \$9.00/Mcf. A selection of current and proposed volumes and rates is below.

Contract Year	Pricing Period	Current Minimum Annual Volume (MMcf)	Proposed Minimum Annual Volume (MMcf)	Current Sales Price (\$/Mcf)	Proposed Sales Price (\$/Mcf)
8	4/1/2025-3/31/2026	5,600	5,000	7.80	-
9	4/1/2026-3/31/2027	5,600	5,000	7.89	9.00
10	4/1/2027-3/31/2028	5,600	5,000	7.98	10.25
11	4/1/2028-3/31/2029	-	0	-	11.75

With TA581-18, MEA seeks to add a COPA cost element to recover the costs associated with natural gas storage in Hilcorp Alaska Gas Storage LLC's underground storage facility, including capacity and reservation charges and other withdrawal-related costs. The cost of the withdrawn natural gas will be determined using the prior month's average cost of stored natural gas.
