## Program Description

This Serve Alaska RFP is an overview of the process for submitting AmeriCorps applications. This RFP should be read in conjunction with the 2026 Companion Application Information to the RFP. The complete FY 2026 AmeriCorps State and National Grants funding opportunity documents can be found here:

<https://www.americorps.gov/funding-opportunity/fy-2026-americorps-state-national-grants>.

### Purpose of AmeriCorps State and National Funding

AmeriCorps improves lives, strengthens communities, and fosters civic engagement through service and volunteering. AmeriCorps brings people together to tackle some of the country's most pressing challenges through national service and volunteerism. AmeriCorps members serve with organizations dedicated to the improvement of communities and those serving. AmeriCorps helps make service a cornerstone of our national culture.

AmeriCorps grants are awarded to eligible organizations that engage AmeriCorps members in evidence-based or evidence-informed interventions to strengthen communities. An AmeriCorps member is a person who does community service through AmeriCorps. Members may receive a living allowance and other benefits. After successful completion of their service, members earn a Segal AmeriCorps Education Award that they can use to pay for higher education expenses or apply to qualified student loans.

### AmeriCorps Funding Priorities

#### Faith-Based:

- **Organizations that are faith-based.**

#### Serve Communities:

- **Serve communities with concentrated poverty**, rural communities, and tribal communities.
- Implement programs for or **expand access to high-quality youth mental health and substance use recovery services** and prepare AmeriCorps members to enter behavioral health careers. These may include individuals who have experienced substance use and mental health challenges.
- **Focus on improving quality of life for veterans, active-duty members of the Armed Forces, and their families** through models that provide effective interventions or services or that are designed to recruit veterans, military spouses, and their older children into national service, e.g., veterans serving in mentorship roles.

#### Focus on public safety, crime prevention, and/or partnerships between law enforcement and the community.

- **Focus on expanding outdoor recreation opportunities for future generations** by maintaining public lands; supporting wildland fire mitigation and sustainable forest management; and providing reforestation services.

- **Create workforce pathways for AmeriCorps members**, including deliberate training, such as pre-apprenticeship and apprenticeship opportunities, certifications, and hiring preferences or support;
- **Focus on strengthening families**, e.g., activities that aim to support low-income parents through parenting education, responsible parenting and healthy relationship skills.

#### **Benefit AmeriCorps Members:**

**Enhanced member experience** by providing opportunities for skill attainment, personal growth and connection to the community they are serving in support of a lifetime of civic participation.

- **Enhance and expand services to formerly incarcerated and at-risk youth** and/or engage those youth as AmeriCorps members.

#### **Use Evidence:**

- Utilize reports from the [AmeriCorps Evidence Exchange](#) on programs assessed as having Moderate or Strong evidence to scale, replicate, or adapt the intervention.

To receive priority consideration, applicants must show the priority area is a significant part of the program focus and intended outcomes. Priority consideration does not guarantee funding.

#### **Serve Alaska Funding Priorities**

A prime focus of Serve Alaska, as directed by the State Service Commission, is to address the unmet needs of underserved communities. Current Serve Alaska priorities include education, mental health, workforce development, conservation, senior support services, veterans and military families, homelessness and housing, tribal organizations, public safety and criminal justice, bridge building, and missing/murdered indigenous people.

#### **AmeriCorps Performance Measures**

All applications must include at least one aligned performance measure (output and outcome) that corresponds to the proposed primary intervention. This may be a National Performance Measure or an applicant-determined measure. For more information, please refer to the AmeriCorps Performance Measures Instructions.

### **Federal Award Information**

#### **Estimated Available Funds**

AmeriCorps expects a highly competitive AmeriCorps grant competition. Given limited funding, AmeriCorps may prioritize funding existing grantees instead of making new awards. The actual level of funding depends on annual appropriations.

#### **Period of Performance**

AmeriCorps plans to make three-year grant awards. AmeriCorps generally makes an initial award for the first year of the three-year period of performance. Applicants must submit a one-year budget. Applicants may propose any project start date that fits their program design. The period of performance may not start before August 15, 2026.

Continuation awards for future years are not guaranteed; they depend upon future appropriations and satisfactory performance.

### **Types of Grants**

The only funding available with this RFP are full programmatic AmeriCorps grants. AmeriCorps grants can be awarded on a Cost Reimbursement or Fixed Amount basis. AmeriCorps will not provide both types of grants for the same project in one fiscal year. New applicants are eligible to apply for Cost Reimbursement grants but are not eligible to apply for Fixed Amount grants.

**New or Re-Compete Applications:** These types of programmatic grants are for first-year funding of a new program, or fourth-year funding of an existing program. Both types of grants will go through a competitive and complete review by Serve Alaska. If approved at the state level, the New/ Re-compete grants will go through a second review at the national level. **For 26 AC-C, Serve Alaska is only accepting applications from organizations that have been previously funded through an AmeriCorps program or planning grant.**

**Continuation Applications:** Organizations that have AmeriCorps awards that are currently in their first or second year of operation must submit an application in order to be eligible to receive funding for the consecutive year. These grants only report on “continuation changes” (how the program is different from the previous year) and edit of the operating budget, if necessary. Performance Measure edits and expansions may be allowed.

### **Member Living Allowance**

A living allowance is not considered a salary or a wage. Programs are not required to provide a living allowance for members serving in less than full-time terms of service. If a program chooses to provide a living allowance to a less than full-time member, it must follow the limits in the table below. Organizations applying for Cost Reimbursement grants must include the living allowance in the budget, either as AmeriCorps share or match.

Fixed Amount grant applicants must give members a living allowance that follows the minimum and maximum amounts in the chart below and should indicate that amount in the application.

<b>Service Term (MSY Value)</b>	<b>Minimum # of Hours</b>	<b>Minimum Living Allowance</b>	<b>Maximum Total Living Allowance</b>
Full-time (1.0 MSY)	1,700	\$20,400	\$40,800
Three Quarter-time (0.7000 MSY)	1,200	n/a	\$28,560
Half-time (0.5000 MSY)	900	n/a	\$20,400
Quarter-time (0.26455027)	450	n/a	\$10,608
Minimum-time (0.21164022)	300	n/a	\$8,568

The AmeriCorps cost per MSY is determined by dividing the AmeriCorps share of budgeted grant costs by the number of MSYs requested. It does not include childcare or the value of the education award a member may earn.

## **Costs Associated with Evidence Building Activities e.g. performance data collection and management, foundational research, program evaluation, etc.**

As noted in 2 CFR § 200.455, costs associated with evidence building activities are allowable expenses or match under AmeriCorps grants. This includes costs related to performance data collection and management, foundational research, program evaluation, and related activities.

### **Indirect Costs**

Application budgets may include indirect costs. Based on qualifying factors, applicants may –

- i. use the AmeriCorps-Fixed Percentage method (five/ten percent fixed administrative cost option) outlined in AmeriCorps' [Indirect Cost Guidance](#);
- ii. use a Federally approved indirect cost rate if they have one;
- iii. use a 15 percent *de minimis* rate of modified total direct costs; or
- iv. [may claim certain costs directly](#).

No more than five percent of award funds may be used to recover indirect costs on AmeriCorps State and National grants under section 121(d) of the National and Community Service Act of 1990, as amended and AmeriCorps' regulations at [45 CFR 2521.95](#) and [2540.110](#).

Use the [eGrants Indirect Cost Rate \(IDCR\) User Instructions](#) to enter the organization's Federal negotiated indirect cost rate or the *de minimis* rate information. Applicants should not submit documentation addressing the cost rate agreement via email.

### **Cost Sharing or Matching**

Cost Reimbursement Grants: Applicants are required to match funds provided by AmeriCorps. The applicant's match can be non-AmeriCorps cash and/or in-kind contributions. Applicants must show that they can meet the match requirement when they submit the application. Applicants must say in their application if they have already secured the match funding.

A first-time successful applicant is required to match at 24 percent for the first three-year funding period. Starting with year four, the match requirement gradually increases every three years to 30 percent by year ten.

AmeriCorps Funding Year	Years 1,2, and 3	Years 4,5, and 6	Years 7,8, and 9	Years 10 +
Grantee Share Requirements	24%	26%	28%	30%

### **Fixed Amount Grants**

There is no cost share or matching requirement for Fixed Amount grants. AmeriCorps does not provide all the funds necessary to operate the program. Organizations should raise the funds needed to operate the program.

### **Match Waiver**

In accordance with 45 CFR §§ 2521.70, applicants may request a full or partial waiver of match requirements. Grantees must demonstrate **ONE** of the following:

- Initial difficulties in developing local funding sources during the first three years of operations;
- An economic downturn, natural disaster, or similar event in the grantee's service area that severely restricts or reduces sources of local funding support;
- The unexpected discontinuation of local support from one or more sources that a project has relied on for a period of years; or
- An organizational revenue of less than \$500,000.

Programs applying through Serve Alaska must submit requests for alternative match to Serve Alaska, who will submit it to AmeriCorps on their behalf.

## Eligibility Information

### Eligible Applicants

The following non-Federal organizations are eligible to apply:

- Indian Tribes;
- institutions of higher education;
- local governments, including school districts;
- nonprofit organizations;
- State Service Commissions (submit sub-applicants but not operate programs);
- states and US Territories

- All applicants must propose program designs that are either evidence-based or evidence-informed (See section E.1.b (2) Evidence Base). Applicants rated as insufficient evidence are removed from funding consideration. Insufficient evidence is determined by:
  - An applicant being assessed as in the pre-preliminary evidence tier AND
  - providing inadequate responses to the Evidence Quality review standards below.
- FY 2026 new and recompeting competitive applicants must submit an application that proposes to enroll a minimum of 20 AmeriCorps members. New and recompete competitive applications with less than 20 members will be deemed noncompliant and will not be reviewed. - It has violated a federal criminal statute.
- It proposes activities that are not allowed under AmeriCorps' laws, rules, or terms and conditions.

During clarification, the applicant will take the Review Committee comments and incorporate them into the application.

Serve Alaska will not consider submitted material that is over the page limits in the printed application, even if AmeriCorps' Grants Management System allows an applicant to enter and submit text over the limit. This applies to both the application page limit and the logic model page limit. Do not submit other items not requested in the RFP, Serve Alaska will not review or return them.

## Pre-Award Risk Assessment

Risk assessments are a requirement under 2 CFR 200 regulations. The information contained in the assessment is intended to help the Commission understand the agency/organization and to evaluate its overall operational and financial controls.

Serve Alaska will conduct a pre-award risk assessment regarding financial and organizational capacity to administer federal grants with each new agency submitting an AmeriCorps application for funding. Serve Alaska will review all assessments prior to awarding a grant. If Serve Alaska determines that an applicant's operational and financial controls are deficient, the Commission may postpone the grant award until

sufficient corrective action is completed or may refrain from awarding the grant altogether. Monitoring timelines will be created in consideration of pre-award risk assessment results.

### **Training Waiver**

Serve Alaska will review each application for the following criteria to determine eligibility for a training and education waiver. This waiver allows for 50 percent of the aggregate AmeriCorps member hours in a program to be spent in education and training activities. Serve Alaska will apply directly to AmeriCorps on the program's behalf per 45 CFR 2520.50

- Is a Registered Apprenticeship program, or
- Is a job training or job readiness program, or
- Includes activities to support member attainment of a GED or high school diploma or occupational, technical, or safety credentials, or
- Primarily enrolls economically disadvantaged AmeriCorps members and is designed to provide soft skills or life skills development for those members.

### **Selection for Funding**

The review and selection process are designed to:

- Identify how well eligible applications are aligned with the application selection criteria.
- Build a diversified portfolio based on the following strategic considerations:
  - AmeriCorps Funding Priorities;
  - Meaningful representation of:
    - rural communities, and
    - innovative community strategies; and
  - CEO discretion to advance strategic goals

In selecting applicants to receive awards under this RFP, the Chief Executive Officer will try to include a diverse portfolio of applications based on staff recommendations, alignment with selection criteria, and strategic considerations.

**AmeriCorps reserves the right to adjust or make changes to the review process, if unforeseen circumstances make it impossible, impracticable, or inefficient to conduct the review process as planned.** AmeriCorps reserves the right to re-focus program dollars under this Notice in the event of disaster or other compelling needs.

An applicant denied any portion of funding may request reconsideration of a funding decision within 5 business days of receiving notice of their denial. Reconsideration will only be granted if there is clear and substantial error. Any reconsideration of denied applications is entirely subject to the agency's discretion.

### **Federal Award Administration Information**

## Mandatory Online Resources/References

The 2026 AmeriCorps State and National Grants Competition funding opportunity and related resources is found here: <https://www.americorps.gov/funding-opportunity/fy-2026-americorps-state-national-grants>.

**2026 Companion Application Information to the RFP** This document is a **MUST** read for applicants. Any instructions that are not contained in the RFP and Application Instructions are included in this document. This document explains in more detail Performance Measures, the Tier status of funding priorities and other important, specific grant information. The RFP and this document include deadlines, eligibility requirements, submission requirements, maximum amount of funding per Member Service Year (MSY), and other information that is specific to the grant competition.

The Companion Application Information to the RFP includes the following:

- **2026 Application Instructions** This is a **MUST** read – this document has all the details needed to submit a complete and nationally competitive application. Use these instructions in conjunction with the RFP, 2026 Companion Application Information to the RFP, and the AmeriCorps Regulations, 45 CFR 2520–2550. Be sure to use the timeline in this RFP only, if submitting grants to Serve Alaska.
- **2026 Performance Measure Requirements** This is a **MUST** read for those that are creating or changing their measures. All applications must include at least one aligned performance measure (output paired with outcome) that corresponds to the proposed primary intervention. This may be a National Performance Measure or an applicant-determined measure depending on the program's Theory of Change. Applications may also include National Performance Measure outputs without associated outcome(s) provided that the output measures a significant program activity. These output-only measures do not fulfill the requirement for an aligned performance measure but may be selected in addition to the aligned measure(s).

All performance measures must reflect significant program activities whose outputs and outcomes are consistent with the applicant's core Theory of Change. Applicants are not expected to have performance measures for every program activity. AmeriCorps does not require applicants to use National Performance Measures but expects them to do so if National Performance Measures reflect key outputs and/or outcomes of the logic model. Applicants may not create applicant determined outputs or outcomes that duplicate existing National Performance Measures.

All performance measures, including output-only measures, must be associated with one or more interventions (service activities). Applicants are expected to use the system-defined intervention categories if they appropriately represent the applicant's program activities. Applicants may not create user-defined intervention labels that duplicate existing intervention categories.

- **2026 Mandatory Supplemental Information** This is a **MUST** read. The Supplemental Information is intended to provide applicants with additional information for the preparation of their applications under the RFP. The Supplemental Information provides both detailed definitions of certain terms. Applicants must comply with any requirements stated in this Supplemental Information.

**eGrants Management System Account** (<https://egrants.cns.gov/espan/main/login.jsp>)  
Applicants will need to do this to apply, if one doesn't exist for your organization.

#### **Unique Entity Identifier and System for Award Management (SAM)**

All applicants **must** register with the System for Award Management (SAM) at <https://www.sam.gov/SAM/> and maintain an active SAM registration until the application process is complete. If an applicant is awarded a grant, it must maintain an active SAM registration throughout the life of the award. Use the [SAM Quick Guide for Grantees](#) for more information.

AmeriCorps suggests that applicants finalize a new registration or renew an existing one at least three weeks before the application deadline, to allow time to resolve any issues that may arise. **Applicants must use their SAM-registered legal name and physical address on all grant applications. The legal applicant's name and physical address in AmeriCorps' Grants Management System must match exactly the applicant's SAM-registered information.**

Applications must include a valid Unique Entity Identifier (UEI), which is generated as part of the SAM registration process. AmeriCorps will not make awards to entities that do not have a valid SAM registration and UEI.

Applications must include an Employer Identification Number (EIN). The UEI and EIN must be entered by the organization's Grantee Administrator as an organization attribute, and this will apply the information to all applications for the organization.
