5. Letter of non-objection or third-party commercial agreement obtained from other affected parties? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If no, please explain Not Applicable	
SECTION III. PROJECT INFORMATION	
1. Project Name: Amendment to ADL 234256 – MGS Consolidated Easement to include ADL 228012 – MGS Facility Outfall Pipeline.	

2. Construction Start/End Date: Additional construction is not currently planned.	Easement Duration: Enter easement duration.
--	--

3. Project Activities:

A. Project Description:
 Amendment to ADL 234256 to include ADL 228012, a private easement for 6” outfall line taking produced water from the onshore facility to Cook Inlet, being 50’ wide and 796.11’ long.

B. Methods of Construction:
 No additional construction planned.

C. Easement Parameters:
 Outfall line right of way width is 50’, 25’ on each side of centerline.

Construction Easement (including buffers)				Operation Easement (including buffers)			
Projects	Length (ft)	Width (ft)	Size (acre)	Projects	Length (ft)	Width (ft)	Size (acre)
Gravel Pad	Enter	Enter	Enter	Gravel Pad	Enter	Enter	Enter
Gravel Road	Enter	Enter	Enter	Gravel Road	Enter	Enter	Enter
Pipeline	Enter	Enter	Enter	Pipeline	796.11	50.00	0.914
Wellbore	Enter	Enter	Enter	Wellbore	Enter	Enter	Enter
Other	Enter	Enter	Enter	Other	Enter.	Enter	Enter
Total	Enter	Enter	Enter	Total	796.11	50	0.914

D. Waste Management:
 N/A – offshore pipeline easement.

E. Staging and Storage Areas:
 N/A – offshore pipeline easement.

F. Airstrips and Landing Zones:
 No Airstrips or Landing Zones are proximally located.

G. Historical Properties and Cultural Resources:
 N/A – No Historical Properties or Cultural Resources are proximally located.

H. Anadromous Fish Streams and Other Streams: ADL No. 228012 is located offshore – no streams are proximally located.
I. Fuel and Hazardous Substances: Follow existing state / federal requirements.
J. Air Quality: Follow existing state / federal requirements.
K. Water Quality: Follow existing state / federal requirements.
L. Utilities: No associated utilities.
M. Material Sites: N/A – Offshore pipeline easement.
N. Water Supplies: N/A – Offshore pipeline easement.
O. Roads: N/A – Offshore pipeline easement.
P. Personnel: N/A – Offshore pipeline easement.
4. Associated Structures: 6” outfall pipeline.
5. Is this an existing use? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If Yes, provide documentation verifying existing use, such as easement atlas, affidavits attesting to use and existence, pictures, etc.
6. What type of easement are you applying for? Private Exclusive <input type="checkbox"/> Private Non-Exclusive <input checked="" type="checkbox"/> Public <input type="checkbox"/> Renewal of existing Private Non-Exclusive Right-of-Way

7. Other permits or authorizations applied for in conjunction with this proposed project:

None.

8. Generally outline long-term maintenance and operation requirements:

Hilcorp follows all state and federal pipeline inspection and maintenance requirements and best management practices.

9. Generally outline plans for rehabilitating the affected project area after completion of operations:

Hilcorp intends to utilize this pipeline on a long-term basis. Due to the characteristics of the surrounding terrain, the company recommends that the pipeline remain buried in place to minimize disruption to the ground surface and local wildlife habitats. Additionally, the pipeline associated with this easement is not used for hydrocarbon service and therefore remains free of oil.

10. Operating procedures designed to mitigate, minimize, or avoid adverse effects:

Describe operating procedures designed to prevent or minimize adverse effects on other natural resources and other uses of the project area and adjacent areas, including fish and wildlife habitats, historic and archaeological sites, and public use areas. Any training related to minimizing adverse effects. e.g., cultural awareness, wildlife awareness etc. should be included. Describe project specific procedures.

Hilcorp implements existing procedures, a robust training program, and best management practices.

SECTION IV. PERFORMANCE GUARANTY		
Bonded Company: Hilcorp Alaska, LLC		
Type: Performance	Bond Number: 02203991, 022043509, 82168362, 58618469, 106176531, SPA150339 010	Amount: \$139,026,518.04

INSTRUCTIONS:

Maps:

Attach a USGS map (scale of 1:63,360) or a state status plat showing the location of the proposed easement. Please see the easement guidance document for additional map requirements.

The final granting of easement will be contingent upon our receipt of as-built depicting the post construction location of the improvements. Instructions for the completion of the as-built will be provided by the DNR Survey Section.
