

STATE OF ALASKA DEPARTMENT OF NATURAL RESOURCES
Division of Mining, Land and Water

LAND USE PERMIT APPLICATION
AS 38.05.850

Applicants must complete all sections of this application. In addition, applicants proposing:

- the use of the uplands must also complete the Supplemental Questionnaire for Use of State-Owned Uplands accompanying this application;
- off-road travel must also complete the Supplemental Questionnaire for Off-Road Travel accompanying this application; and/or
- the use of shorelands, tidelands, and submerged lands must also complete the Supplemental Questionnaire for Use of State-Owned Waters accompanying this application.

Other items that must accompany the completed application are:

- a (non-refundable) application fee; see current Director's Fee Order or contact your regional office for applicable fees;
- a topographic map or aerial photo showing the location of the proposed activity;
- additional items identified and required in any supplemental questionnaire(s) to this application; and
- additional pages if more space is necessary to answer the questions completely.

Completed Land Use Permit Applications should be submitted electronically or mailed to one of the following offices:

Northern Region Land Office
3700 Airport Way
Fairbanks, AK 99709-4699
(907) 451-2740
nro.lands@alaska.gov

Southcentral Region Land Office

Applicant Information:

Name: Daniel Bruno

Doing Business As: no business

Mailing Address: 53581 Bridge Dr.
La Pine, OR 97739

Email Address: dancbruno541@gmail.com

Date of Birth: [REDACTED]

Business License #: [REDACTED]

EIN: [REDACTED]

Contact Person: you can also contact my father - Creve
Home Phone: Bruno at (503) 701-8999

Work Phone: [REDACTED]

Cell Phone: (541) 410-4378

Fax: [REDACTED]

LAS #: 27683

If you are applying for a corporation, give the following information:

Name, address and place of incorporation:

N/A

Is the corporation qualified to do business in Alaska? Yes No

If yes, provide name, address and phone number of the resident agent:

N/A

Type of User (Select One): Private non-commercial (personal use) Commercial Recreation or Tourism
 Public Non-profit including Federal, State, Municipal Government Agency Other commercial or industrial

Duration of Project: The proposed activity will require the use of state land for: (Check one)

A single term of less than one year. Beginning month: _____ Ending month: _____
 A multi year term for up to 5 years. Beginning year: 2026 Ending year: 2031

If multi year and seasonal, mark months of use in each year.

Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sept, Oct, Nov, Dec

Project Location: 56° 32' 31.60" N, 132° 57' 28.30" W

Latitude/Longitude or UTM: 56° 32' 31.60" N, 132° 57' 28.30" W or

Section: 32 Township: 61 S. Range: 80 E Meridian: Copper River in Wrangell Narrows

Section: _____ Township: _____ Range: _____ Meridian: _____

Proposed project will require the use of up to 10 sq. feet acres.

(Please add additional sheets for this section as necessary)

LAS #: 27683

Land Use Permit Application Form 102-1084A
(Rev.9/21)

Page 2 of 6

Project Description: Describe in detail your intended use of state land. (State land also includes all tide and submerged lands beneath coastal waters and all shorelands beneath other navigable waterbodies of the state.) Discuss development and activities. (Attach additional pages as necessary.)

Continued use of existing mooring buoy to provide access to a privately owned recreational cabin located on National Forest lands, and providing safe anchorage.

Should a portion of the permitted area be closed to the general public? Yes No .

If yes, explain which portion and provide justification for exclusive use.

Site Description: Briefly describe the current condition of the proposed site of use, noting any trash, garbage, debris or signs of possible site contamination. (If significant, we recommend you provide pictures to establish initial conditions.)

Existing Mooring Buoy is located in 28' (high ~~10~~) of mean tide water.

LAS #: 27683

Are there improvements or materials on the site now? Yes No If yes, briefly describe the improvements, their approximate value, and who owns them. (We recommend you provide pictures of improvements.)

Mooring buoy is currently at site. No improvements.
Owned by Daniel Bruno

Describe the natural vegetation – ground cover, trees, shrubs – and any proposed changes. Describe the location of any estuarine, riparian, or wetlands and any noticeable animal use of area.

N/A No proposed changes

Site Access: Describe how you plan to access the site, and your mode of transportation.

Access on water by Boat.

If your access is by aircraft, specify the type and size of aircraft:

To access the site, the aircraft is equipped with floats wheels skis .

Number of people:

1. Indicate the number of employees and supervisors who will be working on the site. 0
2. Indicate the number of customers who will be using the site per year or season. 2
3. Indicate the number of days the site will be used per year or season. 140 days to 21 days

LAS #: 27683

N/A

Environmental Risk / Hazardous Substances: In the course of your proposed activity will you generate, use, store, transport, dispose of, or otherwise come in contact with toxic and/or hazardous materials, and/or hydrocarbons?

Yes No If yes, please describe:

The types and volumes of fuel or other hazardous substances present or proposed:

None

The specific storage location(s):

N/A

The spill plan and prevention methods:

N/A

N/A

If you plan to use either above or below ground storage containers (like tanks, drums, or other containers) for hazardous material storage, answer the following questions for each container:

Where will the container be located?

What will be stored in the container?

What will be the container's size in gallons? _____

LAS #: 27683

N/A

Give a description of any secondary containment structure, including volume in gallons, the type of lining material, and configuration:

N/A

Will the container be tested for leaks? Yes No .

Will the container be equipped with leak detection devices? Yes No . If no, describe:

N/A

Do you have any reason to suspect, or do you know if the site may have been previously contaminated?

Yes No . If yes, please explain:

Signature of Applicant or Authorized Representative

owner

LAND USE PERMIT APPLICATION SUPPLEMENTAL QUESTIONNAIRE FOR: Off Road Travel

Answer the following questions if your proposed activity includes off-road travel:

Terrain: Check the following terrain type(s) that best describes your route of travel:

- Wetlands *Access is by water on Wrangell Narrows*
- Open, non-tundra or wetland areas
- Rivers or other waterbodies
- Wooded areas with trees of 6" or greater diameter (at breast height)
- Tundra areas

Vehicles and Weight: List the number and kinds of vehicles to be used for motorized travel, the weight of each vehicle and the weight of each trailer or sled (including loaded weight) to be carried by that vehicle:

N/A

Mileage:

- State the average total miles traveled in one round trip: _____
- State the number of trips proposed: _____

Season: Proposed date(s) of travel will be: **From:** _____ **To:** _____

Stream and Waterbody Crossings: Note who you contacted in the ADF&G, Division of Habitat:

Date: _____ Person: _____

N/A **Fuel and Hazardous Substance Factor:** The volume of fuel and hazardous substances to be used is the total volume in gallons to be carried on one vehicle and any trailers or sleds that vehicle is towing.

- Maximum volume of fuel (in gallons) that is being transported by one vehicle and any trailers or sleds it is towing: _____ gallons.
- Hazardous substances other than fuel:

Substance: _____

Substance: _____

LAS # 27683

Page 1 of 2

WHA

- Do you have an Oil Discharge Prevention and Contingency Plan approved by the Alaska Department of Environmental Conservation? Yes No
- Do you have either a trained spill response team or a contract with a spill response company? Yes No

This form must be filled out completely and submitted with the applicable fees. Failure to do so will result in a delay in processing your permit. AS 38.05.035(a) authorizes the director to decide what information is needed to process an application for the sale or use of state land and resources. This information is made a part of the state public land records and becomes public information under AS 40.25.110 and 40.25.120 (unless the information qualifies for confidentiality under AS 38.05.035(a)(8) and confidentiality is requested or AS 45.48). Public information is open to inspection by you or any member of the public. A person who is the subject of the information may challenge its accuracy or completeness under AS 40.25.310, by giving a written description of the challenged information, the changes needed to correct it, and a name and address where the person can be reached. LAS # 27683

Land Use Permit Supplemental Questionnaire for
Off-Road Travel – Form 102-1084E (Rev 09/21)

Page 2 of 2

**LAND USE PERMIT APPLICATION SUPPLEMENTAL QUESTIONNAIRE FOR:
Use of State-Owned Uplands**

N/A

To be completed to provide more detailed information about projects or activities requiring the use of state-owned uplands. All site development details identified in this section must be represented graphically in the scaled drawings on Page 6 of the supplement.

N/A

Temporary Structures

1) Describe all temporary improvements (including buildings, tent platforms, out-buildings, docks, floats, and floating facilities), including dimensions and building materials. 2) Label improvements to be maintained on a year round basis as year round. **Note:** Seasonal improvements must be completely dismantled and removed or stored on or before the end of authorized terms of use.

Current - Existing anchor with line + float.
Line is 40 feet.

Distance structures including pit privies will be located from the ordinary highwater mark of the nearest freshwater body (lake, stream, river, etc.), or the mean high water mark of a saltwater body: _____

N/A

Harvest of Non-Timber Related Forest Products

Please list the type and quantity of each non-timber related forest product (berries, ferns, willow, mushrooms, birch bark, etc.) to be harvested for commercial use:

Contact the DNR Division of Forestry to obtain authorizations for the harvest of small trees.

N/A

Motorized Equipment

List mechanized/motorized equipment to be used, including type, size, purpose, and number of each.

For stream and waterbody crossings, note who you contacted in the ADF&G, Division of Habitat:

Date: _____ Person: _____

LAS # 27683

Page 1 of 6

Storage and Parking

N/A

If you plan to store items or park boats, vehicles and/or heavy equipment on the site, complete the following:

Describe and give dimensions of long term and short-term parking and or storage areas:

Is parking and storage planned to take place on filled tidelands? Yes No

Does storage involve structures or materials floating in a waterbody? Yes No

If yes, please complete the Supplemental Questionnaire for the Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands).

Number of disassembled tent frames _____ Number of tent platforms _____

List and describe items that are large and difficult to transport. Include dimensions:

Will barrel(s) or an equivalent type of container be used? Yes No

If using something other than barrels for storage containers, describe the alternative container.

Describe any measures you plan to take to minimize drips or spills from leaking vehicles or equipment.

LAS # 27683

Water / Wastewater**N/A****Water Supply:** Describe the water supply and proposed use.**Wastewater:** Describe the wastewater type and quantity and proposed method of wastewater disposal: (for the marine environment, also describe the proposed gray and black water systems or out fall pipeline).**Waste:** Describe the types of waste that will be generated on-site, including solid waste, the source of the waste, and the method of waste disposal, i.e. pit privy, or self-contained system, or outfall line; indicate distance from the nearest waterbody.

Animal Use**Will there be any use of animals (horses, llamas, dogs, etc.)? Yes No** **Will there be commercial use of the animals (horseback rides, packing, dog sled rides, etc.)? Yes No** **If yes, please explain:**LAS # 27683

Page 3 of 6

Dismantle, Removal, Restoration Plan N/A

Provide a plan for dismantling and removing temporary structures. Include method and timeline for total site restoration:

Should it be necessary, Final Restoration will involve our complete removal of the entire mooring anchor, line + buoy.

Method: Hydraulic hauler on our boat will be used to retrieve the Anchor + line.

Short Term (Portable) Commercial Recreation Camps N/A

Identify commercial recreation activity/activities for which short term (portable) camps will be established to accommodate employees and clients, and provide a general description of the location(s) (e.g. guide use area, game management sub-unit, river, stream, lake, etc.) where the recreational activity/activities and short term (portable) camp use will occur.

- Big Game Guiding (List up to 3 Guide Use Areas).**

- Sportfishing (List river corridors, lakes, etc.).**

- Boating/Rafting/Kayaking (List river corridors, lakes, etc.).**

LAS # 27683

Land Use Permit Application Supplemental Questionnaire for
Use of State-Owned Uplands – Form 102-1084D (Rev 09/21)

NIA

Other Recreation (Type and general geographic description).

NIA

Identify any State of Alaska Refuge, Sanctuary and/or Critical Habitat Area where short term (portable) camps will be used.

Will activities include "day use" of state land managed under the Haines State Forest Management Plan? Yes No

This form must be filled out completely and submitted with the applicable fees. Failure to do so will result in a delay in processing your permit. AS 38.05.035(a) authorizes the director to decide what information is needed to process an application for the sale or use of state land and resources. This information is made a part of the state public land records and becomes public information under AS 40.25.110 and 40.25.120 (unless the information qualifies for confidentiality under AS 38.05.035(a)(8) and confidentiality is requested or AS 45.48). Public information is open to inspection by you or any member of the public. A person who is the subject of the information may challenge its accuracy or completeness under AS 40.25.310, by giving a written description of the challenged information, the changes needed to correct it, and a name and address where the person can be reached. False statements made in an application for a benefit are punishable under AS 11.56.210.

In submitting this form, the applicant certifies that he or she has not changed the original text of the form or any attached documents provided by the Division. In submitting this form, the applicant agrees with the Department to use "electronic" means to conduct "transactions" (as those terms are used in the Uniform Electronic Transactions Act, AS 09.80.010 – AS 09.80.195) that relate to this form and that the Department need not retain the original paper form of this record: the department may retain this record as an electronic record and destroy the original.

LAS # 27683

Land Use Permit Application Supplemental Questionnaire for
Use of State-Owned Uplands – Form 102-1084D (Rev 09/21)

Page 5 of 6

LAND USE PERMIT APPLICATION SUPPLEMENTAL QUESTIONNAIRE FOR: Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands)

Shorelands are those below ordinary high water mark of non-tidally influenced navigable waterbodies. **Tidelands** are that portion of the intertidal zone below the elevation of mean high water. This elevation varies by location. Contact the nearest Department of Natural Resources (DNR) regional office for assistance. **Submerged lands** are those below the lowest tidal elevation. The State of Alaska, with few exceptions, owns these lands out to three miles offshore. If your activity includes the use of State shorelands, tidelands, or submerged lands and the waters above them, answer the questions within applicable sections below. All site development details identified in this section must be represented graphically in the scaled drawings on page 9 of the supplement.

Does the applicant own the directly adjacent, upland waterfront property? Yes No

If no, give name(s) and current address/phone number of the property owner.

USDept. of Agriculture - U.S. Forest Service

District Ranger - Petersburg, AK (907) 518-4074

Contact - Bret Uppencamp bret. uppencamp@usda.gov

Give names and current addresses and/phone numbers for both upland property owners on either side of the above waterfront property.

Same as above US. Dept. of Agriculture

US Forest Service

(907) 772-3871

Note: You must obtain the upland owner's written permission for any use of uplands you do not own including for waste disposal, access roads, waterlines, power lines, or shore ties above MHW, and you must provide a copy to DNR before a permit is issued. If not the immediately adjacent upland property owner, does the applicant have legal access across the uplands? Yes No Please explain.

I own the upland cabin and I am the owner of
use Permit PET 714 with the USDA Forest Service.

Will your tideland use involve any use of adjacent State-owned uplands? Yes No (If Yes, indicate uses and show on your development plan diagram.) Shore tie Waterline Power line Access to roads Other – Explain.

Type of Use, Activity, Development (Answer All).

Will you be developing / using a Mooring Buoy or anchoring a commercial or industrial use vessel for more than 14 days?

Yes No (If yes, please also answer all questions in Part 1 on page 2 and Part 6 on pages 10, 11.)

LAS # 27683

Page 1 of 12

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

Will you be anchoring or mooring a commercial or industrial related floating facility that is or can be occupied, i.e. a float camp or floating lodge, a float house you rent, a seafood processor?

Yes No (If yes, please also answer all questions in Part 2, on page 3 and Part 6 on pages 10, 11.)

Will you be anchoring or mooring your own personal use Float house?

Yes No (If yes, please also answer all questions in Part 2, on pages 3 and Part 6 on pages 10, 11.)

Will you be placing non-occupied structures including but not limited to Piling, Dolphins, Fixed docks, Floating docks, or other floating structures?

Yes No (If yes, please also answer all questions in Part 3, on page 4 and Part 6 on pages 10, 11.)

Are you seeking authorization to use or develop a Log Transfer Facility, a floating Log Storage area, or a Log Ship Loading site?

Yes No (If yes, please also answer all questions in Part 4, pages 5, 6, 7 and Part 6 on pages 10, 11.)

Will you be placing fill or dredging material on a beach?

Yes No (If yes, please also answer all questions in Part 5, pages 8, 9 and Part 6 on pages 10, 11.)

Part 1. Anchoring vessels and mooring buoy systems

Does the proposed use location include a known anchorage? Yes No If yes, have alternative locations been considered to reduce impact to the anchorage? Yes No If no, explain why.

There are No docks in the area.

What type of vessel will use the site? Commercial Fish Tender / Processor Log Ship General Cargo Ship

Unoccupied Barge Fuel Barge Passenger Vessel Other: private 23 foot boat

Does the anchoring vessel require the ability to be able to occupy this site all year long? Yes No

If no, what months will the site be used? From July to August

What is the maximum swing radius of vessel at anchor? Length: 50 feet (distance from anchor to the aft of the vessel).

Will the vessel require the placement of a mooring buoy system? Yes No Number of buoys: 1

If placing buoys, fill out applicable parts of Part 3 to explain the anchoring system.

LAS # 27683

Part 2. Floathouses and Commercial, Industrial Floating Lodges, Float camps, Caretaker Residences (including seafood processors)

Description of Facility Note: The structures and dimensions must be shown on the development plan diagram.

Float Dimensions: float ____ x ____ float ____ x ____ float ____ x ____ Total float area ____ sq ft

Living quarters total area: ____ sq ft. Number of stories: ____ Maximum occupancy: ____ persons

Describe other structures on floats, such as storage and generator sheds; give structure dimensions.

Describe anchoring system and address all that apply: No. of anchors ____ Type _____ Weight _____

No. of Rock bolts: _____ No. of Shore ties: _____

Other methods:

Grounding is prohibited. What is the water depth beneath the facility at extreme low tide? _____

How many feet of maximum draft does the floating facility have? _____

Describe your potable Water Source: type, location, ownership of the source:

Wastewater System. Describe how you will handle human waste, black water, grey water:

Do you have an approved Alaska Department of Environmental Conservation marine sanitation system? Yes No

Approval # _____

Describe how you will dispose of all solid waste including human waste and household garbage generated on facility:

LAS # 27683

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

N/A

Part 3. Non occupied structures - Piling, Dolphins, fixed docks, floating docks, or other floating structures.

Select all boxes that apply for structures located below MHW and show all on the development plan diagram.

Fixed pile-supported dock, wharf or landing (non-floating) – dimensions ____ x ____ feet. No. of pilings ____

Ramp to floating dock - dimensions ____ x ____ feet

Boat haulout or non-floating ramp - dimensions ____ x ____ feet

Floating dock dimensions ____ x ____ feet, ____ x ____ feet, ____ x ____ feet, ____ x ____ feet, ____ x ____ feet

Floating breakwater - materials: _____ Dimensions ____ x ____

Other floating structures (e.g., net pens, gear storage float) - describe materials, structures, dimensions:

Storage sheds or similar structures on docks - description _____ Dimensions ____ x ____

Bulkhead - type (log crib, sheet pile, etc.) _____
Dimensions ____ x ____ Cubic Yards of Fill

Individual pilings not counted under fixed dock above. Number ____

Dolphins - Number ____ Number of pilings per dolphin ____

Anchor - Number 1 Type Claw anchor Weight 60 lbs.

Rock bolts - Number ____

Shore ties – Number ____ Note: You must obtain the upland owner's permission to place shore ties above MHW before a permit is issued.

Note: Grounding is prohibited.

What is the water depth beneath the floating structures at extreme low tide? 18 feet

LAS # 27683

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

N/A

Part 4. Temporary log transfer facility (LTF) including floating log storage area.

Siting of an LTF which discharges wood into the marine waters must meet the 1985 Alaska Timber Task Force siting criteria guidelines and the criteria established under the US Environmental Protection Agency's (USEPA) - National Pollutant Discharge Elimination System (NPDES) general permit and the Alaska Department of Environmental Conservation (ADEC) 401 certification.

What is the maximum length of time that you will need to use the facility? _____ years.

What will be your seasonal periods of operation? _____

What is the total timber volume you need to transfer across this LTF? _____ mmbf.

How many total acres do you need for this facility? _____ acres.

Note: This acreage must include all improvements including the anchors and lines. It must include the area required for such items as log raft construction, off-shore storage, associated barge and vessel moorage, and shore-ties.

Does the associated transfer site require a log raft building area? Yes No If yes then:

How many boom logs _____ and anchors _____ and what is the total length of boom logs _____ feet, that you need for the rafting area?

Will the log rafts ground or be moored in water at depths less than 40 feet as measured from MLLW?

Yes No

What is the near shore depth _____ feet, and the offshore depth _____ feet, of the log rafting area as measured from MLLW (0.0' elevation)?

What nautical chart did you use for reference _____, please include a copy of this area of the chart with the attachments.

Will you need an associated in-water log storage area? Yes No If Yes, then answer the set of questions in the **Floating Log Storage Area section of Part 4**.

Will you need an associated log ship moorage and loading area? Yes No If yes then complete Part 1 on Pg 2.

What kind of transfer facility do you propose to operate? (i.e. A-Frame letdown, slide ramp, drive down ramp, barge ramp)

N/A

Will you be transferring logs into the marine waters?

- No, logs will never be discharged into the water, they will always be transported directly onto barges.
- Yes - new facility. The applicant must conduct a dive survey of the near shore area to document the pre-project underwater topography and habitat conditions that will be covered by the discharge of bark on to the likely one-acre zone of deposit. The initial dive survey must be done to guidelines established for bark monitoring by the USEPA and the ADEC. A written report of findings including photographic documentation must be submitted prior to review and consideration of this application.

LAS # 27683

Page 5 of 12

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

NIA

Part 4. (continued)

Yes - existing facility. Include a report of the last dive survey with attachments. The applicant / operator is responsible to conduct bark monitoring dive surveys, done to the guidelines established by the USEPA and the ADEC to document the current extent of bark accumulation at the site. A written report of current monitoring findings must be submitted prior to review and consideration of this application.

Is this an existing LTF that has been fully approved and used to transport timber in the past? Yes No

If Yes, then answer the following set of questions. If No, you are finished with **Part 4.**

Was the facility constructed before 1985? Yes No

Is the facility currently authorized? Yes No If Yes, provide the Army Corps of Engineer's Permit Name and number (i.e. Mud Bay 43) _____ and attach a copy of it and all modifications.

What is the US EPA - NPDES authorization number? _____ Date of approval _____
and who is the authorized operator: _____

When was the facility last actively used? _____ How long was it used before? _____

How much volume was transferred? _____ mmbf

What type of log entry system is currently authorized? (i.e. A-Frame letdown, slide ramp, drive down ramp, barge ramp)

Is there a tideland survey for the site? Yes No , ATS # _____

Does the existing facility require a physical modification? Yes No If Yes, please submit your modification request to the USACE and include a copy with this application. Please briefly explain the modification.

NIA

Floating Log Storage Area

Will the storage area be inside the permit area at the log transfer facility? Yes No If No, Will there be a separate tract or tracts? Yes No If Yes, how many tracts do you need? _____ and list below the acreage of each tract.

How long do you need to use the storage area(s)? _____

How much volume will be moved thru this storage area? _____ mmbf

How many log booms and anchors and what is the total length of the log boom perimeter that will be needed for storage?

of log booms _____, # of anchors _____ total length of all log booms _____ feet.

Will you be using shore ties? Yes No If Yes, provide a copy of this permission, if No, you need to obtain and provide this.

LAS # 27683

Part 4. (continued)

NIA

Will the log rafts ground or be moored in water at depths less than 40 feet as measured from MLLW?

Near shore depth _____ feet, Offshore depth _____ feet.

What nautical chart did you use for reference? _____ If possible, please include a copy with the attachments.

If the log storage area is one which has been fully approved and used to store log rafts in the past, then answer the following:

When was the site last actively used? _____ and for how long? _____

If known, how much volume was stored here? _____ mmbf

Is the facility currently authorized? **Yes** **No** If Yes, provide the Army Corps of Engineer's Permit Name and number (i.e. Mud Bay 43): _____ and attach a copy of the permit and all modifications.

What is the DNR authorization number? _____

What is the US EPA - NPDES authorization number? _____ Date of approval _____ and who is the authorized operator: _____

Has there been a recent dive survey completed? **Yes** **No** If Yes, then include a copy of this report with the attachments.

Note: The applicant may have to conduct a dive survey of the log storage area to document the underwater topography and habitat that would be covered by the bark zone of deposit or to establish current bark accumulation levels. If required due to level of use, a bark monitoring dive survey must be done to guidelines established by the US EPA and the ADEC to document the current conditions at the site.

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

N/A

Part 5. Use that involves dredging, placing fill material or altering beaches.

NOTE: When altering the location of the line of mean high water on a beach by placing fill on or seaward of this line you need to be aware of the following. The line of ordinary high water (OHW) or mean high water (MHW) is the boundary where State (public) ownership of shorelands, tidelands and submerged land begins. For OHW, the boundary is the highest water level which has been maintained for a sufficient period of time to leave evidence upon the landscape, commonly that point where the natural vegetation changes from predominantly aquatic to predominantly terrestrial. For MHW, this boundary is an elevation contour on the beach and is determined by the tidal stage of MHW water elevation against the beach topography. These lines are not fixed by a past survey of the upland property if that land survey shows a meandered boundary as is typically done. A meandered boundary is intended to be dynamic and move over time; natural forces can either erode material or deposit material and as a result, the boundary can naturally move. Another natural way that boundaries can change is in tidal areas where glaciers have recently receded and the land is rebounding or uplifting over time. When any natural process is interrupted by the actions of man, such as placing material to stop erosion, the boundary line typically becomes fixed from that point on. When altering the boundary line through fill below MHW or (OHW), the upland owner will not gain ownership of the newly filled areas; these areas remain in State (public) ownership.

What is the elevation of the line of MHW at the proposed permit site? _____ feet

Are you proposing to alter the line of MHW in any manner? Yes No If Yes, explain what you intent to do.

Placing fill material on a beach.

What is the purpose of the fill?

Is there an upland survey that has established a meandered boundary line? Yes No

If Yes, Survey # _____ (if a subdivision survey please provide a legible copy)

(ATS, ASLS, US Survey #)

Will heavy equipment be used below the mean high-water line to alter the beach? Yes No If Yes, explain:

How many cubic yards of fill are you proposing to place at and below the line of MHW? _____ cubic yards

What are the dimensions of fill area below MHW elevation? _____

How many linear feet along the (beach) line of MHW will be covered with fill? _____ feet

Is there more than one area along the beach which will be filled? Yes No Identify the location of each area on the development plan diagram.

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

Part 5. (continued)

N/A

Will any of the fill material come from State owned uplands or tide and submerged lands? **Yes** **No** If Yes, then what is the source?

_____ and how many cubic yards? _____

If you are intending to limit beach fill to the area above the current line of MHW will any of the fill or associated retaining wall material including the toe of the fill or retaining wall extend beyond the line of MHW? **Yes** **No**

Is the adjacent upland property encumbered with a public easement along the waterfront boundary? **Yes** **No**

How will the fill affect public access along the beach?

Excavation of materials from a beach.

What is the purpose of the excavation?

How many linear feet along the beach will be affected? _____ feet

To what depth will you be excavating? _____ feet

How many cubic yards will be excavated from the area seaward of the line of MHW? _____ cubic yards and what will this excavated material be used for or where will it be disposed?

LAS # 27683

Land Use Permit Supplemental Questionnaire for

Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands) Form 102-1084C (Rev 09/21)

Part 6. Dismantle, Removal, Restoration Plan - The permit will require that upon expiration, completion, or termination the site shall be vacated and all improvements and personal property removed. The site shall be left in a clean, safe condition acceptable to the Regional Manager. Your answers to the following questions will establish your proposed restoration plan.

A. Explain how you plan to dismantle and remove the improvements and restore the site to a clean, safe condition acceptable to the Regional Manager. Note: One acceptable alternative is returning the permit site to the condition that existed before the site was developed or used.

Should it be necessary, final Restoration will involve our complete removal of the entire mooring anchor, line & buoy. We will use the hydraulic hauler on our boat to remove the anchor & line.

B. If your project involves fill describe how it will be removed and where will it be removed to. How will you document that the original line of Mean High Water has been restored? (e.g. photo documentation, resurvey)

C. If your project involves anchors and/or pilings how do you plan on removing them? Where is the nearest community that provides this type of removal equipment / service? Same as A. above.

D. Describe the disposal method and identify the disposal site or sites for structural components, solid wastes, and hazardous wastes.

System will be stored at our cabin shed or sold.

Part 6. (continued)

E. If components can be reused for other projects, such as anchors, identify where they would be stored?

At our cabin shed.

This form must be filled out completely and submitted with the applicable fees. Failure to do so will result in a delay in processing your permit. AS 38.05.035(a) authorizes the director to decide what information is needed to process an application for the sale or use of state land and resources. This information is made a part of the state public land records and becomes public information under AS 40.25.110 and 40.25.120 (unless the information qualifies for confidentiality under AS 38.05.035(a)(8) and confidentiality is requested or AS 45.48). Public information is open to inspection by you or any member of the public. A person who is the subject of the information may challenge its accuracy or completeness under AS 40.25.310, by giving a written description of the challenged information, the changes needed to correct it, and a name and address where the person can be reached. False statements made in an application for a benefit are punishable under AS 11.56.210.

In submitting this form, the applicant certifies that he or she has not changed the original text of the form or any attached documents provided by the Division. In submitting this form, the applicant agrees with the Department to use "electronic" means to conduct "transactions" (as those terms are used in the Uniform Electronic Transactions Act, AS 09.80.010 – AS 09.80.195) that relate to this form and that the Department need not retain the original paper form of this record: the department may retain this record as an electronic record and destroy the original.

RE: LAS 27863
Pending Permit

To Whom It May Concern:

I have received the "Notice of Pending Permit Expiration (March 30, 2026).

The previous permit was issued to my brother, Michael Bruno, who was the previous Lease Holder of the special use permit for the upland Cabin. As of August 15, 2025, the special use permit (PET714) has been transferred to me. Consequently, I will be submitting the application for the Permit that involves the Buoy we use to safely anchor our boat when we are at the cabin.

I have attached three documents from the USDA, Petersburg Ranger District, showing that the lease was transferred to me.

I have also enclosed a copy of the receipt for the paid \$240. Application Filing Fee.

Thank you for your assistance,

Daniel Bruno

PS. – if you have any questions you can contact me at (541) 410-4378, or you can contact my father, Gene Bruno, at (503) 701-8999

Additional Enclosures:

- Letter from District Ranger Carey Case on special use permit PET714
- Front page of special use permit to Daniel Bruno
- Final Signed page of special use permit
- Receipt for \$240 payment for permit application fee for LAS 27683

Dear Mr. Bruno,

Enclosed is a fully signed copy of the special use permit (PET714) that authorizes your traditional and customary use cabin located on the Tongass National Forest near December Point on Mitkof Island. The enclosed permit expires on December 31, 2025. You may request a new permit prior to its expiration date.

The structures and improvements authorized by the permit are included, with dimensions, in Appendix B. Only those authorized items may be maintained, at the identified size, within the permit area. Other items should be removed or put away when you are not staying at your cabin. If you plan alterations or reconstruction to the cabin, or other authorized improvements, remember that all plans for such work must have written approval from the Forest Service before they are implemented.

My staff is available to help should you have any questions. Please do not hesitate to contact your permit administrator, Bret Uppencamp at bret.uppencamp@usda.gov or (907) 518-4074. Thank you for your cooperation.

Sincerely,

CAREY CASE
District Ranger

U.S. DEPARTMENT OF AGRICULTURE FOREST SERVICE

SPECIAL USE PERMIT

Authority: ORGANIC ADMINISTRATION ACT June 4, 1897. ALASKA NATIONAL INTEREST LANDS CONSERVATION ACT December 2, 1980

Daniel Bruno of 53581 Bridge Drive, La Pine, OR 97739 (hereinafter "the holder") is authorized to use or occupy National Forest System lands in the Tongass National Forest, Petersburg Ranger District, of the National Forest System, subject to the terms of this special use permit (the permit).

This permit covers .55 acres, near December Point on Mitof Island, in the SE1/4 SW1/4, NE1/4 Sec. 32, T. 61 S., R. 80 E., Copper River Meridian, Coordinates: 56.54121, -132.9560, ("the permit area"), as shown on the map attached as Appendix A. This and any other appendices to this permit are hereby incorporated into this permit.

Appendix B: Photos of Authorized Improvements

Appendix C: Condition of Operations

This permit is issued for the purpose of use and maintenance of a privately-owned cabin for traditional and customary uses. Traditional and customary uses are defined as long-established, consistent patterns of use, incorporating beliefs, customs, or uses that have been transmitted from generation to generation. A traditional or customary use is one that was well-established, per this definition, before ANILCA was signed into law on December 2, 1980 (Forest Service Handbook R10 2709.11_40-2024).

Authorized improvements are described as follows:

1. 14 foot x 24 foot cabin
2. 7 foot x 24 foot covered deck on west side of cabin
3. 12 foot x 36 foot warehouse
4. 4 foot x 4 foot shower stall attached to the east side of warehouse
5. 4 foot x 4 foot outhouse
6. 2 inch diameter x 600 foot long above ground plastic waterline

I. GENERAL TERMS

A. AUTHORITY. This permit is issued pursuant to the Organic Administration Act, June 4, 1897, Alaska National Interest Lands Conservation Act, December 2, 1980 and 36 CFR Part 251, Subpart B, as amended, and is subject to their provisions.

B. AUTHORIZED OFFICER. The authorized officer is the Forest or Grassland Supervisor, a District Ranger, or the Station, Institute, or Area Director with delegated authority pursuant to Forest Service Manual 2700.

P. ARCHAEOLOGICAL-PALEONTOLOGICAL DISCOVERIES (R10-X106). Items of historic, prehistoric, or paleontological value are protected under various Federal laws, including the Antiquities Act of 1906 (16 U.S.C. 433), the Archaeological Resource Protection Act of 1979 (16 U.S.C. 47033) as amended, and Federal regulations. If historic, prehistoric, or paleontological objects or sites are discovered during activities under this permit, the holder is responsible for assuring that those objects or sites are not disturbed during the activities of the holder or the holder's clients. The holder must notify the Forest Service of such discovery at the earliest opportunity. Failure to comply with this clause may result in criminal prosecution of the holder for violation of a Federal law or regulation.

THIS PERMIT IS ACCEPTED SUBJECT TO ALL ITS TERMS.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082. Response to this collection of information is mandatory. The authority to collect the information is the Organic Administration Act, 16 U.S.C. 551. The time required to complete this information collection is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the State or local Agency that administers the program or contact USDA through the Telecommunications Relay Service at 711(voice and TTY). Additionally, program information may be made available in languages other than English.
