Amendment # 2

ISSUE DATE 2/26/2026

This amendment is being issued to answer a question submitted by a potential proposer.

Questions and Answers:

Question 1: Please confirm that the request for proposals is for A/E services only and is not intended to include construction of the project. Language included in the scope of services appears to imply that materials and construction of the project would be included in the proposer's Phase II scope of work.

Answer 1: *Correct this RFP is for A/E services only and does not include materials for construction.*

All other terms and conditions remain unchanged.
