In regard to Submission Forms B-E, do the responses have to be on the forms provided? If we are allowed up to five pages per Form, can it be continued on to a blank page?	Yes, Each form is allowed for up to five pages and continuing onto a black page is allowed.
1. We requested metadata (sensors) that are currently on each RWIS, but only LAT and Long were provided. The prior Maintenance Provider should have provided this information to ADOT based on the previous maintenance contract. Can this information please be provided?	I have included the excel sheet
Could you please clarify what is meant by “Operator Interface Training” and “Installation and Data Integration Training” on Form G? If these trainings are specific to IRIS, should they be removed from the form?	These training line items are not specific to IRIS. They refer to training DOT&PF Maintenance & Operations staff on the software tools and interfaces used to interact with RWIS sites. For example, verifying site connectivity, confirming sensors are reporting correctly, performing remote power-cycling, and conducting basic remote diagnostics
