Re: Amendment 1
RFP 26-VSW-ANV-023
Anvik Water Source Improvements
RFP Due Date: April 7, 2026 @ 2:00 PM AST

The following are vendor questions and the department's response:

1. Vendor: The page limits included in the Anvik RFP Anvik Water Source Improvements, 26-ANV-023, specify 1 page for Project Understanding and 1 page for Project Approach. There are multiple tasks in the RFP which will need to be addressed in these sections. Providing the needed detail in a 1 page response will be difficult. Can we expand the Project Understanding and Project Approach from 1 page each to 3 pages each?

Department: Evaluation Criteria, Part C, Section 1 – Technical Proposal on pdf page 8 of RFP for #1 Project Understanding shall read Page limit: 3 pages and #2 Project Approach shall read Page limit 3 pages.
