SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Revenue (DOR), Tax Division, is soliciting proposals from qualified vendors interested in establishing a term contract for the purchase of Heat Applied Cigarette Tax Stamps.

SEC. 1.02 BUDGET

The Department of Revenue, Tax Division, estimates a budget of \$275,000.00 for this contract, including all renewal options. Proposals priced at more than \$275,000.00 will be considered non-responsive.

SEC. 1.03 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than **3pm** Alaska Time on **April 22, 2026**, at which time they will be publicly opened. Late bids or amendments will be considered non-responsive and will not be opened or accepted for evaluation.

SEC. 1.04 PRIOR EXPERIENCE

In order for a bid to be considered responsive, the bidder must meet the following minimum prior experience requirements and provide the required documentation as specified below:

Minimum Experience Requirements:

- The bidder must have been in business providing heat-applied cigarette tax stamps for a minimum of three (3) years.
 - The bidder shall certify this requirement by submitting a signed statement, and must provide proof of business operation, which may include an Alaska business license, business registration in another state, or other documentation demonstrating the duration of operations.
- The bidder must provide at least three (3) references from government entities (City, County, or State) within the United States that currently use the proposed stamp.
 - References must include the entity name, contact person, phone number, and email address.

The State requires the following submissions for a bid to be deemed responsive:

- The bidder shall submit a separate, confidential statement describing their system for protection against unlawful reproduction of the stamps and the method by which such reproduction can be detected by State inspectors.
 - At a minimum, this statement must:
 - Describe security features incorporated into the stamp;
 - Describe controls in place to prevent unauthorized reproduction; and
 - Describe methods available to the State for detecting counterfeit or unlawfully reproduced stamps.
 - Failure to submit this statement, or failure to include the required elements listed above, will result in the bid being deemed non-responsive.
- The bidder shall provide samples of cancelled heat-applied cigarette tax stamps that are currently in use by at least three (3) government entities (City, County, or State) within the United States.
 - The provided entities must each have a minimum annual estimated usage of 20,000,000 stamps.
 - The samples must correspond to the references provided and represent currently used stamp designs.

A bidder's failure to provide the required certifications, documentation, samples, or statements demonstrating compliance with the minimum experience requirements will result in the bid being considered non-responsive and rejected.

SEC. 1.05 REQUIRED REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of bids. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the procurement officer no later than 2:00 PM, Alaska Standard Time, on April 8, 2026. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contact price and shall take appropriate action as directed by the procurement officer.
- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
