Questions submitted by potential offerors and answers from the state:

Question 1: In our review of amendment #2, and the state's answer to question #15 (pasted below). The State is asking for more clarification from the vendor. Does this mean the state is opening the RFP to a second round of questions or correspondence? If so, will this be published, so all vendors can engage?

Question 15: Section 3.03 Deliverables - License Plate Fulfillment Specifications - Could the state please provide a sample flat file that will be used to print registration documents?

Answer: We can provide what you are requesting but **we need more clarification on the specific file you are requesting**. An example of the registration document itself or an example of the nightly file we transit for the purposes of registration renewal, duplicate tabs, etc. This will need to be clarified for us to provide what you are requesting.

- a. Does this mean the state is opening the RFP to a second round of questions or correspondence? If so, will this be published, so all vendors can engage?

Answer: No, State will provide the file to the contract awarded vendor.
