# APRIL 30, 2026 PUBLIC MEETING

## Nenana-Totchaket Project Updates

The Department of Natural Resources is hosting a public meeting to provide updates about the Nenana-Totchaket project for the 2026 season. The meeting will be held both in person and simultaneously via Microsoft (MS) Teams. The meeting will consist of a presentation of updates along with question and answers.

Using the MS Teams link will allow participants to submit questions via chat messages. This method is encouraged and will help moderators keep track of incoming questions and give everyone a more focused meeting. The meeting will be recorded for DNR records.
