Questions submitted by potential offerors and answers from the state:

Question 1: While reading the RFI document, I did not see any mention of a current vendor. Is there an incumbent vendor currently providing these services? Or is this an entirely new requirement?

Answer: There is no current vendor as this a new requirement.

Question 2: I know that this project is only in the RFI stage at the moment, but I was curious whether there is an estimated amount for a potential contract that would be awarded should this project move past the RFI stage?

Answer: A budget has not been determined for this project as the state is simply collecting information as this time.
