SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Corrections, Division of Health and Rehabilitation Services, is soliciting bids for routine removal, transport, and disposal of medical biohazard waste from Department of Corrections facilities statewide.

SEC. 1.02 BUDGET

The Department of Corrections, Division of Health and Rehabilitation Services, estimates a budget of between \$120,000.00 and \$140,000.00 for this contract. Bids priced at more than \$140,000.00 will be considered non-responsive

This contract/agreement is dependent on legislative appropriation of funding and programmatic needs.

SEC. 1.03 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than **2:00 PM** Alaska Time on **June 1st, 2026**, at which time they will be publicly opened. Late bids or amendments will be considered non-responsive and will not be opened or accepted for evaluation.

SEC. 1.04 PRIOR EXPERIENCE

In order for a bid to be considered responsive the bidder must meet these minimum prior experience requirements:

- Specialized in Alaska intrastate operations and logistics

A bidder's failure to meet these minimum prior experience requirements will cause their bid to be considered non-responsive and rejected.

SEC. 1.05 REQUIRED REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of bids. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the procurement officer by **May 25th, 2026**. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

SEC. 1.07 SITE INSPECTION

Potential bidders are encouraged to visit the work site so that they can see the conditions under which the work described in this ITB will be performed. The bidder's failure to visit the work site will in no way relieve the bidder of the responsibility of performing the work in strict compliance with the true intent and meaning of the terms, conditions, and specifications of this ITB. The site may be inspected by contacting **Benjamin Baker** at **907-269-5909**

This contact person is only empowered to allow potential bidders to view the work site. The contact person cannot and will not answer potential bidder questions regarding the work to be performed under this ITB or the terms, conditions, and specifications of this ITB. Any questions potential bidders have must be directed to the procurement officer as required in Section 1.05.

SEC. 1.08 RETURN INSTRUCTIONS

If you are submitting a response through IRIS Vendor Self-Service (VSS), you may ignore the following return instructions.

Bidders must submit one hard copy of their entire bid, in writing, to the procurement officer in a sealed package. The sealed bid package must be addressed as follows:

Department of Corrections
Attention: Benjamin Baker
Request for Proposal (RFP) Number: 2027-2000-0010
Medical Bio-Hazard Waste Disposal Service
550 W 7th Ave, Suite 1800
Anchorage, AK 99501

If submitting your bid via email, the entire bid may be emailed to benjamin.baker@alaska.gov and must contain the ITB number in the subject line of the email. The **maximum** size of a single email (including all text and attachments) that can be received by the state is **20mb (megabytes)**. If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Like sending a hard copy bid, if you are emailing your bid, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bids.

It is the bidder's responsibility to contact the issuing agency at **907-269-5909** to confirm that the entire bid has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.09 ASSISTANCE TO BIDDERS WITH A DISABILITY

The State of Alaska complies with Title II of the Americans with Disabilities Act of 1990. Individuals with disabilities who may need auxiliary aids, services, and/or special modifications to submit a bid should contact the Procurement Officer no later than ten days prior to the closing of the bid to make any necessary arrangements.

SEC. 1.10 AMENDMENTS TO BIDS

Amendments to or withdrawals of bids will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of bids, in accordance with 2 AAC 12.140. No amendments or withdrawals will be accepted after the deadline unless the delay is due to an error of the contracting agency, in accordance with 2 AAC 12.160.

SEC. 1.11 AMENDMENTS TO THE ITB

If an amendment is issued before the deadline for receipt of bids, the amendment will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the amendment will be provided to all who were notified of the ITB and to those who have registered with the procurement officer after receiving the ITB from the OPN.

SEC. 1.12 ITB SCHEDULE

The ITB schedule below represents the State of Alaska’s best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of bids, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Standard Time (AST).

SEC. 1.14 SUPPORTING INFORMATION

Provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the state reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products or services offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder will provide a sample product(s) so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the state, may cause the state to consider the offer non-responsive and reject the bid.

SEC. 1.15 FIRM, UNQUALIFIED, AND UNCONDITIONAL OFFER

To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. Proof of insurance is required for the following:

SEC. 2.21 SECURITY SPECIFICATIONS

Security:

Security at all Alaska correctional facilities is the first priority. Contractors can expect delays in conducting business within the facility and/or its grounds. “Contractor” is defined as: delivery personnel, couriers, or service providers. Prisoner counts, emergencies of any type, prisoner movement, other deliveries, or other factors may delay or restrict contractor entry or movement within the perimeter. Security staff will facilitate contractors in conducting their business, but contractors must at all times respect security staff instructions. Contractors must follow all lawful instructions and directives of any staff member while on facility grounds. The State will at all times retain the exclusive right to restrict contractor access to the facility, or portions of the facility, for any reason.

Contractors must at all times have in their possession a valid Alaska Driver’s License or State provided identification card and be prepared to provide it to any staff whenever requested. Contractors must never leave their tools or personal effects unattended or unsecured. Knives, cellular telephones, toxic/hazardous chemicals, alcohol, tobacco, drugs and paraphernalia, weapons of any kind, and explosives are prohibited at all times. All other items (i.e. tools, repair parts, cameras, paperwork, boxes) entering the facility are subject to inspection and must be approved by security staff. Contractor tools and other items may be inventoried upon entering and exiting the facility. Giving prisoners access to driver’s licenses, credit cards, telephone numbers, family pictures, etc. is a breach of security. Contractors must fully cooperate with facility staff to prevent escape, sabotage, assault, any disturbance, or the importation of contraband. There is no confidentiality when it comes to security at one of the correctional facilities. Information regarding impending riots, escape plans, assaults, and other such matters that come to you in what would otherwise be considered a confidential exchange must be passed on to security staff immediately. To withhold information such as this could endanger you and others as well as lead to criminal charges. Nothing within this section limits a specific facility’s superintendent or security staff member from modifying or imposing alternate security requirements for contractors and their staff.

Security Check:

All personnel (both contractor and Subcontractors) will be required to undergo a security check prior to commencement of work. A mandatory security briefing will be provided to the contractor staff prior to start of on-site work.

1. The contractor will complete a Request for Clearance form to submit to the facility security staff for review at least 48 hours prior to commencement of work. The form requires the following information from each person working on site:
 - a. Full name.
 - b. Residence address.
 - c. Telephone Number.
 - d. Date of birth.
 - e. Social Security Number.
 - f. Valid driver's license and state of issue, or other photo identification bearing social security number.
 - g. The names of any relatives, friends or acquaintances that are currently incarcerated within the facility.
2. The security check will look for recent or frequent past convictions or for outstanding warrants. Security staff reserve the right to disqualify anyone from access to the work site. A past conviction will not automatically disqualify.
3. Once a Request for Clearance has been approved and is on file it is not necessary for the contractor to complete a new form each time they request to enter the facility grounds.

Personnel Access:

1. Access to the work site, which is within a correctional facility, will be monitored and controlled by the Department of Corrections in order to prevent importation of contraband and escape of inmates. At no time will contractor staff enter areas of the facility that are off-limits to them, nor drive vehicles along the perimeter fence or other unauthorized areas unless directed to do so by security staff.
2. Contractor staff will report to the visitor's reception area at the beginning of each shift to obtain their identification badge or visitor's badge and sign in on the contractor's log. At the end of each shift, contractor staff will return their badges to this area and sign out of the contractor's log. If workers leave the compound at lunch, they will all leave at the same time. Contractors should encourage their staff to bring a lunch and to eat within the designated work area or cafeteria.
3. Contractors, Subcontractors, Employees may be denied access or be removed from the facility for the following reasons:
 - a. Contractors or workers that are incompetent, careless or otherwise detrimental to the work or the security of the facility.
 - b. Security requirements.
 - c. Disruptive, abrasive, and/or argumentative conduct.

- d. Being under the influence of Alcohol, Drugs and/or any substance that is considered contraband by the Facility (including use of Tobacco Products).
- e. Refusal to submit to search of personal property/belongings or themselves.
- f. Health problems.
- g. Failure to show proper identification.
- h. Failure to follow the direction of Correctional Officers and/or staff members.
- i. Having any unauthorized contact or interaction with inmates.
- j. Failure to pass security check.
- k. Failure to secure tools and work areas. (If no personnel are physically present in the work area, the work area and/or tools must be secured prior to leaving the area.)

Vehicle Access:

1. No privately owned vehicles may enter inside the security fence without approval of the DOC on-site security staff member. Contractor vehicles can be parked in the employee/visitor parking lot outside the security fence and must be locked at all times.
2. Authorized work vehicles, i.e. job site trailers and trucks may be left inside the fence in a location IF they can be secured **and** upon the approval of security staff.
3. Privately owned and/or contractor vehicles are prohibited from entering unauthorized areas unless directed to do so by security staff.

Tool Control:

1. Do not leave prisoner-accessible work areas unattended without first removing or securing all tools and objects which would be considered contraband.
2. At the end of each workday, remove all tools and equipment from inmate-accessible work areas and store them within locked cabinets, locked containers, or locked storage trailers.
3. Maintain written inventory of tools and equipment daily. Tools and equipment which cannot be accounted for at the end of each workday shall be brought to the immediate attention of a security staff member.

Contraband:

The mailing, bartering, introducing, exchanging or buying of items between inmates and contractors or their employees is strictly prohibited without the written consent of the Superintendent of the facility. The following quotes are from Alaska Statutes and are provided so as to inform the contractor.

In case of error in the extension of prices in the bid, the unit prices will govern; in a lot bid, the lot prices will govern.

SEC. 4.13 METHOD OF AWARD

Award will be made to the lowest responsive and responsible bidder. To be considered responsive, bidders must bid on all items.

SEC. 4.14 CONTRACTOR SELECTION PROCESS

Once the contracts are established this selection process will be used. When the state needs to order the product or service, the lowest priced contractor for that location will be contacted first. If, for any reason, the lowest contractor is not available to perform the needed service, the state will contact the next lowest priced contractor for that location. This process will continue until a contractor who can perform the service is located. The location of the contractor initially contacted will be determined by the starting location of the call-out. For example, if there was a need to transport a person from Anchorage to Fairbanks and then guard the person for two days in Fairbanks, the agency would contact Anchorage contractors, even though a substantial portion of the actual service would be performed in Fairbanks.

SEC. 4.15 NOTICE OF INTENT TO AWARD

After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. A copy of the Notice of Intent will be sent to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the procurement officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the procurement officer does so without a contract and at their own risk.

SECTION 5. GENERAL PROCESS AND LEGAL INFORMATION

SEC. 5.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the procurement officer. If performed, the scope of the debriefing will be limited to the products provided or work performed by the contractor.

SEC. 5.06 SPECIFICATIONS

Unless otherwise specified in this ITB, product brand names or model numbers specified in this ITB are examples of the type and quality of product required and are not statements of preference. If the specifications describing an item conflict with a brand name or model number describing the item, the specifications govern. Reference to brand name or number does not preclude an offer of a comparable or better product, if full specifications and descriptive literature are provided for the product. Failure to provide such specifications and descriptive literature may be cause for rejection of the offer.

SEC. 5.07 ITEM UPGRADES

The state reserves the right to accept upgrades to models on the basic contract when the upgrades improve the way the equipment operates or improve the accuracy of the equipment. Such upgraded items must be at the same price as the items in the basic contract.

Individuals designated by the procurement officer at the state's expense will make site inspection.

SEC. 5.10 ORDER DOCUMENTS

Except as specifically allowed under this ITB, an ordering agency will not sign any vendor contract. The state is not bound by a vendor contract signed by a person who is not specifically authorized to sign for the state under this ITB. Unless otherwise specified in this ITB, the State of Alaska Purchase Order, Contract Award and Delivery Order are the only order documents that may be used to place orders against the contract(s) resulting from this ITB.

SEC. 5.11 HUMAN TRAFFICKING

By signature on their bid, the bidder certifies that the bidder is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <http://www.state.gov/j/tip/>

Failure to comply with this requirement will cause the state to reject the bid as non-responsive or cancel the contract.

SEC. 5.12 RIGHT OF REJECTION

Bidders must comply with all the terms of the ITB, the State Procurement Code (AS 36.30), and all applicable local, state, and federal laws, codes, and regulations. The procurement officer may reject any bid that does not comply with all the material and substantial terms, conditions, and performance requirements of the ITB.

Bidders may not qualify the bid nor restrict the rights of the state. If a bidder does so, the procurement officer may determine the bid to be a non-responsive counteroffer and the bid may be rejected.

Minor informalities that:

- do not affect responsiveness,
- are merely a matter of form or format,
- do not change the relative standing or otherwise prejudice other bidders,
- do not change the meaning or scope of the ITB,
- are trivial, negligible, or immaterial in nature,
- do not reflect a material change in the work, or
- do not constitute a substantial reservation against a requirement or provision,

may be waived by the procurement officer.

The state reserves the right to refrain from making an award if it is determined to be in the state's best interest.

A bid from a debarred or suspended bidder shall be rejected.

SEC. 5.13 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The state will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any bid.

SEC. 5.14 DISCLOSURE OF BID CONTENTS

This section governs the ownership, return, and disclosure of any offer or other record a bidder submits in response to this invitation to bid. (Herein, any reference to "Record" includes all such records and the offer; any

reference to “Law” includes any federal or State of Alaska (State) law, including any court or administrative order or rule.)

1. All Records belong to the State.
2. The State has sole discretion regarding whether to return any Record. In exercising this discretion, the State will comply with all Laws.
3. Unless a notice of intent to award is issued, the State will, to the extent permitted by Law, consider all Records confidential and not subject to the Alaska Public Records Act (APRA).
4. If, and when a notice of intent to award is issued, the State will consider nonconfidential any Record unless, at the time of submission, the bidder undertook the following protective measures:
 - a. marked information confidential;
 - b. for any information marked confidential, identified the authority that makes that specific information confidential; and
 - c. committed, in writing, to explain in detail, including with affidavits and briefs, why each authority applies in any court or administrative proceeding in which any nondisclosure is challenged.
5. If the bidder did not undertake each protective measure, the State will not consider any information in a Record confidential: the State will disclose the entire Record without any redaction in response to an APRA or other request or, if it chooses, in the absence of a request and the State will disclose the entire Record without notifying the bidder.
6. If the bidder undertook each protective measure, the State will withhold the information marked confidential to the following extent:
 - a. the State agrees that the Law protects the information; and
 - b. if the nondisclosure is challenged, the bidder fulfills its commitment to explain, including with affidavits and briefs, how each authority applies to the information marked confidential.
7. The State will only notify a bidder of a request for the Record and of a planned release if the bidder undertook each protective measure, but the State disagrees that the marked information is protected. If there is such a disagreement, then before releasing the Record, the State will, to the extent permitted by Law and practicable, notify the bidder that it will disclose the information unless the bidder convinces the State not to or obtains an order prohibiting disclosure.

SEC. 5.15 ASSIGNMENTS

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer. Bids that are conditioned upon the state’s approval of an assignment will be rejected as non-responsive.

SEC. 5.16 FORCE MAJEURE (IMPOSSIBILITY TO PERFORM)

The parties to a contract resulting from this ITB are not liable for the consequences of any failure to perform, or default in performing, any of its obligations under the contract, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party.

For the purposes of this ITB, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

SEC. 5.17 DEFAULT

In case of default by the contractor, for any reason whatsoever, the state may procure the goods or services from another source and hold the contractor responsible for any resulting excess cost and may seek other remedies under law or equity.

SEC. 5.18 DISPUTES

If the contractor has a claim arising in connection with the contract that it cannot resolve with the state by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632.

SEC. 5.19 SEVERABILITY

If any provision of the contract or agreement is found to be invalid or declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

SEC. 5.20 CONTRACT CANCELLATION

- 1) The state reserves the right to cancel the contract at its convenience upon 20 calendar days written notice to the contractor. The state is only liable for payment in accordance with the payment provisions of this contract for supplies or services provide before the effective date termination.
- 2) By signature on their bid, the bidder certifies that they will not support or participate in a boycott of the State of Israel. Failure to comply with this requirement may cause the state to reject the bid as non-responsive or cancel the contract.

SEC. 5.21 GOVERNING LAW; FORUM SELECTION

A contract resulting from this ITB is governed by the laws of the State of Alaska. To the extent not otherwise governed by Section 5.15 of this ITB, any claim concerning the contract shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

SEC. 5.22 QUALIFIED BIDDERS

Per 2 AAC 12.875, unless provided for otherwise in the ITB, to qualify as a bidder for award of a contract issued under AS 36.30, the bidder must:

- 1) Add value in the contract by actually performing, controlling, managing, or supervising the services to be provided; or
- 2) Be in the business of selling and have actually sold on a regular basis the supplies that are the subject of the ITB.

If the bidder leases services or supplies or acts as a broker or agency in providing the services or supplies to meet these requirements, the procurement officer may not accept the bidder as a qualified bidder under AS 36.30.

SEC. 5.23 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contract price and shall take appropriate action as directed by the procurement officer.
- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract.
 - b) The contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal excise tax or duty for goods or services under the contract, except social security or other employment [taxes](#), that the contractor is required to pay or bear, or does not obtain a refund of, through the contractor's fault, negligence, or failure to follow instructions of the procurement officer.
- **State's Ability to Make Changes:** The state reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
- **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.

SEC. 5.24 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the ITB.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or bidder whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of bids.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If a bidder wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a bid to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester,
- the signature of the protester or the protester's representative,
- identification of the contracting agency and the solicitation or contract at issue,
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents, and
- the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All bidders will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."
