DHSEM Hazard Mitigation Playing Cards

Question 1: Card Trim Size?

Answer: The required card trim size is standard poker size, 2.5 inches wide by 3.5 inches long. Vendors must quote the same card trim size for both deck types.

Question 2: Card Stock?

Answer: Vendors must provide standard playing card stock suitable for commercially printed playing cards, public outreach distribution, and repeated handling. Stock comparable to standard promotional, smooth, or playing card stock is acceptable.

Question 3: Card Count? Is the count the same for both decks?

Answer: Each deck must include 52 cards. The card count is the same for both deck types.

Question 4: Varnish or lamination for cards?

Answer: Cards must have varnish.

Question 5: Gloss or Matte for Tuck Box?

Answer: Gloss or matte finish is acceptable for the tuck box. Vendors should quote the lowest-cost option that otherwise meets the RFQ requirements.

Question 6: Varnish or lamination for tuck box?

Answer: The tuck must have varnish.

Question 7: Electronic proofing only or added hard copy proofs?

Answer: Electronic proofing is required. Hard copy proofs are not required.
