**Question 1.**

I have a question concerning lot 1 (b) Mcgrath 20 Tons.

Based on the current Bid Schedule and contract award time frame after the product arrives in Bethel in Late August there will not be a carrier that will be available to deliver up the river to Mcgrath. This is due to the bid being awarded so late. The only option would be to fly the Product into Mcgrath which would be very expensive. We can get the product to Bethel but can't guarantee delivery to Mcgrath. We can quote the product FOB Bethel for this lot if that is possible.

**Answer 1.**

No, the F.O.B. destination for this lot is Mcgrath.
