Re: 5 AAC 95.011: *Department of Fish and Game – Updates to Atlas and
Catalog of Waters Important to Anadromous Fishes*
Our file: 2026200050

Dear Lieutenant Governor Dahlstrom:

The Department of Law has reviewed the attached regulations of the Department of Fish and Game against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This letter constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations. The regulations were adopted by the Department of Fish and Game after the close of the public comment period.

The regulations concern adoption by reference of the June 2026 editions of the *Atlas to the Catalog of Waters Important for the Spawning, Rearing, or Migration of Anadromous Fishes* and *Catalog of Waters Important for Spawning, Rearing, or Migration of Anadromous Fishes*.

The May 13, 2026 public notice and the June 24, 2026 adoption order both state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.060 is not required.

No technical corrections were necessary to conform the regulations in accordance with AS 44.62.060.

Sincerely,

CORI MILLS
